

et seq.) requires the identification and description of EFH in FMPs and the consideration of actions to ensure the conservation and enhancement of such habitat. The EFH regulatory guidelines (50 CFR 600.815) state that NMFS should periodically review and revise EFH, as warranted, based on available information.

Draft Amendment 1 considers alternatives for revising EFH, designating a new Habitat Area of Particular Concern (HAPC) for bluefin tuna spawning areas in the Gulf of Mexico, and analyzes fishing impacts on EFH.

Due to the timing of the South Atlantic Fishery Management Council's meeting at the beginning of December, NMFS is extending the comment period to provide additional opportunity for the South Atlantic Fishery Management Council, and other interested parties to comment on Draft Amendment 1. Copies of Draft Amendment 1 to the Consolidated HMS FMP are available for review (see **ADDRESSES**). NMFS anticipates completing this document and any related documents by the summer of 2009.

SUPPLEMENTARY INFORMATION:

I. Introduction

The OCC is both a Derivatives Clearing Organization (“DCO”) registered pursuant to Section 5b of the CEA,³ and a securities clearing agency registered pursuant to Section 17A of the Securities Exchange Act of 1934 (“the ‘34 Act”).⁴

OCC has filed with the CFTC, pursuant to Section 5c(c) of the CEA and Commission Regulations 39.4(a) and 40.5 thereunder,⁵ requests for approval of rules and rule amendments that would enable OCC (1) to clear and settle contracts called “options” (“Options”) on Gold and Silver Products traded on national securities exchanges, in its capacity as a registered securities clearing agency (and not in its capacity as a DCO) and (2) to clear and settle contracts called “security futures” (“Security Futures”) on Gold and Silver Products traded on designated contract markets⁶ registered with the SEC as limited purpose national securities associations pursuant to Section 15A(k) of the ‘34 Act⁷ (“DCMs”) as security futures subject to the CEA and CFTC regulations thereunder governing security futures, in either case in OCC’s capacity as a registered securities clearing agency (and not in its capacity as a DCO).⁸ Section 5c(c)(3) provides that the CFTC must approve such rules and rule amendments submitted for approval unless it finds that the rules or rule amendments would violate the CEA.

The request for approval concerning the Options and Security Futures on

Gold and Silver Products was filed effective July 23, 2008. By letter dated August 20, 2008, the Director of the Division of Clearing and Intermediary Oversight, pursuant to delegated authority, extended the review period of the request until October 21, 2008 due to the novel and complex issues raised by the products that are the subject of the request.
