**Re: Amendment to Robusta Coffee Appendix IV – Robusta Coffee Differentials  
Submission Pursuant to Section 5c(c)(1) of the Act and Regulation 40.2 and 40.6**

Dear Mr. Stawick:

Pursuant to Section 5c(c)(1) of the Commodity Exchange Act, as amended, and Commission Regulation 40.2 and 40.6, ICE Futures U.S., Inc. ("Exchange") submits, by written certification, an amendment to Robusta Coffee Appendix IV, attached as Exhibit A.

The amendment to Robusta Coffee Appendix IV reduces the discount rate for Exchange deliveries in the ports of Antwerp, Barcelona, Bremen, Hamburg and Trieste from 200 points to 125 points. The Exchange believes that the revised discount for European ports more accurately reflects recent and existing commercial differences in the cost of moving product from origin into store at each of the aforementioned ports, and therefore will increase the efficiency of the contract as a hedging and price discovery instrument.

The Exchange certifies that the amendments comply with the requirements of the Commodity Exchange Act and the rules and regulations promulgated thereunder.

The vote to recommend the amendment to the Board of Directors was adopted by the Exchange's Coffee Committee by a vote of 11 in favor and 1 opposed. The member opposed opined that the original 200 point discount was a more accurate reflection of commercial cost differences in the ports.

The amendments were adopted by the Exchange's Board of Directors by written unanimous consent in accordance with Bylaw Section 4.7 on September 28, 2007 and will become effective on October 5, 2007.
