RE: Section 5c(c) and Regulation §40.6(a) Submission, Exchange Certification for Listing  
July 2005 CME Euro FX and Japanese Yen European-Style Options Contracts for Trading.  
CME Submission 05-38.

Dear Ms. Webb:

Chicago Mercantile Exchange Inc. ("CME" or "Exchange") hereby notifies the Commission under the exchange certification procedure, that the Exchange will list the July 2005 serial contract month for the CME Euro FX and Japanese Yen European-style options on the evening of Sunday, April 3, 2005 on CME®Globex® and Monday, April 4, 2005, on the trading floor. Under the CME's regular listing procedures submitted to the Commission in CME Submission 05-13, dated January 31, 2005 and emailed to the Commission on February 1, 2005, the July 2005 serial month was previously scheduled to be listed on the evening of Thursday, April 7, 2005 on CME Globex and on Friday, April 8, 2005 on the trading floor. Therefore, the result of this action is simply to list the July 2005 serial contract month for trading five days early. The action was taken in response to customer demand to list the same contract months for trading at launch as were available during pre-launch system testing. No rule amendments are necessary for this temporary change of listing procedures.

The Exchange certifies that this action neither violates nor is inconsistent with any portion of the Commodity Exchange Act or of the rules thereunder.

If you require any additional information regarding this action, please do not hesitate to contact Mr. Steven Youngren at 312-930-4583 or via e-mail at [syoungre@cme.com](mailto:syoungre@cme.com). Please reference our CME Submission 05-38 on all future correspondence regarding this notification.

Sincerely,

John W. Labuszewski  
Director, Research & Product Development
