project area’s largest harassment zone. Pinnipeds may occasionally haul out in areas closer to the proposed project, but not with any regularity. Marine mammals approaching the action area would likely be traveling or opportunistically foraging. The amount of take NMFS proposes to authorize, is considered small (less than one percent) relative to the estimated populations of 91,000 harbor seals, 250,000 gray seals, 89,054 harbor porpoises, and 63,000 Atlantic white-sided dolphins. Marine mammals may be temporarily adversely impacted by pile driving noise. However, some marine mammals are expected to avoid the area when pile driving is occurring, thereby reducing exposure and impacts, and mitigation will further ensure that injury is unlikely to occur (although it would not be expected even in the absence of mitigation given the source levels, density of animals in the area, and short duration of the activities). Pile driving activities are expected to occur for about 7–12 days total (up to 180 minutes per day). There is no anticipated effect on annual rates of recruitment or survival of affected marine mammals. Based on the application and subsequent analysis, the impact of the described pile driving operations may result in, at most, short-term modification of behavior by small numbers of marine mammals within the action area. Marine mammals may avoid the area or temporarily alter their behavior at time of exposure.

Based on the analysis contained herein of the likely effects of the specified activity on marine mammals and their habitat, and taking into consideration the implementation of the mitigation and monitoring measures, NMFS preliminarily determines that ORPC’s proposed pile driving activities will result in the incidental take of small numbers of marine mammals, by Level B harassment only, and that the total taking will have a negligible impact on the affected species or stocks.

Impact on Availability of Affected Species for Taking for Subsistence Uses

There are no relevant subsistence uses of marine mammals implicated by this action.

Endangered Species Act (ESA)

No marine mammal species listed under the ESA are anticipated to occur within the action area. Therefore, no effects to listed species are expected and section 7 consultation under the ESA is not required.

National Environmental Policy Act (NEPA)

In compliance with the National Environmental Policy Act of 1969 (42 U.S.C. 4321 et seq.), as implemented by the regulations published by the Council on Environmental Quality (40 CFR parts 1500–1508), and NOAA Administrative Order 216–6, NMFS is preparing an Environmental Assessment (EA) to consider the environmental impacts of issuance of a one-year IHA. Upon completion, this EA will be available on the NMFS Web site listed in the beginning of this document (see ADDRESSES).

I. Authority and Background

In a separate document published elsewhere in today’s Federal Register, the Commission is issuing final regulations regarding the registration process for SDs and MSPs. These final regulations follow the publication of proposed regulations on November 23, 2010,1 and they implement the registration requirements for SDs and MSPs set forth in the Dodd-Frank Wall Street Reform and Consumer Protection Act (Dodd-Frank Act).2 Specifically, Section 731 of the Dodd-Frank Act added Sections 4s(a) and 4s(b) to the CEA 3 to provide for the registration of SDs and MSPs in pertinent part as follows:

(a) REGISTRATION.—
(1) SWAP DEALERS.—It shall be unlawful for any person to act as a swap dealer unless the person is registered as a swap dealer with the Commission.

(2) MAJOR SWAP PARTICIPANTS.—It shall be unlawful for any person to act as a major swap participant unless the person is registered as a major swap participant with the Commission.

(b) REQUIREMENTS.—
(1) IN GENERAL.—A person shall register as a swap dealer or major swap participant by filing a registration application with the Commission.

(2) CONTENTS.—
(A) IN GENERAL.—The application shall be made in such form and manner as prescribed by the Commission, and shall contain such information, as the Commission considers necessary concerning the business in which the applicant is or will be engaged.

Pursuant to CEA Sections 4s(a) and 4s(b), then, the Commission is today issuing Regulations 23.21(a) and 23.21(b), which respectively subject each person who meets the definition of an SD or MSP to the registration provisions under the CEA and to Part 3 of the Commission’s regulations.4

4 Regulation 23.21(c) makes clear that each affiliate of an insured depository institution described in Dodd-Frank Act Section 716(c) is subject to the registration provisions under the CEA and Part 3 of the regulations as an SD, if the affiliate is an SD, or as an MSP, if the affiliate is an MSP.

The Commission also is issuing today such amendments to Part 3 of its regulations as may be

Additionally, pursuant to CEA Sections 4p, 8a and 17, the Commission is issuing Regulation 170.16, which provides that each registered SD or MSP must become and remain a member of an RFA.

CEA Section 4s further directs the Commission to adopt regulations applicable to SDs and MSPs with respect to the following areas: Capital and margin, recordkeeping, daily trading records, business conduct standards, documentation standards, duties, chief compliance officer,9 and, with respect to uncleared swaps, segregation.6

CEA Section 8a(10) provides that the Commission may authorize any person—including an RFA—to perform any of the registration functions under the CEA. Further, CEA Section 17(o) provides that the Commission may require an RFA to perform registration functions under the CEA with respect to its members.7 The Commission has previously authorized NFA to perform the full range of registration functions with regard to applicants for and persons registered as: A futures commission merchant, commodity pool operator or commodity trading advisor;8 an introducing broker;9 a leverage transaction merchant;10 a floor broker;11 a floor trader;12 or a retail foreign exchange dealer.13 By today’s Order, the Commission is authorizing NFA, in accordance with the standards established by the CEA and the Commission’s regulations issued thereunder,14 to perform the full range of registration functions under the CEA and the Commission’s regulations with regard to the following areas: Capital and margin, recordkeeping, daily trading records, business conduct standards, documentation standards, duties, chief compliance officer,9 and, with respect to uncleared swaps, segregation.6
