Re: ICE NGX Self-Certification of Rule Amendments: Contracting Party Agreement - Submission Pursuant to Section 5c(c)(1) of the Commodity Exchange Act and Commission Regulation 40.6(a)

Dear Mr. Kirkpatrick:

In accordance with Section 5c(c)(1) of the Commodity Exchange Act, as amended (“Act”), and Commodity Futures Trading Commission (“Commission”) Regulation 40.6(a), ICE NGX Canada Inc. (“ICE NGX”) is submitting this self-certification to amend the ICE NGX Contracting Party Agreement (“CPA”). The CPA functions as the rulebook for ICE NGX’s exchange and clearinghouse operations and is a “rule” as that term is defined under Commission Regulation 40.1(j). ICE NGX intends to implement the amendments on June 1, 2022 or on such later date or dates as ICE NGX may designate.

1. Overview

ICE NGX is making certain amendments (the “Amendments”) to the CPA, to establish a framework for imposing summary sanctions on a Contracting Party for certain prescribed violations of the CPA, in amounts per violation prescribed by schedule (the “Summary Sanctions Schedule”). In conjunction with the Amendments, and as a courtesy to Commission staff, we are also providing the Summary Sanctions Schedule and Summary Sanctions Hearing Procedures.

2. Details of Amendments

The summary sanctions framework is designed to apply to CPA violations that are non-subjective in nature. Whether any one of the prescribed violations has occurred is a factual matter, the determination of which is not subjective. In the event that ICE NGX becomes aware that one of the prescribed violations has occurred, absent evident and extenuating circumstances, the summary sanction would be applied without subjectivity. Subjectivity is further reduced by the applicable sanction amounts being prescribed by the Summary Sanctions Schedule, which will be publicly available.

The summary sanctions framework will enhance and support ICE NGX's ability and authority to enforce certain requirements under the CPA, in a more streamlined and efficient manner. Summary sanction processes exist at many other derivatives exchanges and clearinghouses around the world.

The requirements subject to summary sanctions generally relate to ICE NGX's risk management activities: payment of settlement amounts in full and on time is important for ICE NGX to ensure liquidity needs are met on settlement days; meeting margin calls is important for ICE NGX to manage market price volatility and credit risk; providing financial statements supports ICE NGX's ongoing assessment of counterparty credit risk; and having a written risk management policy helps ensure that the Contracting Party is attuned to and managing the risks it may pose to the clearinghouse.

Prescribed Violations

- failing to pay an invoice amount in full or on time, as required under the CPA;
- failing to meet a margin call in full or on time, as required under Schedule "C" - Risk Management of the CPA;
- failing to provide financial statements in accordance with the CPA, and failing to provide notices required under the CPA;
- failing to have a written risk management policy, as required under the CPA; and
- failing to pay a fee or penalty on time.

Summary Sanctions Schedule

The Summary Sanctions Schedule establishes sanction amounts applicable to each listed violation, with escalating fines for certain repeat violations. The Summary Sanctions Schedule is designed to further reduce the potential for subjectivity in the application and amount of sanctions. ICE NGX intends to publish the Summary Sanctions Schedule on its website.

Summary Sanctions Hearing Procedures

The Summary Sanctions Hearing Procedures would govern the procedures for hearing and determining an appeal by a Contracting Party of a summary sanction, including the composition of a Summary Sanctions Hearing Panel.

As noted above, the summary sanction framework is designed to apply to CPA violations that are non-subjective in nature, with subjectivity further reduced by the Summary Sanctions Schedule prescribing applicable sanction amounts. Nevertheless, we are of the view that provision for an appeals process will support ICE NGX's fair and equal treatment of all Contracting Parties. Despite the streamlined appeals process set out in the Summary Sanctions Hearing Procedures, the appeals process provides sufficient inflection and decision points to facilitate consideration of new information and additional context.

3. Compliance with the Act and Regulations

ICE NGX reviewed the Amendments and determined that they comply with the requirements of the Act and the rules and regulations promulgated by the Commission in implementing the Act. In this regard, ICE NGX reviewed the derivatives clearing organizations core principles ("Core

Principles”) and determined that the amendments are potentially relevant to the following Core Principles and the applicable regulations of the Commission thereunder.

Compliance (Core Principle A): The Amendments are consistent with Core Principle A - Compliance and Commission Regulation 39.10, as the Amendments clarify and enhance ICE NGX’s policies and procedures for complying with Commission regulations.

Risk Management (Core Principle D): The Amendments facilitate ICE NGX’s compliance with Core Principle D - Risk management and Commission Regulation 39.13(g)(5), as the Amendments enhance ICE NGX’s authority and ability to enforce the CPA requirement that a Contracting Party have a current, written risk management policy, in accordance with the requirements under § 39.13(g)(5).

Rule Enforcement (Core Principle H): The Amendments facilitate ICE NGX’s compliance with Core Principle H - Rule enforcement and Commission Regulations

- § 39.17(a)(2), as the Amendments enhance ICE NGX’s authority to discipline a Contracting Party due to a violation by the Contracting Party of certain prescribed requirements under the ICE NGX rulebook; and
- § 39.17(b), as the Amendments specify that summary sanctions are to be imposed by the ICE NGX Chief Compliance Officer, in accordance with § 39.17(b).

Public Information (Core Principle L): The Amendments facilitate ICE NGX’s compliance with Core Principle L and Commission Regulation 39.21(c)(9), as the Amendments provide for public disclosure of the summary sanctions framework, through the CPA; the prescribed amount of the summary sanction applicable to a violation, through the Summary Sanctions Schedule; and the appeals process, through the Summary Sanctions Hearing Procedures; all of which will be publicly disclosed on the ICE NGX website

Legal Risk Considerations (Core Principle R): The Amendments facilitate ICE NGX’s compliance with Core Principle R - Legal risk considerations and Commission Regulation 39.27(b)(6), as the Amendments provide for a complete framework in respect of summary sanctions, including the authority to impose summary sanctions and the list of prescribed violations, through the CPA; the prescribed amount of the summary sanction applicable to a violation, through the Summary Sanctions Schedule; and an appeal process that provides for final disposition of an appeal, through the Summary Sanctions Hearing Procedures.

4. Certifications

ICE NGX hereby certifies that the Amendments to the CPA discussed in this submission comply with the Act and the rules and regulations promulgated by the Commission thereunder. ICE NGX is not aware of any substantive opposing views expressed regarding the Amendments. ICE NGX further certifies that, concurrent with this filing, a copy of the submission was posted on ICE NGX’s website and may be accessed at <https://www.ice.com/ngx>.
