Drawbridge Operation Regulations: Charles River, Dorchester Bay, and Saugus River, MA

AGENCY: Coast Guard, DHS.

ACTION: Final rule.

SUMMARY: The Coast Guard has changed the drawbridge operation regulations

that govern the operation of three bridges, the Craigie Bridge, mile 1.0, across the Charles River, the William T. Morrissey Boulevard Bridge, mile 0.0, across Dorchester Bay, and the General Edwards SR1A Bridge, mile 1.7, across the Saugus River, all in Massachusetts. This final rule requires an eight-hour advance notice for openings during the time periods at night when these bridges have historically received few requests to open. This action is expected to meet the reasonable needs of navigation while relieving the bridge owner from the burden of crewing these bridges at periods when they seldom open for navigation.

DATES: This rule is effective November 13, 2003.

ADDRESSES: Comments and material received from the public, as well as documents indicated in this preamble as being available in the docket, are part of docket (CGD01-01-026) and are available for inspection or copying at the First Coast Guard District, Bridge Branch Office, 408 Atlantic Avenue, Boston, Massachusetts, 02110, between 7 a.m. and 3 p.m., Monday through Friday, except Federal holidays.

SUPPLEMENTARY INFORMATION:**Regulatory Information**

On June 26, 2003, we published a notice of proposed rulemaking (NPRM) entitled Drawbridge Operation Regulations; Charles River, Dorchester Bay, and Saugus River, Massachusetts, in the **Federal Register** (68 FR 37990). We received no comments in response to the notice of proposed rulemaking. No public hearing was requested and none was held.

Background and Purpose

The owner of the bridges, the Metropolitan District Commission (MDC), requested a change to the operating regulations for three of their bridges, the Craigie Bridge, the William T. Morrissey Boulevard Bridge, and the General Edwards SR1A Bridge. The requested change to the drawbridge operation regulations required an eight-hour advance notice during various time periods when these bridges have historically received few requests to open.

The Coast Guard reviewed the drawbridge opening logs submitted by the bridge owner, and determined that the bridges had few requests to open during the time periods the bridge owner has requested the eight-hour advance notice requirement. This rule
