COMMODITY FUTURES TRADING COMMISSION

Privacy Act of 1974; Notice; Publication of the Systems of Records Managed by the Commodity Futures Trading Commission

AGENCY: Commodity Futures Trading Commission.

ACTION: Notice; publication of existence and character of revised systems of records and proposed routine uses.

SUMMARY: The Commodity Futures Trading Commission (Commission) is revising the notices it is required to publish under the Privacy Act of 1974 to describe the systems of records that contain information about individuals. This revision incorporates address and title changes and updated system descriptions. It also incorporates new systems of records that were compiled since the last publication of the Commission’s systems of records notices in 2001. This revision proposes to add routine uses that are applicable to all of the Commission’s systems of records and to re-identify the systems of records already in existence in a more consistent format.

DATES: Comments should be postmarked by March 14, 2011. This notice will become effective without further notice, on the date which is 60 days from the date given above unless otherwise revised pursuant to comments received.

ADDRESSES: Written comments may be mailed or delivered to: Office of the Secretary, Commodity Futures Trading Commission, Three Lafayette Centre, 1155 21st Street, NW., Washington, DC 20581. Comments may also be sent by e-mail to http://comments.cftc.gov.

SUPPLEMENTARY INFORMATION: This notice alerts the public to the information the Commission collects and maintains on individuals. In compiling and publishing the complete text for all of the Commission systems of records, new routine uses (blanket routine uses) have been added that apply to all of the notices. Since routine uses are permissive in nature, the blanket routine uses and the routine uses listed for each of the systems of records may be used to make a disclosure, but are not required to be used when a requester seeks a record.

The responsibility to decide whether a routine use is applicable rests with the Commission. The Commission is also proposing to add a new system of records entitled, Emergency Locator System as CFTC–9. This system of records will contain information about Commission employees and those identified by the employee to contact in the event of a medical or other emergency concerning the employee.

The system report, as required by 5 U.S.C. 552a(r) has been submitted to the Committee on Homeland Security and Governmental Affairs of the United States Senate, the Committee on Oversight and Government Reform of the House of Representatives, and the Office of Management and Budget.

The Privacy Act

The Privacy Act is a Federal law that protects information about individuals that is collected and maintained in a “system of records” by an agency of the United States government. In addition to providing the public with information about these systems, the Privacy Act and the Commission’s rules limit the agency’s ability to use or disclose personal information except for specific purposes.

Systems of Records

A “system of records” is a collection of information about individuals in paper, electronic, or other format, from which information is retrieved by the name of the individual or by some other identifying characteristic. The Privacy Act does not cover information about businesses or about individuals who are not U.S. citizens or lawfully admitted aliens. See 5 U.S.C. 522a(5).

Each system of records notice contains the following information:

• The name of the system;
• The location of the system;
• The categories of individuals whose records are maintained in the system;
• The types of records maintained in the system;
• The authority for maintaining the system;
• The routine uses of records maintained in the system, including the categories of users and the purposes of such uses;
• The policies and practices for storing, retrieving, accessing, retaining, and disposing of records in the system;
• The title and business address of the system manager, the agency official who is responsible for the system of records;
• How to find out whether the system of records contains a record pertaining to the individual, how the individual may gain access to any record pertaining to the individual contained in the system of records, and how the individual can contest the content of the records; and

• The categories of sources of records in the system.

Exempt Systems of Records

The Commission has exempted four systems of records from certain requirements of the Privacy Act, as authorized under 5 U.S.C. 552a(k), because they contain investigatory material:

• CFTC–1 Enforcement matter register and matter indices (exempted), to the extent it contains records that refer or relate to records covered under CFTC–10, Investigatory Records (exempted).
• CFTC–10 Investigatory materials compiled for law enforcement purposes.
• CFTC–31 Information pertaining to individuals discussed at closed Commission meetings.

Locations of Systems of Records

Each system of records notice tells the public where records are kept. Records may be kept at one or more Commission offices. The Commission offices are in the following locations:

• Chicago: 525 West Monroe Street, Suite 1100, Chicago, Illinois 60661, Telephone: (312) 596–0700.
• Kansas City: Two Emmanuel Cleaver II Blvd., Suite 300, Kansas City, Missouri 64112, Telephone: (816) 960–7700.
• New York: 140 Broadway, 19th Floor, New York, New York 10005, Telephone: (212) 746–9700.

In the system of records notice, the Commission headquarters office in Washington, DC, is referred to as the “principal office.” The regional offices are referred to collectively as the “regional offices.” “All Commission offices” means the headquarters office and the regional offices.

General Statement of CFTC Routine Uses

The following “blanket routine uses” of records, numbered “1” through “19” below, apply to every system of records maintained within the Commission. These blanket routine uses of the records are published below only once in the interest of simplicity, economy,
and to avoid redundancy. Additional routine uses that apply to a particular Commission system notice are listed in the applicable system notice. The release of records under all routine uses is permissive rather than mandatory. Each of the blanket routine uses is for a purpose which is compatible with the purpose for which the information was originally collected.

The following routine uses apply to all CFTC systems of records:
