Re: CFTC Regulation 40.6(a) Certification. Amendments to CME and CBOT Rule 524. (“Trading at Settlement (“TAS”), Basis Trade at Index Close (“BTIC) and Basis Trade at Cash Open (“TACO”) Transactions”) and Certain CME and CBOT Equity Index Futures Contracts Regarding BTIC Transactions, Price Assignment and Disruptive Event Procedures. CBOT Submission No. 21-236 (4 of 4)

Dear Mr. Kirkpatrick:

Chicago Mercantile Exchange Inc. and The Board of Trade of the City of Chicago, Inc. (collectively, the “Exchanges”) certify to the Commodity Futures Trading Commission (“CFTC” or “Commission”) amendments to CME and CBOT Rule 524. (“Trading at Settlement (“TAS”), Basis Trade at Index Close (“BTIC) and Basis Trade at Cash Open (“TACO”) Transactions”) and certain CME and CBOT equity index futures contracts in Table 1. below regarding BTIC transactions, price assignment and disruptive event procedures (collectively, the “Rule Amendments”) effective on Sunday, August 8, 2021 for trade date Monday, August 9, 2021.

Specifically, the Rule Amendments: (1) remove language regarding disruption event handling from Rule 524.B. and insert appropriate rule language in each product chapter of the Contracts; (2) standardize the price assignment rules regarding BTIC transactions in CME and CBOT Rule 524.B.; (3) include administrative amendments to the Contracts’ BTIC transaction rules for harmonization purposes.

Exhibit A below provides amendments to CME and CBOT Rule 524. in blackline format. Exhibit B, provided under separate cover, provides amendments to the Contracts listed in Table 1. above in blackline format.

The Exchanges reviewed the designated contract market core principles (“DCM Core Principles”) as set forth in the Commodity Exchange Act (“CEA” or “Act”) and identified that the Rule Amendments may have some bearing on the following Core Principles:

Contract Not Readily Subject to Manipulation: The specification of the Contract market and the structural market attributes are designed such that the Contracts are not readily susceptible to manipulation.

Availability of General Information: As required by this Core Principle, the Exchanges will publish a Special Executive Report (“SER”) to advise the marketplace of the Rule Amendments. The SER will also be available on the CME Group website.

Daily Publication of Trading Information: Block trade volume and pricing information will continue to be published on the Exchange’s website and via quote vendors.

Pursuant to Section 5c(c) of the Act and CFTC Regulation 40.6(a), the Exchanges hereby certify that the Rule Amendments comply with the Act and regulations thereunder. There were no substantive opposing views to the Rule Amendments.

The Exchanges certify that this submission has been concurrently posted on the CME Group website at <http://www.cmegroup.com/market-regulation/rule-filings.html>

If you require any additional information regarding this submission, please contact the undersigned at (212) 299-2200 or via email at CMEGSubmissionInquiry@cmegroup.com.

Sincerely,

/s/ Christopher Bowen
Managing Director and Chief Regulatory Counsel

EXHIBIT A

CME Rulebook Chapter 5 ("Trading Qualifications and Practices")

(additions underscored; deletions ~~overstruck~~)

524. TRADING AT SETTLEMENT ("TAS"), BASIS TRADE AT INDEX CLOSE ("BTIC") AND BASIS TRADE AT CASH OPEN ("TACO") TRANSACTIONS

[The introduction and Section A. are unchanged.]

524.B. Basis Trade at Index Close ("BTIC") Transactions

A Basis Trade at Index Close ("BTIC") transaction is an Exchange futures transaction which is priced with reference to the closing level of such futures contract's underlying cash Index on a particular trading day (the "Basis"). The following shall govern BTIC transactions:

1. A BTIC order may be entered on Globex at any time the applicable futures contract is available for BTIC trading on Globex and during such BTIC-eligible futures contract's prescribed pre-open time period. The initiation of any BTIC order on Globex outside these time periods is prohibited.
2. Unless otherwise specified in the Table, a BTIC-eligible product and contract month may be executed as a block trade pursuant to the requirements of Rule 526, except that a BTIC block trade cannot be executed on the last day of trading in an expiring BTIC-eligible futures contract.
3. The Basis established in any BTIC transaction must be stated in admissible price increments for the applicable futures contract as set forth in the applicable product chapter. The assigned futures price corresponding to such BTIC transaction shall be the closing level of the applicable cash Index for that trading day adjusted by the Basis established in such BTIC transaction. For any BTIC-eligible futures contract, the magnitude of the Basis in a BTIC block trade must be fair and reasonable in light of factors including, but not limited to, financing rates, expected dividend income, and time remaining until the underlying futures contract expiration. A BTIC futures transaction may result in an assigned futures price outside of applicable daily price limits.

The assigned futures price is deemed final when determined by the Exchange, absent an index price correction by the index provider. If the closing level of a cash Index is corrected by the applicable cash Index provider prior to 4:00 p.m. CT on the following Business Day, the assigned futures price corresponding to such BTIC transaction shall be amended using the corrected closing level of the applicable cash Index adjusted by the Basis established in such BTIC transaction, and the assigned futures price shall be deemed final at that time.

- ~~4. In the event of a disruption in the primary listing exchange for a given cash Index (or a disruption in the applicable national bourse or market in the case of a given non-US cash Index), all pending and executed BTIC transactions in the corresponding futures contract shall be cancelled by the Exchange. Such disruption shall be declared by the Exchange in its sole discretion, and may include, without limitation, an unscheduled early close of the primary listing exchange (or applicable national bourse or market) or a NYSE Rule 80B trading halt declared in response to a Level 3 (20%) decline in the S&P 500 Index that necessitates an early close of the primary listing exchange.~~
5. Additional product-specific BTIC provisions requirements, including those relating to disruptions in the publication of an index, are set forth in the applicable product chapter in the Rulebook.

[The remainder of the Rule is unchanged.]

CBOT Rulebook
Chapter 5
(“Trading Qualifications and Practices”)

(Additions are underscored, deletions are ~~overstruck~~)

524. TRADING AT SETTLEMENT (“TAS”), BASIS TRADE AT INDEX CLOSE (“BTIC”) AND BASIS TRADE AT CASH OPEN (“TACO”) TRANSACTIONS

[The introduction and Section A. are unchanged.]

524.B. Basis Trade at Index Close (“BTIC”) Transactions

A Basis Trade at Index Close (“BTIC”) transaction is an Exchange futures transaction which is priced with reference to the closing level of such futures contract’s underlying cash Index on a particular trading day (the “Basis”). The following shall govern BTIC transactions:

1. A BTIC order may be entered on Globex at any time the applicable futures contract is available for BTIC trading on Globex and during such BTIC-eligible futures contract’s prescribed pre-open time period. The initiation of any BTIC order on Globex outside these time periods is prohibited.
2. Unless otherwise specified in the Table, a BTIC-eligible product and contract month may be executed as a block trade pursuant to the requirements of Rule 526, except that a BTIC block trade cannot be executed on the last day of trading in an expiring BTIC-eligible futures contract.
3. The Basis established in any BTIC transaction must be stated in admissible price increments for the applicable futures contract as set forth in the applicable product chapter. The assigned futures price corresponding to such BTIC transaction shall be the closing level of the applicable cash Index for that trading day adjusted by the Basis established in such BTIC transaction. For any BTIC-eligible futures contract, the magnitude of the Basis in a BTIC block trade must be fair and reasonable in light of factors including, but not limited to, financing rates, expected dividend income, and time remaining until the underlying futures contract expiration. A BTIC futures transaction may result in an assigned futures price outside of applicable daily price limits.

The assigned futures price is deemed final when determined by the Exchange, absent an index price correction by the index provider. If the closing level of a cash Index is corrected by the applicable cash Index provider prior to 4:00 p.m. CT on the following Business Day, the assigned futures price corresponding to such BTIC transaction shall be amended using the corrected closing level of the applicable cash Index adjusted by the Basis established in such BTIC transaction, and the assigned futures price shall be deemed final at that time.

4. ~~In the event of a disruption in the primary listing exchange for a given cash Index (or a disruption in the applicable national bourse or market in the case of a given non-US cash Index), all pending and executed BTIC transactions in the corresponding futures contract shall be cancelled by the Exchange. Such disruption shall be declared by the Exchange in its sole discretion, and may include, without limitation, an unscheduled early close of the primary listing exchange (or applicable national bourse or market) or a NYSE Rule 80B trading halt declared in response to a Level 3 (20%) decline in the S&P 500 Index that necessitates an early close of the primary listing exchange.~~
5. Additional product-specific BTIC provisions requirements, including those relating to disruptions in the publication of an index, are set forth in the applicable product chapter in the Rulebook.

[The remainder of the Rule is unchanged.]
