**RE: Modifications to the Agriculture Calendar Spread Options Incentive Program
CBOT Submission No. 24-178**

Dear Mr. Kirkpatrick:

The Board of Trade of the City of Chicago, Inc. ("CBOT" or "Exchange") hereby notifies the Commodity Futures Trading Commission ("CFTC" or "Commission") of plans to modify the Agriculture Calendar Spread Options Incentive Program ("Program"). The modifications to the Program will become effective on May 1, 2024.

Exhibit 1 sets forth the terms of this Program. Modifications appear below, with additions underlined and deletions ~~overstruck~~.

The Exchange reviewed the designated contract market core principles ("Core Principles") as set forth in the Commodity Exchange Act ("CEA" or "Act"). During the review, CBOT staff identified the following Core Principles as potentially being impacted: Monitoring of Trading, Execution of Transactions, Protection of Market Participants, Availability of General Information, Compliance with Rules, and Recordkeeping.

The Program does not impact the Exchange's ability to perform its trade practice and market surveillance obligations under the CEA and the Exchange's market regulation staff will monitor trading in the Program's products to prevent manipulative trading and market abuse. Additionally, the Exchange has implemented systems to track Program participants' obligations to ensure proper distribution of earned incentives. The incentives in the Program do not impact the Exchange's order execution. Participants in the Program will be selected by Exchange staff using criteria as further stated in Exhibit 1. Chapter 4 of the CBOT rules includes prohibitions against fraudulent, non-competitive, unfair or abusive practices. All participants must execute a contractual agreement with the Exchange in which each participant will expressly agree to comply with and be subject to applicable regulations and CBOT rules. The Program is subject to the Exchange's record retention policies which comply with the CEA.

CBOT certifies that the Program complies with the CEA and the regulations thereunder. There were no substantive opposing views to this Program.

The Exchange certifies that this submission has been concurrently posted on the Exchange's website at <http://www.cmegroup.com/market-regulation/rule-filings.html>.

If you require any additional information regarding this submission, please e-mail CMEGSubmissionInquiry@cmegroup.com or contact Rachel Johnson at 312-466-4393 or via e-mail at Rachel.Johnson@cmegroup.com. Please reference our CBOT Submission No. 24-178 in any related correspondence.

Sincerely,

/s/ Timothy Elliott

EXHIBIT 1

Agriculture Calendar Spread Options Incentive Program

Program Purpose

The purpose of this Program is to build liquidity in agriculture calendar spread options (“CSOs”). The resulting increase in liquidity on the central limit order book benefits all participant segments in the market.

Product Scope

All Agriculture CSOs and corresponding futures ~~Consecutive Corn CSO (“PYC”), Consecutive Soybean CSO (“ZSC”), Soybean July-Nov CSO (“SC5”), Corn July-Dec CSO (“CC6”), and Consecutive Chicago SRW Wheat CSO (“WZC”)~~ that are traded on the CME Globex Platform or cleared through CME ClearPort (“Products”).

Eligible Participants

CBOT may designate up to seven (7) participants in the Program. Participants may be CBOT equity members, individual members, or non-member hedge funds or proprietary trading firms. Potential participants are required to submit an application/bid sheet to the Exchange as part of a competitive selection process which is used to determine eligibility. In determining whether or not a prospective participant is selected to participate in the Program, Exchange staff may take into account a variety of factors including the prospective participant’s overall historical volume in the Products and the prospective participant’s ability to maintain threshold volume obligations for the duration of the Program. The Exchange may, from time to time, add or subtract from the aforementioned requirements as it deems necessary.

Program Term

Start date is April 1, 2021. End date is ~~April 30, 2024~~ April 30, 2025.
