

Atlantic Tunas Convention Act (ATCA) (16 U.S.C. 971 *et seq.*). Issuance of EFPs and related permits are necessary for the collection of Highly Migratory Species (HMS) for public display and scientific research that is exempt from regulations (*e.g.*, seasons, prohibited species, authorized gear, and minimum sizes) that may prohibit the collection of live animals or biological samples. A Display Permit is issued for the collection of HMS for the purpose of public display whereas a Shark Research Permit allows the National Marine Fisheries Service (NMFS) and commercial shark fishermen to conduct cooperative research to collect fishery-dependent data for management of the Atlantic shark fishery.

The regulations at 50 CFR 600.745 and 50 CFR 635.32 govern scientific research activity, exempted fishing, and exempted educational activities with respect to Atlantic HMS. Since the Magnuson-Stevens Act does not consider scientific research to be "fishing," scientific research is exempt from this statute, and NMFS does not issue EFPs for bona fide research activities (*e.g.*, research conducted from a research vessel and not a commercial or recreational fishing vessel) involving species that are regulated only under the Magnuson-Stevens Act (*e.g.*, most species of sharks) and not under ATCA. NMFS requests copies of scientific research plans for these activities and indicates concurrence by issuing a LOA to researchers to indicate that the proposed activity meets the definition of research and is therefore exempt from regulation.

Scientific research is not exempt from regulation under ATCA. NMFS issues SRPs for collection of species managed under this statute (*e.g.*, tunas, swordfish, billfish), which authorize researchers to collect HMS from bona fide research vessels (*e.g.*, NMFS or university research vessel.) NMFS will issue an EFP when research/collection involving Atlantic tunas, swordfish, and billfishes occurs from commercial or recreational fishing platforms.

To regulate these fishing activities, NMFS needs information to determine the justification of granting an EFP, LOA, SRP, Display or Shark Research Permit. The application requirements are detailed at 50 CFR 600.745(b)(2). Interim, annual and no-catch/fishing reports must also be submitted to the HMS Management Division within NMFS. The authority for the HMS Management Division for requiring this information is found at 50 CFR 635.32(a).

## COMMODITY FUTURES TRADING COMMISSION

### Agency Information Collection Activities: Proposed Collection, Comment Request: Reporting of Pre-enactment Swap Transactions

**AGENCY:** Commodity Futures Trading Commission.

**ACTION:** Notice.

**SUMMARY:** The Commodity Futures Trading Commission ("Commission" or "CFTC") is announcing an opportunity for public comment on the proposed collection of certain information by the agency. Under the Paperwork Reduction Act ("PRA"), 44 U.S.C. 3501 *et seq.*, Federal agencies are required to publish notice in the **Federal Register** concerning each proposed collection of information and to allow 60 days for public comment. The Commission recently adopted an interim final rule, as required by the Wall Street Reform and Consumer Protection Act ("Dodd-Frank Act"), requiring counterparties to a pre-enactment unexpired swap to report such swaps according to such rules as the Commission may in the future adopt. This notice solicits comments on the record retention requirement that is embedded in the interim final rule's reporting requirement, which was recognized by the Commission in an interpretive note to the final rule.

**DATES:** Comments must be submitted on or before March 14, 2011.

**ADDRESSES:** You may submit comments, identified by "Pre-Enactment Swap Collection," by any of the following methods:

- The Agency's Web site, at <http://comments.cftc.gov/>. Follow the instructions for submitting comments through the Web site.

- *Mail:* David A. Stawick, Secretary of the Commission, Commodity Futures Trading Commission, Three Lafayette Centre, 1155 21st Street, NW., Washington, DC 20581.

- *Hand Delivery/Courier:* Same as mail above.

Please submit your comments using only one method.

All comments must be submitted in English, or if not, accompanied by an English translation. Comments will be posted as received to <http://www.cftc.gov>.

### FOR FURTHER INFORMATION CONTACT:

Susan Nathan, Division of Market Oversight, Senior Special Counsel, CFTC, (202) 418-5133; e-mail: [snathan@cftc.gov](mailto:snathan@cftc.gov).

**SUPPLEMENTARY INFORMATION:** Under the PRA, Federal agencies must obtain approval from the Office of Management and Budget (“OMB”) for each collection of information they conduct or sponsor. “Collection of Information” is defined in 44 U.S.C. 3502(3) and 5 CFR 1320.3 and includes agency requests or requirements that members of the public submit reports, keep records, or provide information to a third party. Section 3506(c)(2)(A) of the PRA, 44 U.S.C. 3506(c)(2)(A), requires Federal agencies to provide a 60-day notice in the **Federal Register** concerning each proposed collection of information before submitting the collection to OMB for approval. To comply with this requirement, the CFTC is publishing notice of the proposed collection of information listed below.

*Abstract:* Section 729 of the Dodd-Frank Act required the CFTC to adopt, within 90 days of enactment of the Dodd-Frank Act, an interim final rule for the reporting of swap transactions entered into before July 21, 2010 whose terms had not expired as of that date (“pre-enactment unexpired swaps”). Pursuant to this mandate, the CFTC adopted an interim final rule requiring specified parties to pre-enactment unexpired swap transactions to report certain information related to such transactions to a swap data repository (“SDR”) or to the Commission by the compliance date to be established in reporting rules required under Section 2(h)(5) of the CEA, or within 60 days after an appropriate SDR becomes registered under Section 21 of the CEA and commences operations to receive and maintain data related to such swap, whichever occurs first. An interpretative note to the rule advises that counterparties that may be required to report to an SDR or the CFTC will need to preserve information pertaining to the terms of such swaps.

*Burden Statement:* The respondent burden for this collection is estimated to be .5 hours per response. These estimates include the time to locate the information related to the pre-enactment unexpired swap transactions and the time to ensure such information is maintained in such form as it currently exists.

*Respondents/Affected Entities:* Swap Dealers, Major Swap Participants, and other counterparties to a swap transaction (*i.e.*, end-user, non-SD/non-MSP counterparties).

*Estimated Number of Respondents:* 1,800.

*Estimated Total Annual Burden on Respondents:* 900 hours.

*Frequency of Collection:* Once.

Issued by the Commission this 5th day of January, 2011.

**David Stawick,**

*Secretary of the Commission.*
