RE: Section 5c(c)1 and Regulation 40.6 Submission. Exchange Certification of Revisions to the Listing Cycle for Live Cattle Futures. Submission #06-70.

Dear Ms. Donovan:

On July 11, 2006, Chicago Mercantile Exchange Inc. approved the listing of two additional contract months for Live Cattle Futures within the regular cycle of February, April, June, August, October and December. This change will result in a total of 9 eligible contract months at all times, instead of the current 7 months.

To implement this change, two additional contract months – December 2007 and February 2008 – will be listed for trading on Friday, September 1, 2006, at the same time as the regularly scheduled listing of the October 2007 contract. The Exchange will then revert to its normal practice of listing one new contract month immediately following each contract expiration, to maintain a roster of 9 eligible contract months.

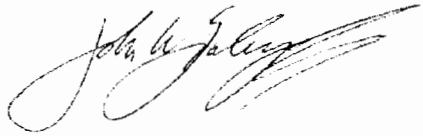

Notice that this change does not require amendments to any CME rules, nor does it affect any contract month with open interest.

The Exchange certifies that this action complies with the Commodity Exchange Act and the rules thereunder.
