SUPPLEMENTARY INFORMATION: CFFE, a New York not-for-profit corporation, has applied to the Commission for designation as a contract market for the computer-based trading of US Treasury bond, ten-year note, five-year note and two-year note futures contracts. CFFE has been formed pursuant to an agreement between the New York Cotton Exchange ("NYCE") and CFFE, LLC, a subsidiary of Cantor Fitzgerald, LP ("Cantor"). Under the agreement, CFFE trading would be conducted on the same trading system that another Cantor subsidiary, Cantor Fitzgerald Securities, LLC ("CFS"), currently operates as an interdealer-broker in the US Treasury securities market. CFFE's regulatory responsibilities would be handled by NYCE. CFFE trades would be cleared and settled by the Commodity Clearing Corporation ("CCC") which is wholly owned by NYCE.

CFFE has not previously been designated by the Commission as a contract market in any commodity. Accordingly, in addition to the terms and conditions of the proposed futures contracts, the Exchange has submitted to the Commission a proposed trade-matching algorithm; proposed rules pertaining to CFFE governance, disciplinary and arbitration procedures, trading standards and recordkeeping requirements; and various other materials to meet the requirements for a board of trade seeking initial designation as a contract market.

Notice of CFFE's application was previously published on February 3, 1997 (63 FR 5505) for a comment period ending on April 6, 1998. That comment period was later extended until April 27, 1998 (63 FR 17823 (April 10, 1998)). After the closing of that comment period, the Exchange submitted to the Commission additional materials which revised or further explicated certain features of its proposal. Accordingly, the Commission published CFFE's application again on July 1, 1998 (63 FR 35912) for an additional comment period ending July 16, 1998, so that the public could review and comment on the Exchange's additional submissions.

The Commission is of the view that, in addition to the receipt of written comments, an opportunity for interested members of the public to appear before it will assist it in its consideration of CFFE's application and is in the public interest. Accordingly, the Commission will convene a public meeting on August 11, 1998, for that purpose.

In its requests for comment, 63 FR 5505 (February 3, 1998), 63 FR 35912 (July 1, 1998), the Commission described CFFE's application, including its provisions regarding CFFE's governance structure, trade matching algorithm, compliance program, and disciplinary and arbitration procedures. Persons appearing before the Commission are invited specifically to address those, and any other aspects of CFFE's application for designation as a new contract market, as well as CCC's proposal to serve as CFFE's clearing organization, and to provide relevant factual data.

All individuals or organizations wishing to appear before the Commission should submit to the Commission at the above address, by August 6, 1998, a concise written statement of interest and qualifications and a brief written summary or abstract of the content of his or her statement. The Commission will invite a representative number of individuals or organizations to appear from those submitting such statements. A transcription of the meeting will be made and entered into the Commission's public comment files.

Issued in Washington, D.C., this 30th day of July, 1998.

By the Commodity Futures Trading Commission.

Catherine D. Dixon,

Assistant Secretary of the Commission.
