Re: Regulation §40.5. Request for Commission Rule Approval of Amendments

to CME Rules 15202.E and 152A01.F.

CME Submission No. 11-012.

Dear Mr. Stawick,

#### I. SUBMISSION

In accordance with Regulation §40.4, Chicago Mercantile Exchange Inc. ("CME" or "Exchange") hereby requests review and approval, under the provisions of Regulation §40.5, of amendments to CME Lean Hog Futures Rule 15202.E and Options on CME Lean Hog Futures Rule 152A01.F.

### II. TEXT OF PROPOSED RULE CHANGES

The text of the proposed rule amendments is given below. Deletions are overstruck, additions are underlined.

### **LEAN HOG FUTURES**

### 15202. FUTURES CALL

## **E. Position Limits**

No person shall own or control more than:

- 1. 4,100 4,150 contracts long or short in any contract month;
- 2. 950 contracts long or short in the expiring contract month as of the close of business on the fifth business day of the contract month.

For positions involving options on Lean Hogs futures, this rule is superseded by the option speculative position limit rule.

#### **OPTIONS ON LEAN HOG FUTURES**

### 152A01. OPTION CHARACTERISTICS

F. Position Limits

No person shall own or control a combination of options and underlying futures that exceeds:

- 1. 4,100 4,150 futures equivalent contracts net on the same side of the market in any contract month:
- 2. 950 futures equivalent contracts net on the same side of the market in the expiring contract month as of the close of business on the fifth business day of the contract month.

For purposes of this rule, the futures equivalent of an option contract is 1 times the previous business day's IOM risk factor for the option series. Also for purposes of this rule, a long call option, a short put option, and along underlying futures contract are on the same side of the market; similarly, a short call option, a long put option, and a short underlying futures contract are on the same side of the market.

In addition, the CME Position Limit and Reportable Level Table in the Interpretations & Special Notices Relating to Chapter 5 section of the CME Rulebook is amended. The pertinent section of the Table is attached, with additions underlined and deletions overstruck.

# III. EFFECTIVE DATE AND RULE PROMULGATING AUTHORITY

The Exchange, pursuant to Rule 230.j., approved these proposed amendments on January 5, 2011. The amendments will become effective for all contract months after Commission approval.

# IV. OPERATION, PURPOSE AND EFFECT OF THE PROPOSED AMENDMENTS

The amendments increase the speculative position limits of Lean Hog futures and options for non-spot contract months.

The increase for non-spot contract months is based on the increased levels of open interest in 2010. The level of 4150 contracts was arrived at using a formula established by Regulation §150.5(c)(2). The data used in the calculation has been sent electronically to the Commission's staff for review.

### V. OPPOSING VIEWS

There were no substantive opposing views to the proposed amendments.

## VI. APPLICATION OF THE ACT AND REGULATIONS

There does not appear to be any need for amendment or interpretation of the Act and Regulations in order to approve the proposed amendments.

## VII. CONFIDENTIAL TREATMENT

Confidential treatment is not requested for this submission.

If you require any additional information regarding this submission, please do not hesitate to contact Jack Cook at 312-930-3295 or via e-mail at jack.cook@cmegroup.com or me at (212) 299-2200. Please reference our CME Submission No. 11-012 in any related correspondence.

Sincerely,

/s/ Christopher K. Bowen Managing Director, Chief Regulatory Counsel
