Submitter Address: PO Box 280 Goldfield, IA 50542

Submitter Address 2:

Submitter City: Goldfield

Submitter State: IA

Submitter Zip: 50542

Submitter comment: I think the expanding the price limits would be a huge mistake. We have enough volatility in the markets already. The last expansion in 2008 just exploded everything up and down. When you get this kind of price flucuations it hurts the grain pricing and everything that goes with. Land costs, rent, fertilizer, seed. It's easy for cash rent to go up, but when the market crashes, which it will, it will be tough for rent to come back down. Submitter IP Address:
