

download the necessary cryptographic software from the USPTO at no cost. However, this collection does have annual (non-hour) cost burden in the form of recordkeeping costs and postage costs associated with the Certificate Action Form (PTO-2042).

This collection has recordkeeping costs due to the notarization requirement for authenticating the customer's signature on the Certificate Action Form. The USPTO estimates that the average fee for having a signature notarized is \$2 and that 2,063 signed Certificate Action Forms will be submitted annually, for a total recordkeeping cost of \$4,126 per year.

This collection also has postage costs for submitting the Certificate Action Form to the USPTO by mail. The Certificate Action Form cannot be submitted electronically because it requires an original notarized signature as verification of the customer's identity. The USPTO estimates that the first-class postage cost for a mailed Certificate Action Form will be 37 cents and that it will receive 2,063 Certificate Action Forms annually, for a total postage cost of \$763 per year.

The total (non-hour) respondent cost burden for this collection in the form of recordkeeping costs and postage costs is estimated to be \$4,889 per year.
