RULES OF HEDGESTREET, INC.

INTRODUCTION

The Commodity Exchange Act (“CEA”) requires that HedgeStreet and other contract markets and derivatives clearing organizations adopt rules governing the way they conduct their business. Those rules generally must be filed with the Commodity Futures Trading Commission (“Commission”) and generally cannot be amended without giving notice to the Commission, which can reject proposed rules and proposed amendments to existing rules. The following rules are the rules of HedgeStreet (“Rules”) that inform you of how the HedgeStreet market (the “Market”) operates and of your rights and obligations as a Member of the Market. Please remember that these Rules may be amended in the future, and if they are amended, Members will be required to abide by the Rules as amended. HedgeStreet will notify all Members any time there is an amendment to the Rules.

CHAPTER 1 DEFINITIONS

RULE 1.1 DEFINITIONS.

When used in these Rules:

(a) **“Authorized Trader”** means an individual or individuals employed by a Member who is authorized by that Member to have direct access to HedgeStreet, provided the Member maintains supervisory authority over such individual(s) trading activities.

(b) **“Cap”** means the maximum rate, level, amount, measure or other value of the Underlying of a Variable Payout Hedgelet Contract or Variable Payout *i*Hedgelet Contract that may be the Expiration Value or the Closing Trade Value. If the actual rate, level, amount, measure, or other value of the Underlying meets or exceeds the Cap on the Expiration Date, the Cap will be the Expiration Value.

(c) **“Class”** means all Hedgelets or *i*Hedgelets of the same Type with the same Underlying.

(d) **“Clearing Corporation” (“CCorp”)** means the derivatives clearing organization designated by HedgeStreet, to clear transactions effected by Clearing Members on the Market.

(e) **“Clearing Member”** means any Member that is also a CCorp Participant of the Clearing Corporation authorized to clear and settle *i*Hedgelets executed on the Market.

(f) **“CCorp Participant”** means a Person that has been approved by the Clearing Corporation to clear and settle “exchange contracts” traded on an “exchange market”, as both terms are defined pursuant to the rules of the Clearing Corporation, but not a member of HedgeStreet.

(g) **”Closing Trade Value”** means the rate, level, amount, measure, or other value of the Underlying of a Variable Payout Hedgelet Contract or Variable Payout *i*Hedgelet Contract at which the Contract or *i*Hedgelet is closed in a Member’s account.

(h) **“Customer”** has the meaning set forth in Commission Regulation 1.3(k).

(i) **“Dollar Multiplier”** means the monetary amount by which the rate, level, amount, measure, or other value of an Underlying of a Variable Payout Hedgelet Contract or Variable Payout *i*Hedgelet Contract is multiplied to determine the Settlement Value.

(j) **“Eligible Contract Participant”** has the meaning set forth in CEA Section 1(a)(12).

(k) **“Expiration” or “Expiration Date”** means the date established by these Rules on which the Expiration Value of each Hedgelet Contract or *i*Hedgelet Contract is determined.

(l) **“Expiration Value”** means the rate, level, amount, measure, or other value of the Underlying at Expiration.

(m) **“Financial Institution”** means a financial institution as that term is defined in 31 CFR 103.11(n) that is required to comply with the regulations issued by the United States Department of Treasury under the Bank Secrecy Act including, but not limited to, the anti-money laundering program and customer identification program rules.

(n) **“Fixed Payout *i*Hedgelet”** means the right to receive a fixed Settlement Value, not to exceed \$10,000 per contract, from the Clearing Corporation on the Settlement Date dependent upon whether you are holding a long position or short position in a Fixed Payout *i*Hedgelet. If you are holding a long position in a Fixed Payout *i*Hedgelet, you have the right to receive a fixed Settlement Value from the Clearing Corporation on the Settlement Date, if, and only if, the Fixed Payout *i*Hedgelet’s Payout Criteria encompasses the Expiration Value at Expiration. Conversely, if you are holding a short position in a Fixed Payout *i*Hedgelet, you have the right to receive a fixed Settlement Value if, and only if, the Fixed Payout *i*Hedgelet’s Payout Criteria does NOT encompass the Expiration Value at Expiration. A Fixed Payout *i*Hedgelet Contract is distinguishable from a Fixed Payout Hedgelet Contract not only on its notional size but also in that Fixed Payout *i*Hedgelet Contracts may be traded only by Clearing Members and cleared and settled only by the Clearing Corporation, whereas Fixed Payout Hedgelet Contracts may be traded by any Member and are cleared and settled by HedgeStreet.

(o) **“Fixed Payout Hedgelet Contract”** means the right to receive \$10 from HedgeStreet on the Settlement Date if, and only if, the Hedgelet Contract’s Payout Criterion encompasses the Expiration Value at Expiration.

(p) **“Floor”** means the minimum rate, level, amount, measure, or other value of the Underlying of a Variable Payout Hedgelet Contract or Variable Payout *i*Hedgelet Contract that may be the Expiration Value or the Closing Trade Value. If the actual rate, level, amount, measure or other value of the Underlying meets or falls below the Floor on the Expiration Date, the Floor will be the Expiration Value.

(q) **“Hedgelet Contract,” “Hedgelet,” or “Contract”** means a Fixed Payout Hedgelet Contract or a Variable Payout Hedgelet Contract.

(r) **“Hedgelet Pair” or “Pair”** means two Fixed Payout Hedgelet Contracts representing all mutually exclusive, collectively exhaustive Payout Criteria.

(s) **“iHedgelet Contract,” “iHedgelet” or “Contract”** means a Fixed Payout iHedgelet Contract or a Variable Payout iHedgelet Contract that may only be traded by Clearing Members and cleared and settled by the Clearing Corporation..

(t) **”Last Trading Day”** means the last date on which a Member may trade a Contract or iHedgelet on the Market.

(u) **“Long Variable Payout Hedgelet Contract”** means (i) the right to receive at the time the Contract is closed or on the Settlement Date any positive number resulting from subtracting the Opening Trade Value from (A) the Closing Trade Value, if the Variable Payout Hedgelet Contract was closed by an offsetting transaction before Expiration, or (B) the Expiration Value, if the Variable Payout Hedgelet Contract was held to Expiration, and then multiplying the resulting figure by the Dollar Multiplier and (ii) the obligation to pay at the time the contract is closed or on the Settlement Date any positive number resulting from subtracting from the Opening Trade Value (A) the Closing Trade Value, if the Variable Payout Hedgelet Contract was closed by an offsetting transaction before Expiration, or (B) the Expiration Value, if the Variable Payout Hedgelet Contract was held to Expiration, and then multiplying the resulting figure by the Dollar Multiplier.

(v) **“Market Maker”** means a Member that is granted the privileges in exchange for assuming certain responsibilities as set forth in Chapter 4 of these Rules for the purpose of creating liquidity for certain Classes of Contracts or iHedgelets.

(w) **“Member”** means a Person which has been approved by HedgeStreet as a Clearing Member or a Non-Clearing Member to trade on the Market and which is bound by these Rules as they may be amended from time to time.

(x) **“Membership Agreement”** means the agreement between the Member and HedgeStreet authorizing the Member to trade on or otherwise provide access to HedgeStreet. The Member must acknowledge and agree to be bound by all of the terms and conditions contained in the Membership Agreement, including, but not limited to the HedgeStreet Rules and any other documentation HedgeStreet may require.

(y) **“Non-Clearing Member”** means a Member other than a Clearing Member.

(z) **“Person”** means an individual, sole proprietorship, corporation, limited liability company, partnership, trust, or any other entity.

(aa) **“Opening Trade Value”** means the rate, level, amount, measure, or other value of the Underlying of a Variable Payout Hedgelet Contract or Variable Payout iHedgelet at which the Contract or iHedgelet is opened in a Member’s account.

(bb) **“Payout Criterion”** of a Hedgelet Contract or *iHedgelet* Contract means the Expiration Value or range of Expiration Values that will cause that Hedgelet Contract or *iHedgelet* Contract to be “in-the-money.”

(cc) **“Redemption” or “Selling Both”** means selling a Hedgelet Pair to HedgeStreet for \$10 less any Redemption fees specified elsewhere in these Rules or on the HedgeStreet website.

(dd) **“Regulatory Agency”** means any government body, including the Commission and Securities and Exchange Commission, and any organization, whether domestic or foreign, granted authority under statutory or regulatory provisions to regulate its own activities and the activities of its members, and includes HedgeStreet, any other clearing organization or contract market, any national securities exchange or clearing agency, the National Futures Association (“NFA”) and the National Association of Securities Dealers (“NASD”).

(ee) **“Series”** means all Hedgelets or *iHedgelets* of the same Class having identical terms, including Payout Criterion and Expiration Date.

(ff) **“Settlement Date”** means the date on which money is paid to the account of a Member who has the right to receive money pursuant to a Fixed Payout Hedgelet or *iHedgelet* Contract or a Variable Payout Hedgelet or *iHedgelet* Contract held until Expiration, and on which money is paid from the account of a Member who is obligated to pay money pursuant to a Variable Payout Hedgelet Contract held until Expiration. Unless otherwise specified in these Rules, the Settlement Date is the same day as the Expiration Date.

(gg) **“Settlement Value”** means the amount paid to the accounts of holders of in-the-money Contracts or *iHedgelets*. The Settlement Value of a Fixed Payout Hedgelet Contract is \$10. The Settlement Value of a Variable Payout Hedgelet Contract is determined as described in the definition for Long and Short Variable Payout Hedgelet Contracts. The Settlement Value of *iHedgelets* will be determined by the Clearing Corporation in accordance with its rules.

(hh) **“Short Variable Payout Hedgelet Contract”** means (i) the right to receive at the time the Contract is closed or on the Settlement Date any positive number resulting from subtracting from the Opening Trade Value (A) the Closing Trade Value, if the Variable Payout Hedgelet Contract was closed by an offsetting transaction before Expiration, or (B) the Expiration Value, if the Variable Payout Hedgelet Contract was held to Expiration, and then multiplying the resulting figure by the Dollar Multiplier and (ii) the obligation to pay at the time the Contract is closed or on the Settlement Date any positive number resulting from subtracting the Opening Trade Value from (A) the Closing Trade Value, if the Variable Payout Hedgelet Contract was closed by an offsetting transaction before Expiration, or (B) the Expiration Value, if the Variable Payout Hedgelet Contract was held to Expiration, then multiplying the resulting figure by the Dollar Multiplier.

(ii) **“Source Agency”** means the agency that publishes the Underlying economic indicator and/or Expiration Value for any Hedgelet Contract or *iHedgelet*.

(jj) **“Speculative Position Limits,” or “Position Limit”** means the maximum position, either net long or net short, in one Series or a combination of various Series of a particular Class

(mm) **“Underlying”** means the index, rate, risk, measure, instrument, differential, indicator, value, contingency, occurrence, or extent of an occurrence the Expiration Value of which determines whether (and, in the case of a Variable Payout Hedgelet Contract or *iHedgelet*, to what extent) a Hedgelet Contract or *iHedgelet* is in-the-money.

(nn) **“Variable Payout Hedgelet Contract”** means a Long Variable Payout Hedgelet Contract and/or a Short Variable Payout Hedgelet Contract that may be traded by any Member and is cleared and settled by HedgeStreet.

(oo) **“Variable Payout *iHedgelet* Contract”** means a Short Variable Payout Hedgelet and/or a Long Variable Payout Hedgelet that may be traded only by Clearing Members and is cleared and settled by the Clearing Corporation.

CHAPTER 2 MARKET GOVERNANCE

RULE 2.1 POWERS OF HEDGESTREET’S BOARD OF DIRECTORS

The board of directors of HedgeStreet has the power to manage and direct HedgeStreet including but not limited to the power to define groups of people who may access the secure portions of HedgeStreet’s website, the power to amend, adopt, or repeal these Rules, and the power to oversee the business conduct of Members and impose penalties for violation of these Rules.

RULE 2.2 RESTRICTIONS ON WHO MAY BE MEMBERS OF THE BOARD, MEMBERS OF DISCIPLINARY COMMITTEES, MEMBERS OF ARBITRATION OR OVERSIGHT PANELS, OR TEN PERCENT OR GREATER OWNERS

Commission Regulation 1.63 prohibits certain individuals who have been charged with, or have been found to have committed, disciplinary offenses (as defined in that section) within the past three years from serving on the HedgeStreet board of directors or any disciplinary committee of HedgeStreet. HedgeStreet will not permit any individual subject to disqualification under Commission Regulation 1.63(b) from serving on its board of directors, any of its disciplinary committees (including serving as compliance officer or hearing officer), oversight panels, or arbitration panels. Additionally, HedgeStreet will not permit any individual subject to disqualification under Commission Regulation 1.63(b) to own 10% or more of HedgeStreet or to serve as a HedgeStreet hearing officer. An amended version of Commission Regulation 1.63 is a Rule of HedgeStreet and is included for your information in Chapter 11 of these Rules.

RULE 2.3 OFFICERS OF HEDGESTREET

(a) HedgeStreet has a seven member board of directors elected by a majority vote of all shareholders of HedgeStreet. Each director serves a two year term.

(b) HedgeStreet has a chief executive officer, president, secretary, and treasurer. These officers are appointed and may be dismissed (with or without cause) by majority vote of the board of directors or the shareholders.

(c) The chief executive officer of HedgeStreet must be a member of the board of directors. In the absence of the chairman, the chief executive officer will perform the chairman's duties. In the event of a disagreement between the chief executive officer and the board or the chairman of the board as to an exchange matter, the chairman and/or board shall control.

(d) Subject to the direction of the board of directors and the chief executive officer, the president will manage the day-to-day business of the exchange and is the chief operating officer of the exchange. In the absence of the chief executive officer, the president will perform the chief executive officer's duties.

(e) The treasurer of HedgeStreet will be responsible for all funds and stock of HedgeStreet and in general perform all duties incident to the office of treasurer and such other duties as from time to time may be assigned by the chief executive officer or the board of directors.

(f) The secretary of HedgeStreet will keep the minutes of the meetings of the board and in general perform all duties incident to the office of secretary and such other duties as from time to time may be assigned by the chief executive officer or the board of directors.

RULE 2.4 EMERGENCY RULES

(a) HedgeStreet may adopt emergency Rules in response to the emergencies that are described in paragraph (c) of this Rule. In the event of one of those emergencies, the board of directors may, without giving prior notice to, or securing prior approval from, the Commission, adopt a temporary emergency rule to address the emergency. Adoption of a temporary emergency rule requires the affirmative vote of two-thirds of the members of the board at a meeting of the board at which a quorum is present. HedgeStreet may count a member of the board of directors who abstains from voting on a temporary emergency rule to determine whether a quorum exists.

(b) Any temporary emergency rule adopted under this Rule may authorize HedgeStreet to act as the board of directors deems necessary or appropriate to meet the emergency, and those actions may adversely affect your ability to trade on the Market. Therefore, the chance of an emergency is one of the risks you should consider when deciding whether to trade on the Market.

(c) For the purposes of this Rule, an "emergency" is:

(i) any activity that manipulates or attempts to manipulate the Market;

(ii) any actual, attempted, or threatened corner, squeeze, or undue concentration of positions;

(iii) any circumstance that may materially affect the performance of the Hedgelet Pairs originated by, or the Contracts or *iHedgelet* traded on, HedgeStreet;

(iv) any action taken by the United States, any foreign government, any state or local governmental body, any other contract market or board of trade, or any other exchange, market, facility, or trade association (foreign or domestic) that may have a direct impact on trading on HedgeStreet;

(v) any circumstances that may have a severe, adverse impact upon the physical functions of HedgeStreet including, for example, natural disasters such as fire or flood, terrorist acts such as bomb threats, physical plant breakdowns such as plumbing, heating, or air conditioning problems, system breakdowns such as power, telephony, cable, trading systems, or computer systems failures or interruptions to communications, the network, or the Internet;

(vi) the imposition of any injunction or other restraint by any government agency, court, or arbitrator that may affect the ability of a Member to perform on Contracts;

(vii) any circumstance in which it appears that a HedgeStreet Member or any other person is in such operational condition, or is conducting business in such a manner, that such person cannot be permitted to continue in business without jeopardizing the safety of HedgeStreet Members or HedgeStreet itself; and

(viii) any other unusual, unforeseeable, and adverse circumstance which, in the opinion of the governing board, requires immediate action and threatens or may threaten such things as the fair and orderly trading in, or the liquidation of or delivery pursuant to, Hedgelet Pairs, *iHedgelets* or Contracts traded on HedgeStreet.

(d) If deemed necessary to combat perceived market threats caused by an emergency, a HedgeStreet official authorized to do so may suspend trading on the Market during the duration of the emergency or take any other action that the official thinks is necessary or appropriate. The official will order an end to the action taken in response to the emergency as soon as the official determines that the emergency has sufficiently abated to permit the Market to function properly.

(e) HedgeStreet will make every effort practicable to notify the Director of the Division of Market Oversight, his delegates, and/or other persons designated by the Commission's Regulations that HedgeStreet intends to implement, modify, or terminate a temporary emergency rule pursuant to Rule 2.4(a) or an action in response to an emergency pursuant to Rule 2.4(d) prior to the implementation, modification, or termination of the rule or action. If it is not possible to notify the Commission prior to the implementation, modification, or termination of the rule or action, HedgeStreet will notify the Commission of the implementation, modification, or termination of the rule or action at the earliest possible time, and in no event more than 24 hours after implementation, modification, or termination.

(f) Any time that HedgeStreet takes action in response to an emergency, either under Rule 2.4(a) or Rule 2.4(d), HedgeStreet will document its decision-making process and reasons for taking emergency action.

RULE 2.5 COMMITTEES AND SUBCOMMITTEES

(a) The HedgeStreet board of directors may create, appoint members of the board to serve on, and delegate powers to, committees and subcommittees.

(b) A majority of any committee or subcommittee will constitute a quorum, and a majority of a quorum is necessary for committee or subcommittee action. A committee or subcommittee may act by unanimous consent in writing, including by electronic mail, without a meeting.

RULE 2.6 VOTING BY INTERESTED BOARD MEMBERS

Commission regulations governing contract markets, such as HedgeStreet, exempt those markets from Commission Regulation 1.69. However, Core Principle 15 of Section 5(d) of the CEA requires that contract markets have adequate procedures to prevent conflicts of interest. Therefore, HedgeStreet has adopted an amended version of Commission Regulation 1.69 as a Rule of HedgeStreet. Commission Regulation 1.69 prohibits a member of the HedgeStreet board of directors or any disciplinary or oversight committee or subcommittee from taking part in any deliberations or voting on any matter in which the board, committee, or subcommittee member has an interest or has a relationship with a named party in interest. Regulation 1.69 also requires disclosure by board, committee, or subcommittee members of interests and relationships in certain circumstances. HedgeStreet board, committee, and subcommittee members shall not deliberate or vote on any matter in which the board, committee, or subcommittee member has an interest or has a relationship with a named party in interest and shall disclose such interests in accordance with Regulation 1.69. Regulation 1.69 as amended to be made applicable to HedgeStreet is a Rule of HedgeStreet and is included in Chapter 11 of these Rules.

RULE 2.7 INDEMNIFICATION OF DIRECTORS, OFFICERS, AND OTHERS

HedgeStreet will indemnify to the full extent authorized by law any person who was or is a party or is threatened to be made a party to any threatened, pending, or completed action, suit, or proceeding, whether civil, criminal, administrative, or investigative in nature, by reason of the fact that such person is or was a director, officer, employee, or agent of HedgeStreet or is or was serving at the request of HedgeStreet as a director, officer, employee, or agent of HedgeStreet against expenses, including attorneys' fees, judgments, fines, and amounts paid in connection with such action, suit, or proceeding. Such indemnification shall not be deemed exclusive of any other rights to which a person may be entitled under any agreement or as a matter of law or otherwise. HedgeStreet may purchase and maintain insurance on behalf of any person who is or was a director, officer, employee, or agent of HedgeStreet against any liability asserted against such person and incurred by such person in any such capacity, or arising out of such person's status as such, whether or not HedgeStreet would have the power to indemnify such person against such liability under the provisions of this Rule. However, no person shall be indemnified from liability for fraud, bad faith, willful misconduct, or gross negligence. Further, no person

shall be indemnified against a civil penalty imposed by the Commission under Section 6b of the CEA.

RULE 2.8 PROHIBITION ON USE OF MATERIAL, NON-PUBLIC INFORMATION

(a) Commission Regulation 1.59 prohibits employees and members of the board of directors of HedgeStreet from using or disclosing material, non-public information gained through their employment or board service in certain circumstances. This Rule prohibits the use and disclosure forbidden by Commission Regulation 1.59. As amended, a form of Regulation 1.59 is a Rule of HedgeStreet and is set forth in Chapter 11 of these Rules for your information.

(ii) maintain two-sided displayed quotes at a predefined spread (“Spread”) for a Series of Contracts for a certain period of time throughout the trading day. In ordinary market conditions, quotes must be made within a maximum Spread. This Spread will be set at the time a Series is opened for trading and will be set in accordance with the maximum loss a Market Maker may incur by quoting within the Spread. In fast market conditions, Market Makers will be permitted to widen their Spreads to a level that will be set at the time a Series is opened for trading.

(b) A Market Maker has a continuous obligation to engage, to a reasonable degree under the existing circumstances, in dealings for the account of the Market Maker when there exists, or it is reasonably anticipated that there will exist, a lack of price continuity or a temporary disparity between the supply of and demand for quotations in a Series of a Designated Class to which the Market Maker is appointed. You will be required to enter the ID and password to log onto and access secure portions of the HedgeStreet website. (b) As a Member, you will be able to access the Market, execute trades, and otherwise access information regarding, or perform functions in, your account using your ID and unique password.

(d) You will be responsible for protecting your ID and password from improper disclosure, and you may not knowingly or negligently permit any person not authorized by HedgeStreet and by you to use your ID and password to access the secure portion of the HedgeStreet website. You are required to immediately notify HedgeStreet if you know, or if you have reason to believe, that your ID and/or password have been disclosed to any person not authorized by HedgeStreet and you to use your ID and/or password. You will have reason to believe that your ID and/or password have been disclosed to an unauthorized person 12 hours after a trade is executed by that person in your account

No communication from you will be deemed to have been received by HedgeStreet until that communication is logged by the HedgeStreet server.

RULE 5.3 SUBSCRIPTION FOR AND REDEMPTION OF FIXED PAYOUT HEDGELET PAIRS BY NON-CLEARING MEMBERS

(a) You will be able to Subscribe for Fixed Payout Hedgelet Pairs from HedgeStreet for \$10.00. Each Hedgelet Pair will contain Fixed Payout Hedgelet Contracts representing all possible, mutually exclusive movements in the Underlying for the Hedgelet Pair. (Variable Payout Hedgelet Contracts are not sold in Hedgelet Pairs and therefore are not subject to Subscription and Redemption.)

(b) After logging onto the secure portion of the HedgeStreet website, you will input your Hedgelet Pair Subscription order. The Market will check your HedgeStreet account balance to determine whether you have sufficient available funds in your account to complete the order. If you do have enough available funds in your account to complete the order, HedgeStreet will debit your account in the amount necessary to pay for your Hedgelet Pair Subscription, credit that money to the HedgeStreet settlement account, and place into your account one of each of the Contracts that make up the Hedgelet Pair. If you do not have enough available funds in your account to complete the order, HedgeStreet will cancel your order.

(c) HedgeStreet will purchase Hedgelet Pairs you wish to Redeem for \$10 per Hedgelet Pair. To Redeem a Hedgelet Pair, you must have in your account each Fixed Payout Hedgelet Contract that makes up the Hedgelet Pair. You will input your Redemption order, and HedgeStreet will check your account to ensure that you have the appropriate number of Fixed Payout Hedgelet Contracts for the number of Hedgelet Pairs you wish to Redeem. If you do have the correct number of Fixed Payout Hedgelet Contracts, HedgeStreet will credit \$10 per Hedgelet Pair you Redeem to your account and delete from your account the Fixed Payout Hedgelet Contracts that make up the Hedgelet Pairs you have redeemed. If you do not have the correct number of Fixed Payout Hedgelet Contracts in your account for the number of Hedgelet Pairs you wish to Redeem, HedgeStreet will cancel your order.

RULE 5.4 TRADING NON-HEDGELET CONTRACTS

(a) You will be able to trade Fixed Payout Hedgelet Contracts on the Market by entering bids to purchase or offers to sell those Contracts and to trade Variable Payout Hedgelet Contracts by entering values or levels of the Underlying at which you are willing to open or close a Long Variable Payout Hedgelet Contract or a Short Variable Payout Hedgelet Contract. After logging

into the secure portion of the HedgeStreet website, you will input your orders into the HedgeStreet trading system.

(b) When your order is matched by an order from another Member(s);

(i) If your order is to sell one or more Fixed Payout Hedgelet Contracts for an account, HedgeStreet will check the account to ensure that it has the number of Contracts you are attempting to sell. If the account does not have the necessary Fixed Payout Hedgelet Contracts, HedgeStreet will cancel your order prior to trade execution. If the account does have the necessary Fixed Payout Hedgelet Contracts, HedgeStreet will execute the trade. Upon trade execution, HedgeStreet will: (1) debit the account buying and credit the account selling the Contract; (2) adjust the Contracts in the accounts in accordance with the matched trade; and (3) inform you by electronic mail that the trade has been executed.

(ii) If your order is to purchase one or more Fixed Payout Hedgelet Contracts, HedgeStreet will check the account to ensure you have the funds necessary to complete the purchase. If the account does not have the necessary funds, HedgeStreet will cancel your order prior to trade execution. If the account does have the necessary funds, HedgeStreet will execute the trade. Upon trade execution, HedgeStreet will: (1) debit the account buying and credit the account selling the Contract; (2) adjust the Contracts in the accounts in accordance with the matched trade; and (3) inform you by electronic mail that the trade has been executed

(iii) If your order is to enter into one or more Variable Payout Hedgelet Contracts for which the account does not have an offsetting position, HedgeStreet will check the account to ensure the account does have enough funds to cover the maximum loss under the Variable Payout Hedgelet Contract(s) you are attempting to enter into. If the account does not have the necessary funds, HedgeStreet will cancel your order prior to trade execution. If the account does have the necessary funds, HedgeStreet will execute the trade. Upon trade execution, HedgeStreet will: (1) debit the funds from the account in an amount necessary to cover the maximum loss, (2) credit those funds to the HedgeStreet settlement account, and (3) place the Variable Payout Hedgelet Contracts that were the subject of the order into the account and notify you by electronic mail that the trade has been executed. The maximum amount that can be lost under a Long Variable Payout Hedgelet Contract (and, therefore, the amount that will be debited from your account and then paid into the HedgeStreet settlement account) is determined by subtracting the Floor from the Opening Trade Value and then multiplying the resulting figure by the Dollar Multiplier. The maximum amount that you can lose under a Short Variable Payout Hedgelet Contract is determined by subtracting the Opening Trade Value from the Cap and then multiplying the resulting figure by the Dollar Multiplier.

(iv) If the transaction involves entering into one or more Variable Payout Hedgelet Contracts for which there is an offsetting position in the account (for example, entering into a Short Variable Payout Hedgelet Contract of a Series when there is a Long Variable Payout Hedgelet Contract of that same Series in the account), upon

execution of the trade HedgeStreet will: (1) close the offsetting position in the account; (2) debit the HedgeStreet settlement account in the amount of (A) any gains realized by the offsetting transaction; and (B) any funds that were debited from the account at the time the Variable Payout Hedgelet Contract(s) that is being closed was entered into and that were not also used to pay any losses on such Contract(s); (3) credit those amounts to your account; and (4) notify you by electronic mail that the trade has been executed.

(c) Notwithstanding anything to the contrary in Rule 5.4(b)(i), each Market Maker that is a Non-Clearing Member shall have the ability to enter sell orders on the market without having the Fixed Payout Hedgelet Contracts to be sold in its account at the time the order is matched with a buy order of another Member. When a Market Maker sell order is matched with a buy order from another Member, HedgeStreet will check the Market Maker's account to determine whether the Market Maker has the number of Contracts necessary to fill the sell order.

(i) If the Market Maker does have the necessary number of Contracts, HedgeStreet will execute the trade.

(ii) If the Market Maker does not have the necessary number of Contracts in its account to fill the sell order, HedgeStreet will check the Market Maker's account to determine if the account has sufficient funds to pay for the number of Hedgelet Pairs equal to the number of Contracts in the sell order, minus the sale price of the Contracts in the sell order, plus the fees (if any) the Market Maker will be charged for the Subscriptions and the execution of the sell order.

(1) If the Market Maker has the necessary funds, HedgeStreet will simultaneously Subscribe for the account of the Market Maker the number of Pairs containing the Contract to be sold equal to the number of Contracts to be sold, sell the Contracts to be sold, debit the Market Maker's account with the difference between the sale price and the cost of the Subscription, credit the sale price and the amount debited from the Market Maker's account to the HedgeStreet settlement account, debit the Market Maker's account with any fees and credit the fees to the HedgeStreet proprietary account, and credit the Market Maker's account with the Contracts in the Pair that were Subscribed for but not sold.

(i) For example, if the Market Maker's order is to sell 10 "Yes" Contracts for \$4, the Market Maker's account contains none of those Contracts but does contain \$70, and the cost to the Market Maker of executing the trade would be \$1.00, when the sell order is matched, HedgeStreet will for the account of the Market Maker Subscribe for 10 Pairs containing the "Yes" Contract, sell the 10 "Yes" Contracts for \$40, debit the Market Maker's account \$60, credit the \$100 from the proceeds of the sale and the debit to the Market Maker's account to the HedgeStreet settlement account as payment for the 10 Pairs, debit the Market Maker's account \$1 for the cost of the trade, credit that \$1 to the HedgeStreet proprietary account, and leave the 10 "No" Contracts that remain from the 10 Pairs Subscribed for in the Market Maker's account. This process is called "Subscription on Demand."

(2) If the Market Maker does not have the Contracts or the necessary funds in its account to pay for the Subscription on Demand when the sell order is matched with a buy order, the sell order will be canceled by HedgeStreet and removed from the order book.

(d) If your order is placed on the market and not immediately matched by an order from another Member, it will rest on the market until it is matched and executed in accordance with the procedures outlined above in this Rule, until you cancel it, or until it is cancelled by HedgeStreet upon the Expiration of the Series or otherwise in accordance with these Rules.

RULE 5.5 TRADING *i*HEDGELETS BY CLEARING MEMBERS

(a) Every *i*Hedgelet executed on the Market must be effected for the account of or through a Clearing Member authorized by the Clearing Corporation and HedgeStreet to act as a Clearing Member for the Class of *i*Hedgelet.

(b) As a Clearing Member, you will be able to trade Fixed Payout *i*Hedgelet or Variable Payout Contracts on the Market for your account or the account of your Customers by entering bids and offers at prices in which you are willing to open or close such Contracts. After logging onto the secure portion of the HedgeStreet Market, you will input your orders into the HedgeStreet trading system. When your order is matched, it will be reported to the Clearing Corporation. The rules of the Clearing Corporation will govern all matched trades.

(c) Each Clearing Member must require each Customer to execute an agreement including at least the following acknowledgements and agreements, which the parties may not modify in any material respect:

THERE ARE NO EXPRESS OR IMPLIED WARRANTIES OR REPRESENTATIONS PROVIDED BY THE CLEARING CORPORATION (“CCORP”) TO SUBSCRIBERS OF THE HEDGESTREET (“HS”) SYSTEM RELATING TO ANY OF THE SERVICES OR FACILITIES PROVIDED BY CCORP, INCLUDING BUT NOT LIMITED TO THE WARRANTIES OF MERCHANTABILITY AND FITNESS FOR A PARTICULAR PURPOSE OR USE.

EXCEPT AS MAY OTHERWISE BE SPECIFICALLY AGREED WITH CCORP, IN NO EVENT SHALL CCORP OR ANY OF ITS GOVERNORS, DIRECTORS, OFFICERS OR EMPLOYEES, BE FINANCIALLY RESPONSIBLE FOR, OR OTHERWISE GUARANTEE THE PAYMENT OR RETURN BY CCORP OR ANY THIRD PARTY OF ANY ORIGINAL MARGIN OR COLLATERAL DEPOSIT, VARIATION MARGIN, OPTION PREMIUM, SETTLEMENT AMOUNT OR DELIVERY OBLIGATION IN RESPECT OF ANY HS CONTRACT. NEITHER CCORP NOR ANY OF ITS GOVERNORS, DIRECTORS, OFFICERS OR EMPLOYEES SHALL BE LIABLE TO ANY PERSON FOR ANY LOSSES, DAMAGES, COSTS OR EXPENSES (INCLUDING, BUT NOT LIMITED TO, LOSS OF PROFITS, LOSS OF USE, DIRECT, INDIRECT, INCIDENTAL OR CONSEQUENTIAL DAMAGES) ARISING FROM ANY FAILURE OR MALFUNCTION, OR ANY FAULT IN DELIVERY, DELAY, OMISSION, SUSPENSION, INACCURACY OR TERMINATION, OR ANY OTHER CAUSE, IN CONNECTION WITH THE FURNISHING, PERFORMANCE, MAINTENANCE, USE OF OR INABILITY TO USE ALL OR ANY PART OF THE SERVICES PROVIDED BY CCORP TO HS OR TO CCORP PARTICIPANTS. THE FOREGOING SHALL APPLY REGARDLESS OF WHETHER A CLAIM ARISES IN CONTRACT, TORT, NEGLIGENCE, STRICT LIABILITY OR OTHERWISE.

RULE 5.6 MARGIN

(a) Clearing Members shall collect sufficient margin from its Customers in an amount no less than 100 percent of the premium amount of a transaction.

(b) Clearing Members shall abide by all rules and policies of CCorp, including, without limitation, all rules relating to margin requirements.

(c) No Clearing Member shall extend any credit or give any rebate or gratuity of any kind to any Person for the purpose of circumventing or evading margin requirements.

RULE 5.7 ORDER ENTRY

(a) You will enter orders to purchase Hedgelet Pairs or trade Contracts by electronic transmission over the Internet or a dedicated private circuit, and HedgeStreet will maintain an electronic record of your order entries.

(b) You will enter Subscriptions or Redemptions by indicating to HedgeStreet in the manner required by HedgeStreet the Series for, and the number of, the Hedgelet Pairs you wish to purchase or redeem.

(c) You will enter an order to trade one or more Contracts by indicating to HedgeStreet in the manner required by HedgeStreet including, but not limited to: (i) order type (i.e., buy or sell); (ii) the Series of Contract; (iii) the price at which you want to buy or sell the Contract; (iv) the number of Contracts you want to buy or sell; and (v) if you are a Clearing Member; (A) whether the trade is for your account or the account of your Customer and; (B) if you are trading Hedgelet Contracts for your account or the account of your Customers, whether the trade is an opening or closing transaction.

(d) Upon entry of an order to Subscribe for or Redeem a Hedgelet Pair or to trade one or more Contracts, you will be required to confirm the order before it is sent to HedgeStreet. Once the order is accepted by HedgeStreet, HedgeStreet will send to you by electronic mail an order confirmation number. You will be responsible for any and all order entries confirmed for your account and accepted by HedgeStreet.

(e) HedgeStreet's trading system will keep an electronic record of all Subscriptions and Redemptions for Hedgelet Pairs, all orders to trade Contracts, and all executed Contract trades. The records kept by HedgeStreet will include all of the terms identified in paragraphs (b) - (e) of this Rule as well as the date and time that the transaction was completed, to the nearest tenth of a second for all Subscriptions and Redemptions and executed Contract trades, and to the nearest second for all orders to trade Contracts.

RULE 5.8 ERRORS IN HANDLING ORDERS BY CLEARING MEMBERS

(a) If a Clearing Member (or an Authorized Trader of the Clearing Member), fails to execute a Customer order or under buys or under sells on a Customer order (collectively "Unfilled Order"), the Clearing Member shall execute the order or the remainder of the order in

the market to correct the error made as a result of the Unfilled Order (“Filled Order”). If the Filled Order is executed at a worse price than the Customer should have received but for the Unfilled Order, the Clearing Member may allocate the Filled Order to its error account and assign the opposite side of the order to its error account at the price the Customer was entitled. If the Filled Order is executed at a more favorable price, the Customer is entitled to the better price.

(b) If a Clearing Member executes i) a Customer order in the wrong Type, Class and/or Series and/or ii) an order on the wrong side of the market (e.g. enters a buy order instead of a sell order or enters a sell order instead of a buy order) (collectively, “Erroneous Execution”), and the Erroneous Execution has been placed in the Clearing Member’s error account, the Erroneous Execution may be corrected by executing the order with the correct terms (“Corrected Execution”). If the Corrected Execution is executed at a worse price due to the Erroneous Execution, the Clearing Member shall make an adjustment by check in a sufficient amount to ensure that the Customer receives the better price.

(c) If a Clearing Member over buys or over sells on an order in an attempt to correct an Unfilled Order or Erroneous Execution, the Customer is not entitled to any of the excess. A Clearing Member that has established an excess position due to an attempt to correct an Unfilled Order or Erroneous Execution must place such excess position in the error account of the Clearing Member or Authorized Trader responsible for the error. Any profits resulting from the liquidation of the trades placed in the error account belong to the Clearing Member or the Authorized Trader, and may be retained or disbursed at the discretion of the Clearing Member or the Authorized Trader.

RULE 5.9 DISPUTED ORDERS

(a) If you believe that an order to Subscribe for or Redeem a Hedgelet Pair or to trade one or more Contracts or *i*Hedgelets was incorrectly executed or rejected by HedgeStreet you may request review of the order by providing the confirmation number for the order and stating the grounds for your disagreement with the handling of the order.

(b) Upon receipt of a request for review of an order and the accompanying confirmation number, HedgeStreet will review its electronic audit trail to determine if the HedgeStreet trading system correctly interpreted and executed your order.

(c) If the review described in paragraph (b) of this Rule reveals that the HedgeStreet trading system made a mistake, the order will be cancelled and the accounts of all Members that were party to the order will be returned to their state before the trade was executed.

(d) If the review described in paragraph (b) of this Rule reveals that the HedgeStreet trading system did not make a mistake, HedgeStreet will inform you of its determination that the order was properly handled, the evidence supporting that determination, and that an adjustment will not be made.

(e) You may appeal a determination under paragraph (d) of this Rule to a HedgeStreet compliance officer through the electronic mail address provided on the HedgeStreet website. You will be required to provide a response to the evidence described in paragraph (d) of this

Rule that the order was properly handled, and you may provide any other information you wish to disclose. If your appeal does not contain a response to the evidence described in paragraph (d), it will be rejected. The compliance officer will decide your appeal no later than 10 days after its receipt, and that decision will be final.

(f) HedgeStreet will document in writing all requests for review of orders received by HedgeStreet, the time and manner in which HedgeStreet reviewed its electronic audit trail in response to the request, the outcome of that review, and the action or actions taken by HedgeStreet in response to that review, including the results of any appeal filed under paragraph (e) of this Rule and the review conducted by the compliance officer in deciding that appeal.

RULE 5.10 ACCEPTABLE ORDERS

(a) If you are a Non-Clearing Member, you may only enter limit orders to trade Contracts on the Market.

(b) For the purpose of this Rule, a “limit order” is an order to buy or sell the number of Contracts you specify at the price you specify, or a better price if a better price is available.

RULE 5.11 BLOCK TRADES

(a) Clearing Members acting on their own behalf or on behalf of their Customers, may enter into privately negotiated transactions with respect to any Class of *iHedgelet* Contract approved by HedgeStreet for such purpose (hereinafter referred to as “Block Trades”) provided that all of the following conditions of this Rule 5.11 are met:

(b) Each party to a Block Trade must be a Clearing Member or its Customer that qualifies as an Eligible Contract Participant, provided that, if the Block Trade is entered into on behalf of a Customer by a commodity trading advisor (registered with NFA) (“NFA”), or any investment advisor registered as such with the Securities and Exchange Commission that is exempt from CTA registration under the CEA or Commission regulations, in either case with total assets under management exceeding US \$25 million, the Customer need not be an Eligible Contract Participant.

(c) A Clearing Member may not take the opposite side of a Block Trade with a Customer without such Customer’s prior written consent, which may be in the form of a blanket consent to all transactions effected after such consent is given.

(d) A Clearing Member may effect a Block Trade on behalf of a Customer only if the Clearing Member has received an order to do so from the Customer. Such order must be recorded and time-stamped with the time the order is placed and the time the order is executed.

(e) Each buy or sell order underlying a Block Trade must:

(i) explicitly state that it is to be, or may be, executed by means of a Block Trade; and

(ii) be for at least the applicable minimum threshold (“Block Size”) as specified in the chart below:

Contract	Minimum Block Size¹

(f) The price at which the Block Trade is executed must be “fair and reasonable” in light of:

(i) the size of the Block Trade;

(ii) the price and size of other transactions in the same Contract at the relevant time;

(iii) the price and size of transactions in other relevant markets, including, without limitation, the underlying cash and futures market (if applicable) at the relevant time, or

(iv) the circumstances of the market or the parties to such block trades.

(g) Immediately upon agreeing to enter into a Block Trade transaction, or upon the opening of the Market, if the transaction is agreed to be entered into by the parties at a time when the Market is closed, the Clearing Member who is the Block Trade seller (or whose Customer is the Block Trade seller) shall report the details of the Block Trade on the screen. The report shall include the name of the selling Clearing Member, the name of the buying Clearing Member, the Contract, Contract month, price and quantity of the transaction. Within five (5) minutes of reporting the details of the Block Trade, the Clearing Member who is the Block Trade buyer (or whose Customer is the Block Trade buyer) shall confirm such Block Trade on the screen. Block Trades must be reported to HedgeStreet within five minutes of the Time of Execution. Time of Execution means the time the agreement is entered into between the buyer and the seller. The report must include the Contract, Contract month, price and quantity of the transactions. HedgeStreet shall immediately publish that Block Trade report onto the Market.

(h) Each time a Clearing Member arranges a Block Trade on the Market, the Clearing Member has the responsibility of ensuring that the execution of such Block Trade promotes a fair and orderly Market. Upon the request of HedgeStreet and/or NFA, a Clearing Member must provide satisfactory evidence that a Block Trade was arranged in accordance with these Rules.

¹ HedgeStreet has not included in this submission the series of iHedgelets that will be eligible to engage in block trading nor the relevant minimum size requirements for any of these instruments. Such designations will be submitted separately to the Commission.

RULE 5.12 TRANSFER TRADES

(a) A Clearing Member may transfer a position of *iHedgelets* from one account to another account i) within the same Clearing Member or ii) to another Clearing Member, provided that the transfer would not result in;

(i) A change in beneficial ownership in any *iHedgelet*, unless the transfer is made;

(1) To correct an error in a previously executed transaction, provided that such error can be evidenced on the original trade documentation;

(2) To reflect a change in ownership occurring by operation of law due to the death or bankruptcy of a Person having an ownership interest in such *iHedgelet* or occurring as a result of a merger, consolidation, disposition of a line of business, reorganization, or similar event effecting such Person; or

(b) A Clearing Member that transfers an *iHedgelet* position shall notify HedgeStreet and CCorp of the transfer in a manner and form as proscribed by HedgeStreet and CCorp.

(c) Transfers of Clearing Member individual positions shall be made at the historic price at which they were traded.

RULE 5.13 CROSS TRADES

(a) No Clearing Member shall enter into a Cross Trade except under the following conditions;

(i) In the case of a Customer order, the Customer has given consent to enter into such Cross Trade (which may be in the form of a blanket consent);

(ii) During pre-negotiations and in executing Cross Trades for a Customer, the Clearing Member ensures that;

(1) it acts with due skill, care and diligence, and

(2) the Customer's interests are not prejudiced.

(iii) When a Customer order is on one side of the Cross Trade, then the Customer order must be submitted onto the Market first.

(iv) If both parties agree to execute the transaction above the existing bid price and below the existing offer price, the Cross Trade may be executed immediately on the Market. In the absence of a bid and an offer price in the relevant *iHedgelet* Series, then the Clearing Member seeking to execute a Cross-Trade must;

(1) Enter an order onto the Market;

(2) Allow the order to remain on the Market for 10 seconds, provided that, if the order represents the first transaction in a Series, the order shall remain on the Market for 60 seconds, and

(3) The Clearing Member may immediately enter the opposite order after the 10 second or 60 second period has expired in accordance with Rule 5.13(a)(iv)(2).

(v) A Clearing Member must not enter a bid and/or an offer onto the Market in an attempt to circumvent Rule 5.13(iv).

RULE 5.14 GIVE-UPS

(a) A Give-Up occurs when a CCorp Participant executes a trade (“Executing Participant”) on behalf of another CCorp Participant (“Carrying Participant”) and subsequently transfers the trade to the Carrying Participant.

(b) The Executing Participant must i) indicate that the transaction is being executed as a Give-Up prior to order entry, and ii) indicate the Carrying Participant.

(c) The Executing Participant must submit Give-Up transactions to CCorp for clearing and, remains responsible for the clearing and settlement of such Give-Up transaction as determined by the rules of CCorp.

RULE 5.15 PRIORITY OF ORDERS

The Market’s trading algorithms execute all trades by matching orders according first by price and then time priority. This means that orders entered at different prices will be executed in order of price, from best to worst, regardless of what time they were placed on the Market, and orders placed on the Market at the same price will be executed in order of time, from oldest to most recent.

RULE 5.16 FILLING ORDERS TO TRADE CONTRACTS

The HedgeStreet trading system will fill all orders to trade Contracts on an “or better” basis. This means that if you place an order to buy a Contract or Contracts at a price higher than the price of the best sell offer on the market, the system will fill your order at the better sell offer price(s) until all available sell offers under or equal to your limit price are filled or until your buy order is completely filled. Likewise, if you enter a sell order at a price lower than the price of the best buy offer, the system will fill your order at the better buy offer price(s) until all available buy offers over your limit price are filled or your sell order is completely filled. If your order is only partially filled, the unfilled portion of your order will be placed in the order book as a resting order at the limit price you specified. Should a better order subsequently be placed in the system, the unfilled portion of your original order will be executed at its limit price.

RULE 5.17 MODIFICATION AND CANCELLATION OF ORDERS

(a) You can either cancel or modify an order you have placed on the Market if it has not yet been executed. All your pending orders will be listed on your account page. To modify a

pending order, select the order to be changed and, using the prompts, (1) cancel the order, (2) modify the order, or (3) leave the order unchanged. If you choose to cancel the order and the order has not been executed, the HedgeStreet system will withdraw the order from the order book and confirm the cancellation of the order. If you choose to amend the order, you will be shown the details of the existing order and be allowed to change any part of the order except the Underlying. You will then be given a new order confirmation number and be informed that the system will treat the modified order as a new order, causing the amended order to lose its original time priority.

(b) HedgeStreet will attempt to modify or cancel your order as soon as possible after you enter a modification or cancellation order. However, the order may be executed before HedgeStreet is able to cancel or modify it. If your order has been filled in whole or in part, you may modify or cancel only that portion of the order (if any) that has not been executed.

RULE 5.18 VIEWING THE MARKET AND EXECUTED ORDERS

HedgeStreet will allow its Members to view the current best bid and offer on the Market. HedgeStreet will also allow Members to view the last executed order to trade Contracts.

RULE 5.19 HOURS FOR THE SUBSCRIPTION AND REDEMPTION OF HEDGELET PAIRS AND TRADING HEDGELET CONTRACTS

The Market will be open for execution of your orders from 9:00 a.m. to 8:00 p.m. Eastern Standard Time Monday through Friday (each, a "Trade Day"), with the exception of Market holidays, which will be announced on the HedgeStreet website at least 30 calendar days in advance. You may access account information and cancel any open orders while the Market is closed, but you may not enter or modify orders unless the Market is open.

RULE 5.20 PROHIBITED TRANSACTIONS AND ACTIVITIES

(a) If you are a Non-Clearing Member, you are prohibited from entering orders on the Market if there are insufficient funds or Contracts in your account to satisfy such orders if they are executed. Subject to the conditions set forth in Rule 9.2(f) and Rule 9.6, if you violate this Rule, the following penalties shall apply:

Number of Per Incident Violations Within a Calendar Year	Penalty
1	\$10 fee deducted from your account
2	\$10 fee deducted from your account, and you will be required to re-certify that you have read and agree to be bound by this Rule 5.13(a).
3	\$15 fee deducted from your account, and you will be required to give a satisfactory explanation as to why the Rule violation occurred, or your trading privileges will be suspended for 30 days
4	\$20 fee deducted from your account and suspension of your trading privileges for 30 days (regardless of explanation)
5	\$25 fee deducted from your account and suspension of your trading privileges for 6 months (regardless of explanation)
6	\$30 fee and revocation of trading privileges (regardless of explanation)

(b) You are prohibited from attempting to enter into any trade on the Market that has been directly or indirectly prearranged except in accordance with the conditions and procedures under which such transactions may be permitted under these Rules. In other words, you may not agree with another Member that one of you will enter a trade and the other will attempt to match that trade by timing the orders or otherwise unless such agreements are permitted pursuant to these Rules.

(c) You are prohibited from attempting to enter into or entering into any trade on the Market that does not result in a change in beneficial ownership, that is designed to unnaturally inflate trading volume, that in any way attempts to circumvent the Market's order processing, trade ordering, and trade execution systems, or otherwise to circumvent exposure of the order to open and competitive bidding on the Market, or that has some other illegitimate purpose.

(d) You are prohibited from entering into any trade designed or used to cause any price for a Contract other than a true and bona fide price to be reported, registered, or recorded by the Market.

(e) You are prohibited from knowingly entering or causing to be entered, bids or offers onto the Market other than in good faith for the purpose of executing bona fide transactions.

(f) You are prohibited from trading in, transferring, assigning, or otherwise disposing of Hedgelet Pairs or Contracts other than as provided for in these Rules.

(g) You are prohibited from agreeing to transfer or from transferring the benefit of any position in any Hedgelet Pair or Contract to another person other than through a transaction executed through the Market except in accordance with the conditions and procedures under which such transactions may be permitted under these Rules..

(h) If you are Non-Clearing Member or a Clearing Member not properly registered in accordance with Rule 3.3(g), you are prohibited from trading for a person or entity other than yourself or the Member for whom you are an Authorized Trader.

(i) You are prohibited from engaging in any activity that presents a risk of harm to HedgeStreet, its Members, Customers or the public.

(j) You are prohibited from engaging in any activity that adversely affects the integrity of the Market or its underlying systems.

(k) You are prohibited from intentionally providing erroneous or fraudulent information to HedgeStreet on your membership application or otherwise.

(l) You are prohibited from violating or failing to timely comply with the terms of any agreement between you and HedgeStreet or the Clearing Corporation, or any order or arbitration decision or award of HedgeStreet, NFA or the Clearing Corporation.

(m) You are prohibited from engaging in any activity that is intended to, or has the effect of, manipulating the market in violation of Sections 6(c) and 9(a)(2) of the CEA and from engaging in any other activity that would violate the CEA or the Commission's Regulations.

(n) If you are a Clearing Member, you are prohibited from entering any bids, offers or transactions on the Market when you have, or should know that you are subject to early warning reporting requirements under Commission Regulation 1.12, are subject to a proceeding in bankruptcy or are otherwise unable to pay your obligations as they become due, without the prior written approval of HedgeStreet.

(o) You are prohibited from knowingly carrying an account, entering an order or effecting any transactions for any employee of HedgeStreet or the Clearing Corporation without the prior written consent of the employer.

(p) You are prohibited from directly or indirectly guaranteeing the execution of an order to buy or sell a Contract on HedgeStreet, or any of its terms, including quantity and price unless such order has been executed or reported on the Market.

(q) You are prohibited from handling, mainting or soliciting any Customer orders, accounts or funds unless you are a Clearing Member that is properly registered with the NFA in accordance with the CEA and Commission Regulation adopted thereunder to conduct futures-related business with the public.

RULE 5.21 SPECULATIVE POSITION LIMITS

(a) HedgeStreet has imposed Speculative Position Limits on certain Classes of Contracts as defined in Chapter 12 of these Rules. Any Member who exceeds a Speculative Position Limit shall be deemed in violation of this Rule 5.21. In addition, any Member entering bids or offers, if accepted, causing the Member to exceed the applicable Speculative Position Limit shall be in violation of this Rule.

(b) If a Member fails to reduce any position in a manner and time as directed by HedgeStreet, HedgeStreet shall have the authority to liquidate the applicable position to a level below the defined Speculative Position Limit stipulated under the relevant Class of Contracts in Chapter 12 of these Rules.

(c) In addition to the restrictions and requirements imposed in Section 5.21(a) and (b), the first violation of a Speculative Position Limit by a Member shall result in a letter of warning to be issued by the HedgeStreet Compliance Department to the Member.

(d) In addition to the restrictions and requirements placed in Section 5.21(c), any subsequent violation of a Speculative Position Limit within the preceding 12 months by a Member shall result in the issuance of a second letter of warning to the Member and the suspension or revocation of membership privileges in accordance with Chapter 9 of these Rules.

(e) Position limits shall apply to i) all positions in accounts for which any person by power of attorney or otherwise, directly or indirectly holds positions or controls trading, and ii) positions held by two or more persons acting pursuant to an express or implied agreement or understanding the same as if the positions were held by, or the trading of the position were done by, a single individual.

CHAPTER 6 SETTLING NON-*i*HEDGELET PAIR SUBSCRIPTIONS AND REDEMPTIONS, NON-*i*HEDGELET TRADES, NON-*i*HEDGELET CONTRACTS AT EXPIRATION, AND MEMBER WITHDRAWAL REQUESTS

RULE 6.1 SETTLING NON-*i*HEDGELET PAIR SUBSCRIPTIONS AND REDEMPTIONS AND NON-*i*HEDGELET TRADES

(a) HedgeStreet will maintain, on its system, a record of each Member's account balances and Contracts. HedgeStreet will also maintain a "HedgeStreet settlement account," which will reflect funds used by Members to Subscribe for Hedgelet Pairs, as well as funds paid by HedgeStreet to redeem Hedgelet Pairs. HedgeStreet will also maintain a "HedgeStreet proprietary account," which will be credited with all fees debited from Member accounts due to trades and expiration settlements and redemptions. All settlements among these accounts on the HedgeStreet system will be instantaneous.

(b) All funds in Member accounts and in the HedgeStreet settlement account will be maintained in an account at the HedgeStreet settlement bank that is designated as a customer segregated funds account under the CEA and the Commission's Regulations. Because those funds will be commingled at the settlement bank, transfers among Member accounts and transfers between Member accounts and the HedgeStreet settlement account will not be transmitted to the settlement bank. Such records will only be maintained on the HedgeStreet system. Once every settlement bank business day, HedgeStreet will send to its settlement bank by batch mode electronic transmission instructions for the settlement bank to transfer funds as necessary for settlement.

(c) The settlement bank will complete the transfer in the settlement instructions described in paragraph (b) of this Rule and notify HedgeStreet of its completion.

RULE 6.2 SETTLING *i*HEDGELETS FOR CLEARING MEMBERS

(a) Settlement of *i*Hedgelet trades and expirations will be conducted in accordance with the by-laws and rules of the Clearing Corporation.

RULE 6.3 SETTLING NON-*i*HEDGELET CONTRACTS AT EXPIRATION

(a) When a Series of Fixed Payout Hedgelet Contracts expires, the Fixed Payout Hedgelet Contract whose Payout Criterion encompasses the Expiration Value of the Underlying will settle in-the-money for \$10.00. The other Fixed Payout Hedgelet Contract in the Hedgelet Pair will settle out-of-the-money for \$00.00. When a Series of Variable Payout Hedgelet Contracts expires, those Contracts will settle in an amount (if any) determined by the calculations set forth in the definitions for Long and Short Linear Payout Hedgelet Contracts set forth in Chapter 1 of these Rules.

(b) On the Settlement Date;

(i) HedgeStreet will notify all members which Contract is in-the-money and which Contract is out-of-the-money.

(ii) HedgeStreet will immediately settle the Fixed Payout Hedgelet Contracts by debiting HedgeStreet's settlement account in an amount equal to \$10.00 multiplied by the total number of outstanding in-the-money Fixed Payout Hedgelet Contracts and credit those funds to the accounts of the Members holding the in-the-money Fixed Payout Hedgelet Contracts at a rate of \$10.00 per such Contract.

(iii) HedgeStreet will immediately settle the Variable Payout Hedgelet Contracts by (A) debiting HedgeStreet's settlement account in an amount equal to (1) any gains realized by Members plus (2) any blocked funds that were debited from Members' accounts at the time the Variable Payout Hedgelet Contracts that are expiring were entered into that are not used to pay any losses on such Contract(s) and (B) crediting those amounts, respectively, to Member accounts (1) that realized such gains, in each case in the amount of such gains realized by each such account, and (2) from which such blocked funds were taken, in each case in the amount of such blocked funds that was not required to pay losses experienced by such accounts on such Contracts.

(iv) HedgeStreet will delete all Contracts of the expiring Series from Member accounts.

(c) If you believe there has been an error in settlement, you must report that error to HedgeStreet immediately. Your report must state why you believe there has been an error in settlement. If HedgeStreet receives notice of a settlement error before the end of the fifth Trading Day following settlement, HedgeStreet will review that report and will correct any error that HedgeStreet determines has been made. If HedgeStreet does not receive notice of an error of settlement before the end of the fifth Trading Day following settlement, then (i) settlement will be final and (ii) you agree that HedgeStreet shall not be responsible to you in any fashion for an uncorrected error in settlement.

RULE 6.4 SETTling MEMBER WITHDRAWAL REQUESTS FOR ACCOUNTS HELD AT HEDGESTREET

Within one settlement bank business day of when a Member requests to withdraw funds from its HedgeStreet account, HedgeStreet will transmit such request to its settlement bank in electronic batch mode transmission. The settlement bank will process that request and send those funds to the account at the Financial Institution registered with HedgeStreet by the Member (unless the Member has unsatisfied outstanding obligations on HedgeStreet, in which case HedgeStreet may retain such balances as necessary to satisfy such obligations or until the Member otherwise satisfies such obligations). You should refer to HedgeStreet's website under the Fee Schedule for all fees and costs associated with withdrawal of funds from your HedgeStreet account.

CHAPTER 7 ADJUSTMENTS NECESSITATED BY MATERIAL CHANGES IN THE UNDERLYING

RULE 7.1 ADJUSTMENTS

In the event that, during the term of a Series, changes beyond the control of HedgeStreet occur in the way the Underlying is calculated or an Expiration Value for the Underlying is unavailable or undefined in light of intervening events, HedgeStreet may adjust the terms of outstanding Series as it deems appropriate in its discretion to achieve fairness to holders of Contracts of the affected Series. In addition, if the outcome of the underlying event is unclear, HedgeStreet may, at its sole discretion, delay settlement of the Series until the outcome is clear to HedgeStreet as determined by reasonable means. While it is impossible to provide in advance for all possible events that could require an adjustment to be made, HedgeStreet will abide by any guidelines that may be established in this Chapter for making Contract adjustments.

RULE 7.2 GOVERNMENT ACTIONS

Any change in instructions, order, ruling, directive, or law issued or enacted by any court or agency of the Federal Government of the United States that conflicts with the Rules contained in this Chapter shall take precedence, immediately become a part of these Rules, and be effective for all currently traded and newly listed Series.

CHAPTER 8 INVESTMENT OF MEMBER ACCOUNT FUNDS

RULE 8.1 INVESTMENT OF NON-CLEARING MEMBER FUNDS HELD AT HEDGESTREET

Member funds on deposit with HedgeStreet and funds in the HedgeStreet settlement account (i.e., the account containing the funds paid by Members to purchase Fixed Payout Hedgelet Pairs from HedgeStreet and which are to be used to pay Members holding in-the-money Fixed Payout Hedgelet Contracts at expiration) will be segregated as customer funds in accordance with the Commission's Regulations. HedgeStreet may invest such funds subject to the limitations and conditions set forth in Commission Regulation 1.25. HedgeStreet will pay interest to Members' accounts at a floating rate to be determined by HedgeStreet on funds in

Members' HedgeStreet accounts in excess of an amount to be determined by HedgeStreet. HedgeStreet will retain all profit from investment of Member funds not paid to Members in accordance with the preceding sentence.

RULE 8.2 INVESTMENT OF CLEARING MEMBER FUNDS HELD AT THE CLEARING CORPORATION

Clearing Member funds and the funds of Clearing Member Customers on deposit at the Clearing Corporation will be deposited and invested in accordance with the Clearing Corporation's policies and rules.

CHAPTER 9 RULE ENFORCEMENT

RULE 9.1 MONITORING THE MARKET

HedgeStreet's trading system will record and store for a period of not less than 5 years in a searchable, read-only database a record of all data entered into the HedgeStreet trading system, including the Member's identity and the information in Rule 5.7. Programs are run on this data by HedgeStreet and by an organization with which HedgeStreet has entered into an agreement to provide certain market surveillance and trade practice surveillance and investigatory services, and those programs will alert HedgeStreet or its market/trade practice surveillance services provider when potentially unusual trading activity takes place. HedgeStreet or its services provider will initiate investigations upon receipt of notice of unusual trading activity, and HedgeStreet and/or its service provider will review and further investigate any reports of such activity provided by its market surveillance services provider. HedgeStreet will also investigate any time it has other reason to believe that inappropriate activity of any sort is taking place on the Market or its website.

RULE 9.2 INVESTIGATIONS, HEARINGS, AND APPEALS

(a) HedgeStreet has a compliance department consisting of one or more compliance officers. In addition, HedgeStreet may enter into agreements with one or more investigatory service providers in order to perform the specified functions assigned by these Rules to HedgeStreet compliance officers. Compliance officers investigate unusual trading activity or other activity that compliance officers have reasonable cause to believe could constitute a violation of these Rules. HedgeStreet has a Disciplinary Committee that determines whether disciplinary action should be brought against a Member based on the findings of compliance officers. HedgeStreet also retains hearing officers, who adjudicate findings by compliance officers that are disputed by Members. Hearing officers and compliance officers may not communicate regarding a matter brought before the hearing officer without informing the Member who is the subject of the communication of its substance and allowing the Member an opportunity to respond. Compliance officers and hearing officers may compel testimony, subpoena documents, and require statements under oath from any Member or its authorized representative. Compliance officers, hearing officers, and employees or agents of HedgeStreet working under their supervision, may not be a Member or an authorized representative of a Member or trade, directly or indirectly, in any commodity interest traded on or subject to the rules of any registered contract market.

(b) Upon the conclusion of any investigation by a compliance officer, the officer will draft a document detailing the facts that led to the opening of the investigation, the facts that were found during the investigation, and the compliance officer's analysis and conclusion. If the compliance officer concludes that there is reasonable cause to believe a Member has violated HedgeStreet's Rules or other applicable statutes or regulations, the compliance officer will present his/her analysis and conclusions to the HedgeStreet Disciplinary Committee for review and final determination as to whether disciplinary proceedings should commence against the Member. If the Disciplinary Committee determines that disciplinary proceedings should be brought against the Member, the compliance officer will submit by electronic mail to the Member whose activity is the subject of the investigation a report that will include:

- (i) the reason the investigation was begun;
- (ii) the charges or a summary of the charges;
- (iii) the response, if any, or a summary of the response;
- (iv) a summary of the investigation conducted;
- (v) findings and conclusions as to each charge, including which of these Rules the Member or its authorized representative violated, if any; and
- (vi) the penalty, if any, proposed by the Disciplinary Committee.

(c) The Member whose activity is the subject of the investigation may contest the Disciplinary Committee's findings by forwarding a response to those findings by electronic mail to the compliance officer within 15 days. The Member has a right to examine the evidence relied upon by the compliance officer and Disciplinary Committee. The Member's response must contain a detailed response to the findings and conclusions as to each charge and any other information the Member thinks is relevant.

(d) If the findings of the Disciplinary Committee are not contested by the Member, HedgeStreet will deem those findings admitted by the Member and impose the penalty (if any) proposed by the Disciplinary Committee. The Member will be notified of the imposition of any penalty by electronic mail.

(e) If the findings of the Disciplinary Committee are contested, the compliance officer's report and the Member's response will be submitted to a HedgeStreet hearing officer. The hearing officer will conduct a telephonic hearing with the compliance officer and the Member within 20 days of receipt of the Member's response contesting the Disciplinary Committee's finding and/or proposed sanction and, within 20 days after that hearing, issue findings, which will be delivered to the Member by electronic mail. Prior to the hearing, the parties may (but need not) submit proposed findings, briefs, and exhibits (including affidavits), and during the hearing the parties may present witnesses. The telephonic hearing will be recorded, and all information submitted by the parties (including the compliance officer's report and the Member's response) as well as the recording of the hearing, will be preserved by the hearing officer, along with the hearing officer's findings, as the record of the proceedings (the "hearing record"). The findings of the hearing officer will contain the following information:

- (i) a brief description of the allegations;
- (ii) a brief summary of the evidence received;
- (iii) findings and conclusions;
- (iv) a declaration of any penalty to be imposed on the Member as the result of the findings and conclusions;
- (v) the effective date and duration of that penalty; and
- (vi) a statement that the Member has the right to appeal any adverse decision by the hearing officer to the HedgeStreet board of directors, but must do so within 15 days.

(f) Either the Member or the compliance officer may appeal the decision of the hearing officer within 15 days by filing an appeal by electronic mail with the HedgeStreet board of directors and forwarding a copy to the other parties to the appeal. Any penalties will be stayed pending appeal unless the hearing officer determines that a stay pending appeal would likely be detrimental to the exchange, other Members, or the public. The board of directors will review the hearing record and any information submitted by the compliance officer and the Member on appeal and issue its decision, which shall be final. The member shall be notified of the decision by electronic mail. The hearing record, any information submitted on appeal, and the board's decisions shall be preserved as the record on appeal. The decision will contain the information listed in paragraph (e) of this Rule, except for (e)(vi), and will also contain:

- (i) a statement that any person aggrieved by the action may have a right to appeal the action pursuant to Part 9 of the Commission's Regulations, within 30 days of service; and

The Member, its authorized representative, or a compliance officer may initiate a settlement offer. A settlement offer may be withdrawn at any time before it is accepted by the hearing officer.

If either the chief executive officer or the chairman or an entity with whom the

chief executive officer or chairman is associated has a financial, personal, or other direct interest in the matter that is the basis of the summary action, the chief executive officer and/or chairman will not make any decision with respect to summary action and that decision will instead be made by a member of the board of directors chosen by a compliance officer to act in the place of the chief executive officer and/or chairman.

(b) Whenever practicable HedgeStreet will notify the Member whose privileges are to be summarily suspended by electronic mail before the action is taken. If prior notice is not practicable, the Member shall be served with notice by electronic mail at the earliest opportunity. This notice shall:

- (i) state the action taken or to be taken;
- (ii) briefly state the reasons for the action;
- (iii) state the time and date when the action became or becomes effective and its duration; and

(B) Any other source of information that is held by and reasonably available to HedgeStreet.

(2) Financial interest in a significant action—

(i) Nature of interest. A member of a HedgeStreet governing board, disciplinary committee or oversight panel must abstain from such body's deliberations and voting on any significant action if the member knowingly has a direct and substantial financial interest in the result of the vote based upon either exchange or non-exchange positions that could reasonably be expected to be affected by the action.
