Re: ICE Clear Credit LLC Advance Notice of Proposed Rule Change Pursuant to
Commission Rule 40.10

Dear Ms. Jurgens:

ICE Clear Credit LLC ("ICE Clear Credit"), a registered derivatives clearing organization ("DCO") under the Commodity Exchange Act, as amended (the "Act") that has been designated by the Financial Stability Oversight Council as systemically important under Title VIII of the Dodd-Frank Wall Street Reform and Consumer Protection Act, hereby submits to the Commodity Futures Trading Commission (the "Commission"), pursuant to Commission Rule 40.10, the attached amendments to its clearing rules (the "Rules"). ICE Clear Credit intends to implement these rule amendments upon completion of the review period under Rule 40.10.

The rule amendments would adopt new provisions addressing ICE Clear Credit's recovery and resolution following the exhaustion of resources available to it after the default of a clearing participant (a "Participant") or a series of Participant defaults. The amendments would, among other matters:

- (i) establish a "cooling-off period" in cases of certain Participant defaults that result in guaranty fund depletion, in which case the liability of Participants and ICC for additional guaranty fund assessments would be capped for all defaults during that period (New Rule 806 and Revised Rules 801(b)(vi), 802(b) and 802(d));
- (ii) establish new procedures under which a Participant may terminate its status as a Participant, both in the ordinary course of business and during a cooling-off period, and related procedures for unwinding all positions of such a Participant and capping its continuing liability to ICC (New Rule 807 and Revised Rule 803);

- (iii) provide for “haircutting” of mark-to-market margin gains and other outgoing payments by ICC in situations where ICC determines, following a Participant default, that it is unlikely to have sufficient resources to make all such payments (New Rule 808);
- (iv) permit ICC to temporarily suspend payments on cleared contracts where ICC determines that mark-to-market margin haircutting of gains will not be sufficient to address a shortfall in resources, or where there has been a failed auction of positions of a defaulting Participant (New Rule 809);
- (v) revise procedures for the termination of clearing and wind-up of outstanding contracts (New Rule 810 and Revised Rule 804); and
- (vi) eliminate rules permitting the forced allocation of CDS positions to non-defaulting Participants in the case of a failed default auction, and provide for the use of guaranty fund contributions of Participants that fail to participate in default auctions prior to guaranty fund contributions of other Participants (Revised Rules 802(b) and 20-605(c)).

As noted, these changes are principally set forth in Chapter 8 of the ICE Clear Credit clearing rules, specifically revised Rule 802 and new Rules 806-810. In addition, certain conforming amendments have been made in Chapters 1, 2, 3 and 5 of the Rules.

Specifically, Chapter 8 of the Rules has been revised to incorporate the new resolution and recovery provisions discussed above. Rule 801(b)(vi) has been revised to cap ICC’s obligation to contribute additional assets to the guaranty fund at \$25 million in respect of any single Participant default and \$75 million in respect of all defaults during any cooling-off period. Rule 801(c)(iii) and Rule 802(b) add an additional tranche to the guaranty fund waterfall to provide for use of guaranty fund contributions of Participants that fail to participate in or perform their obligations in connection with default auctions prior to the use of guaranty fund contributions of other Participants. Additional collateral deposits of such Participants are similarly applied before additional collateral deposits of other Participants. Conforming changes have been made to Rules 802(a) and (c).

Rule 802(d) has been revised to provide that additional collateral deposits may be called from Participants in anticipation of any charge against the general guaranty fund following a default, rather than only after a charge. In addition, under the revised Rule, a Participant is not required to post an additional collateral deposit of more than 100% of its required guaranty fund contribution for any single default. (A Participant is still liable for additional collateral deposits in respect of any specific wrong-way risk guaranty fund contribution.) In addition, a retiring Participant is only obligated to make additional collateral deposits for defaults occurring prior to its termination date or, if applicable, during the cooling-off period. Rule 802(f) is modified to provide that ICC may pledge assets in the guaranty fund to support borrowings to be used for default management purposes.

New Rule 806 implements the “cooling-off period” concept. A “cooling-off period” is triggered by certain calls for additional collateral deposits or by sequential guaranty fund depletion within a 30-day period. Liability of Participants for additional collateral deposits is capped during the cooling-off period at three times the required guaranty fund contribution, regardless of the number of defaults during the period.

New procedures for termination of Participant status are added in new Rule 807. These apply both to ordinary course terminations outside of a default scenario and termination during a cooling-off period. Participants may retire from ICC during a cooling-off period by providing an irrevocable notice of termination in the first 10 business days of the period and must close out all positions within 30 days of such termination notice. A retiring Participant (other than during a cooling-off period) must make a deposit of three times its required guaranty fund contribution at the time of notice and will remain liable for defaults occurring prior to its termination date. Together with revised Rule 803, Rule 807(b)(viii) provides for the return of guaranty fund contributions to a retiring Participant within 5 business days of the termination date, or at the end of the month in which the termination date occurs, whichever is later.

A new subsection (b) has been added to Rule 604 which permits ICC to delay making outgoing mark-to-market margin payments on an intra-day basis in certain circumstances where a Participant has failed to make a mark-to-market margin payment to ICC on such day. New Rule 808 establishes the mark-to-market margin haircutting mechanism. The core of Rule 808 is a procedure for "haircutting" the mark-to-market margin and certain other contractual payments owed by ICC to Participants. A determination to impose such haircutting may be made, once certain conditions are satisfied, including the following:

- (i) one or more Participant defaults have occurred but ICC has not yet determined and either paid or submitted a claim in respect of all the net amount due to or from the defaulter in respect of its proprietary account and its customer origin account; and
- (ii) ICC determines, based on one of several relevant tests, that its available resources are insufficient to pay all relevant outward mark-to-market margin and contractual payments and/or its available resources would be insufficient to cover the losses or shortfalls to ICC from close-out of the defaulter's positions.

A haircutting determination will not be made if a determination to suspend clearing has been made under Rule 809, clearing is being terminated under Rule 810 or an ICC insolvency or failure to pay has occurred. In the event of a haircutting determination, on each day during the "loss distribution period" specified by ICC, the net amount owed on such day to each Participant that is deemed to be a "cash gainer" in respect of its house or customer origin account (i.e., a member that would otherwise be entitled to receive mark-to-market margin or other payments in respect of such account) will be subject to a percentage haircut. Corresponding adjustments are also made for "cash losers" (i.e., those who owe any amounts to ICC) to the extent amounts previously owed to them have been haircut. Haircuts are applied separately for the house and customer origin accounts, and on a net basis within those accounts.

New Rule 809 authorizes ICC to make a "suspension determination" for contracts where (i) its obligations to meet mark-to-market margin payments or the cost of auctioning off the positions of a defaulting Participant will not be satisfied through the haircutting procedure in Rule 808, (ii) following the determination of all net amounts owed in respect of a particular default, ICC may be rendered insolvent if it does not suspend clearing, or (iii) there has been a failed auction. In such case, during the suspension period, which is initially up to two business days, payments in respect of suspended contracts will be suspended.

New Rule 810 permits ICC to terminate contracts if, at the end of a suspension period under Rule 809, the conditions for suspension are still satisfied, or if conditions for suspension are satisfied but ICC does not commence a suspension. Rule 810 provides a procedure for determining the termination price for all contracts of the same type. To the extent the

termination value payable by ICC for the terminated contracts exceeds available resources for those contracts, ICC's obligations will be limited to the available resources.

Rule 20-605(c)(vii), which permitted the forced allocation of CDS contracts to Participants in the event of a failed auction or other inability to close-out or transfer relevant positions, has been removed following extensive discussions with Participants. ICC believes that the risks of this scenario are now addressed through the haircutting, suspension and termination procedures discussed above, as well as the revisions to Rule 802(b) that permit the use of guaranty fund contributions of Participants that fail to participate in a default auction prior to the contributions of other Participants.

The rule amendments are potentially relevant to the following core principles: (B) Financial Resources, (D) Risk Management, (E) Settlement Procedures, (G) Default Rules and Procedures, and (L) Public Information, and the applicable regulations of the Commission thereunder. The amendments are designed to mitigate the risks to ICE Clear Credit, as a systemically important DCO, and its Participants from the default of one or more Participants. ICE Clear Credit believes that the proposed rule changes will enhance its ability to withstand the consequences of such a default or defaults and will therefore reduce the risk of a failure or insolvency of ICE Clear Credit. The revisions will enhance ICE Clear Credit's procedures for the orderly wind-down or termination of contracts affected by a default, including for a final settlement upon the exhaustion of all clearinghouse resources. The amendments also provide clearer limitations on the liability of Participants for additional guaranty fund contributions following defaults, and a more definitive procedure for termination of Participant status (and related liabilities). The changes are thus in furtherance of, and are consistent with, the requirements of Commission Rules 39.11, 39.13(f), 39.14 and 39.16, and will facilitate the continued operation and stability of ICE Clear Credit.

ICE Clear Credit has received no substantive opposing views in relation to the proposed rule amendments.

Certification of the Amended Rules pursuant to Section 5c(c)(1) of the Act and Commission Regulation 40.10 is also provided below.

Certifications:

ICE Clear Credit hereby certifies that the Amended Rules comply with the Act and the regulations thereunder. The Amended Rules were unanimously recommended for approval by the ICC Risk Committee and unanimously approved by the ICC Board.

1. INTERPRETATION

101. Scope and Interpretation.

- (a) The Rules set forth herein are applicable to Trades and related obligations arising out of Contracts. In the event of a conflict between these Rules generally and the Rules adopted by ICE Clear Credit specifically governing Trades and related obligations made on a particular Market or with respect to particular Contracts, the Rules specifically governing such Market or Contracts will prevail. More particularly:
- (i) The Rules in Chapters 1 – 8 are supplemented for specific Markets and Contracts by the Rules in Chapters 20 *et seq.* (Thus, for example, the definitions in Rule 102 are supplemented, for purposes of Chapter 20, by the additional definitions in Rule 20-102.) The Rules in Chapters 20 *et seq.* shall apply only to the Market or Contracts specified in the caption to such Chapter.
 - (ii) Where the numbering of a Rule in Chapters 20 *et seq.* corresponds to that of a Rule in Chapters 1 – 8, the Rule in Chapters 1 – 8 is superseded to the extent applicable by the correspondingly numbered Rule in Chapter 20 *et seq.* (Thus, for example, references in Chapter 20 to the term “Default” mean a Default established in accordance with Rule 20-605.)
 - (iii) Where a Rule in Chapter 20 *et seq.* is “[Reserved],” the correspondingly numbered Rule in Chapters 1 – 8 is made expressly inapplicable to the Market or Contracts that are the subject of such Chapter.
- (b) In these Rules, unless a clear contrary intention appears, (i) the singular number includes the plural number and vice versa, (ii) reference to the masculine, feminine or neuter gender includes each other gender, (iii) any reference to a number of days shall mean calendar days unless ICE Business Days or other business days are specified, (iv) any reference to a time shall mean the time in New York, New York and (v) any reference to “dollars” or “\$” shall mean U.S. dollars. Except as otherwise specifically provided in these Rules, an act that otherwise would be required or permitted by these Rules to be performed on a day that is not an ICE Business Day may be performed on the next day that is an ICE Business Day.

If Reimbursement Obligations are charged to and applied against Collateral in the General Guaranty Fund pursuant to paragraph (a) or (b) of this Rule and, as a result, the amount of Collateral credited to a Participant is less than the amount it was required to maintain pursuant to Rule 801 immediately prior to such charge and application, the Participant shall Transfer to ICE Clear Credit additional Collateral for deposit into the General Guaranty Fund (an “Additional Collateral Deposit”) in an amount at least sufficient to restore that Participant's Required Contribution and any Specific WWR Guaranty Fund Contribution; ~~provided that, if a Participant is a Retiring Participant or provides notice that causes it to become a Retiring Participant prior to the time such deposit is due, the Participant's additional Transfer required pursuant to this sentence shall be limited to the excess, if any, of (i) such Participant's Required~~

~~Contribution and any Specific WWR Guaranty Fund Contribution on the date of the most recent application of Collateral from the General Guaranty Fund pursuant to paragraph (b) of this Rule over (ii) the aggregate Transfers of Collateral to ICE Clear Credit for deposit in the General Guaranty Fund made by such Participant after it became a Retiring Participant (other than in respect of increases to its Required Contribution or Specific WWR Guaranty Fund Contribution for periodic adjustments permitted under Rule 801) and any contributions of the Participant to the General Guaranty Fund in excess (as determined by ICE Clear Credit) of its Required Contribution and Specific WWR Guaranty Fund Contribution (with respect to such Participant, such excess of clause (i) over clause (ii) from time to time, the “**Additional Assessment Limit**”); *provided that*, if a Participant was not obligated to make a Transfer to ICE Clear Credit of additional Collateral for deposit in the General Guaranty Fund because its Additional Assessment Limit was reduced to zero and, thereafter, its Required Contribution or Specific WWR Guaranty Fund Contribution increases, the Participant shall Transfer to ICE Clear Credit such additional Collateral for deposit in the General Guaranty Fund to the extent of its Additional Assessment Limit (determined using such increased Required Contribution or Specific WWR Guaranty Fund Contribution, as applicable) on the ICE Business Day following the effectiveness of such increase. All such additional Collateral shall be Transferred to ICE Clear Credit prior to ICE Clear Credit’s opening of business on the first ICE Business Day following such notice or such later time as ICE Clear Credit shall determine in its sole discretion, subject to the limitations set forth in Rules 806 and 807; *provided that* ICE Clear Credit may at any time following the occurrence of a Default and in anticipation of any charge against the General Guaranty Fund require Participants to post Additional Collateral Deposits, subject to the limitations set forth herein in respect of such Default. A Participant that fails to Transfer the full amount of such additional Collateral, shall be in Default, and ICE Clear Credit may, in addition to any other remedies it may have, debit such Participant’s House Margin Account for any or all of such unpaid amount and assess fines and charges against such Participant as provided in Rule 606. No Participant (other than a Defaulting Participant, which shall be liable as set forth in subparagraph (c) above) shall be liable to provide Additional Collateral Deposits as a result of charges or applications against the General Guaranty Fund in respect of a single Default of a Participant in an amount exceeding its Required Contribution immediately preceding such Default. Notwithstanding the foregoing, a Participant shall continue to be liable to provide Additional Collateral Deposits in respect of its Specific WWR Guaranty Fund Contribution notwithstanding the limitations applicable to Additional Collateral Deposits in respect of a Default or the occurrence of a Cooling-Off Period. Except as provided in Rules 806 and 807, a Retiring Participant that has served a Termination Notice shall only be obligated to provide Additional Collateral Deposits in respect of Defaults occurring or declared prior to such Participant’s Termination Date.~~

hereby specifically waives all rights of redemption, stay or appraisal which it has or may have under any law now existing or hereafter adopted.

(iii) Each Participant represents that it is the sole owner of or otherwise has the right to Transfer to ICE Clear Credit the Pledged Guaranty Collateral subject to the foregoing lien and security interest, free and clear of any other security interest, lien, encumbrance or other restrictions, and agrees not to create or permit to exist any such security interest, lien, encumbrance or other restrictions. Each Participant agrees to take any action reasonably requested by ICE Clear Credit that may be necessary or desirable for ICE Clear Credit to create, preserve, perfect or validate the foregoing lien and security interest or to enable ICE Clear Credit to exercise or enforce its rights with respect thereto. With respect to any Pledged Guaranty Collateral consisting of securities and other financial assets Transferred by ICE Clear Credit in accordance with these Rules, each Participant agrees it will accept securities and financial assets of the same issuer, type, nominal value, description and amount as those securities and financial assets initially Transferred by such Participant to ICE Clear Credit.

(iv) Each Participant agrees that ICE Clear Credit may at any time and from time to time assign, pledge, repledge or otherwise create a lien on or security interest in, the General Guaranty Fund and/or the cash, securities and other property held in the General Guaranty Fund to secure the repayment of funds borrowed by ICE Clear Credit (plus interest, fees and other amounts payable in connection therewith). Any such borrowing shall be on terms and conditions deemed necessary or advisable by ICE Clear Credit (including the collateralization thereof) in its sole discretion, and may be in amounts greater, and extend for periods of time longer, than the obligations, if any, of any Participant to ICE Clear Credit for which such cash, securities or other property was pledged to or deposited with the ICE Clear Credit. Any funds so borrowed shall be used and applied by ICE Clear Credit solely for the purposes for which cash, securities and other property held in the General Guaranty Fund are authorized to be used pursuant to these Rules; provided that the failure of ICE Clear Credit to use such funds in accordance with this subsection shall not impair any of the rights or remedies of any assignee, pledgee or holder of any such lien or security interest. Cash, securities and other property held in the General Guaranty Fund, subject to the rights and powers of ICE Clear Credit with respect thereto as set forth in these Rules and any agreements between any Participant and ICE Clear Credit, and subject to the rights and powers of any person to which the General Guaranty Fund or any cash, securities or other property held therein shall have been assigned,

pledged, repledged or otherwise subjected to a lien or security interest, shall remain the property of the respective Participants depositing such cash securities and other property.

- (g) A Participant shall take no action, including but not limited to attempting to obtain a court order, that could interfere with the ability of ICE Clear Credit (i) to take any action contemplated by this Rule, including, without limitation, to liquidate, set off and/or apply such Participant's Open Positions, Collateral or other assets, pursuant to these Rules or (ii) to set off amounts owed to such Participant against such Participant's Obligations or any other Participant's Reimbursement Obligations.

803. Return of General Guaranty Fund Contributions.

ICE Clear Credit shall return a Retiring Participant's contributions to the General Guaranty Fund, to the extent not charged to or applied against pursuant to Rule 802 or Rule 804, ~~no later than the later of (i) the Retiring Participant's Scheduled Return Date and (ii) the earlier of (A) the date that ICE Clear Credit determines that any Default that occurred on or prior to such Scheduled Return Date will not result in a charge against such Retiring Participant's contribution to the General Guaranty Fund or that there was no such Default and (B) the date that is 90 calendar days from such Scheduled Return Date (the later of clause (i) and (ii), the "Retirement Date").~~ or otherwise under these Rules, following its Termination Date as set forth in Rule 807. Upon such return, the Retiring Participant shall have no further obligation to make contributions to the General Guaranty Fund, ~~notwithstanding any remaining Additional Assessment Limit. With respect to a Retiring Participant, the "Scheduled Return Date" shall be the last ICE Business Day of the first calendar quarter that has at least sixty calendar days remaining as of the first date on which such Retiring Participant no longer has any Open Positions.~~

804. Exhaustion of General Guaranty Fund; Winding Up.

- (a) ~~If (i) the application of the General Guaranty Fund in accordance with Rule 802(b) is insufficient to discharge in full the Remaining Reimbursement Obligations of the relevant Participant, taking into account (subject to the Additional Assessment Limit) additional deposits made in accordance with Rules 801 or 802~~ If (i) ICE Clear Credit determines to terminate all outstanding Contracts in accordance with Rule 810, (ii) the Board determines, by virtue of the number of Retiring Participants or otherwise, that a winding up of outstanding Contracts is prudent or (iii) an ICE Clear Credit Default occurs pursuant to Rule 805, ~~the Board~~ ICE Clear Credit shall determine the Termination Time and determine the close-out values for all Open Positions (the "**Wound-up Contracts**") ~~on a date and at prices determined by the Board in its discretion, acting in good faith in accordance with Rule 810(d), and a commercially reasonable manner, and shall determine~~ a single net amount

owed by or owed to each Participant in respect of House Positions and a single net amount owed by or owed to each Participant in respect of Client-Related Positions. shall be determined, which net amount for the avoidance of doubt shall take into account and be offset against available Mark-to-Market Margin posted by such Participant to ICE Clear Credit and available Mark-to-Market Margin posted by ICE Clear Credit to such Participant. In such case, net amounts owed by a Participant with respect to Client-Related Positions may be offset and netted against net amounts owed to a Participant with respect to House Positions; provided that net amounts owed by a Participant with respect to House Positions may not be offset or netted against net amounts owed to a Participant with respect to Client-Related Positions. In that case, ICE Clear Credit shall apply all amounts collected from Participants who owe ICE Clear Credit a net amount under the Wound-up Contracts (directly or through Margin deposited by such Participant and other funds in or payable to the accounts of the Participant or from any applicable guarantor, provided that Margin provided in respect of Client-Related Positions may only be applied to the extent net amounts are owed in respect of Client-Related Positions), plus all available amounts in the General Guaranty Fund, to pay all net amounts owed by ICE Clear Credit to Participants under the Wound-up Contracts, subject to the limitation of liability set forth in Rule 312, and, to the extent the amounts owed by ICE Clear Credit exceed the amounts available for payment, the amounts available for payment shall be prorated based on the relative net amounts owed by ICE Clear Credit to Participants under Wound-up Contracts. To the extent amounts available for payment exceed the amounts owed by ICE Clear Credit, such excess shall be applied in accordance with Rule 802(a)(iii)-(ixxi).

- (b) For the sake of clarity, if ICE Clear Credit and some or all of the Retiring Participants agree to establish a new General Guaranty Fund (the “**New General Guaranty Fund**”) and to have ICE Clear Credit accept for clearing replacements for some or all of the Wound-up Contracts, the limitation of liability set forth in Rule 312 shall continue to apply to the Wound-up Contracts, ICE Clear Credit shall be liable only to the extent set forth in such Rule 312, and the New General Guaranty Fund shall not be available to satisfy any obligations in respect of the Wound-up Contracts.

805. ICE Clear Credit Default.

If any of the events listed in this Rule occur (an “**ICE Clear Credit Default**”), all Open Positions with all Participants shall be terminated and cash settled in accordance with Rule 804.

- (a) **Failure to Pay or Deliver.** Failure by ICE Clear Credit to (i) make, when due, any payment or delivery with respect to any Participant’s Open Positions required to be made by it (determined without regard to the limitation of liability set forth in Rule 312) or (ii) make, when due, a contribution to the General Guaranty Fund

required of it by Rule 801 or 802, in the case of each of clauses (i) and (ii) if such failure is not remedied on or before the third ICE Business Day after notice of such failure is given to ICE Clear Credit by any Participant; or

- (b) **Bankruptcy.** ICE Clear Credit (i) is dissolved (other than pursuant to a consolidation, amalgamation or merger); (ii) institutes a proceeding seeking a judgment of insolvency or bankruptcy or any other relief under any bankruptcy or insolvency law or other similar law affecting creditors' rights, or presents a petition for its winding-up or liquidation; (iii) has instituted against it a proceeding seeking a judgment of insolvency or bankruptcy or any other relief under any bankruptcy or insolvency law or other similar law affecting creditors' rights, or a petition is presented for its winding-up or liquidation and, in each case, such proceeding or petition results in a judgment of insolvency or bankruptcy or the entry of an order for relief or the making of an order for its winding-up or liquidation; or (iv) seeks or becomes subject to the appointment of an administrator, provisional liquidator, conservator, receiver, trustee, custodian or other similar official for it or for all or substantially all its assets.

Any references in these Rules to Additional Collateral Deposits being called or to Required Contributions to the General Guaranty Fund being replenished or applied, in respect of a Participant which has provided such a Termination Deposit, shall be interpreted as a reference to such Termination Deposit being applied in satisfaction of such requirements, and a Participant that has served a Termination Notice and made such Termination Deposit shall not be liable for any further Additional Collateral Deposits, regardless of how many Defaults take place (subject to the proviso to Rule 806(c)).

Contractual Payments

In respect of each Account and any ICE Business Day, any of the following connected to such Account on such ICE Business Day: any fixed amounts, Initial Payment, physical settlement amount, auction settlement amount or any cash settlement amount (provided that in the case of a physical settlement amount, only the portion thereof in excess of the market value of any obligations delivered in exchange therefor (as determined by ICE Clear Credit) shall constitute a Contractual Payment). Where physical delivery or physical settlement is due to be made by way of final settlement under a CDS Contract from ICE Clear Credit to any Participant, and ICE Clear Credit (including any non-defaulting Participant acting as agent for the Clearing House) has not received a corresponding delivery from a Defaulting Participant, ICE Clear Credit may attribute a reasonable value to its delivery obligations and treat such amount as a Contractual Payment for purposes of this definition.

Contributing Participant

Cumulative Actual Gains, Losses and Realized Cash Flows

In respect of each Account of each Contributing Participant and any ICE Business Day, the aggregate amount, if any, actually paid by ICE Clear Credit to such Participant (expressed as a positive number) or by such Participant to ICE Clear Credit (expressed as a negative number) in respect of such Account by way of Contractual Payments and MTM, taking into account each Account Adjustment from but excluding the

relevant Last Call Prior To Default to and including such ICE Business Day such that, to the extent that any payment of MTM or Contractual Payment is netted or offset against any Account Adjustment on any Loss Distribution Day, the net amount actually paid for the purposes of this definition shall be used in calculating such aggregated amount.

Cumulative Transfer Cost

On any ICE Business Day during any Loss Distribution Period, the sum of any Transfer Costs for each ICE Business Day from but excluding the relevant Last Call Prior To Default to and including such ICE Business Day.

Cumulative Unadjusted Gains, Losses and Realized Cash Flows

In respect of each Account of each Contributing Participant and any ICE Business Day, the sum of the Pre-Haircut Gains, Losses and Realized Cash Flows for such Account for each ICE Business Day from but excluding the relevant Last Call Prior To Default to and including such ICE Business Day.

The Default Auction Procedures adopted by ICE Clear Credit, as in effect from time to time.

Distribution Haircut or DH

$$\text{DH}(t) = \text{UL}(t) / \text{ACG}(t)$$

where:

UL means the Uncovered Loss; and

ACG means the Aggregate Cash Gains.

Estimated Payable Net Sum

Following a particular Default, an estimate by ICE Clear Credit of the total of the net amount that would be payable by a Defaulting Participant to ICE Clear Credit (expressed as a positive number) in respect of a particular

Account after application of Available Defaulter Resources available to be applied to the payment thereof under the Rules and applicable law, based on the cash or estimated value of items considered by ICE Clear Credit to be sufficiently certain to be estimated as at the date of the estimation (including, in respect of Contracts, latest available MTM Prices), without any netting or offsetting in respect of any other Estimated Payable Net Sum or actual net amount payable to a Defaulting Participant in respect of a different Account of a Defaulting Participant. If such net amount would be payable to a Defaulting Participant by ICE Clear Credit, the Estimated Payable Net Sum will be deemed to be zero.

Haircutting Determination

The meaning set out in Rule 808(b).

Last Call Prior To Default

The most recent ICE Business Day on which payments of MTM required to be made by Participants were paid in full.

Loss Distribution Day

An ICE Business Day in the Loss Distribution Period.

Loss Distribution Period

The period commencing from and including the date specified by ICE Clear Credit in a notice following a Haircutting Determination and ending on a date specified by ICE Clear Credit in the same or any subsequent notice, as the same may be extended under Rule 808(c). A Loss Distribution Period shall end with immediate effect and without the need for any action on the part of any Participant or ICE Clear Credit upon any ICE Clear Credit Default or other determination to terminate all Contracts under Rule 804.

MTM

Mark-to-Market Margin as defined in Rule 404(a). References in this Rule 808 to the payment of MTM shall be construed as including obligations to transfer cash or other Eligible Margin as a result of changes in MTM Prices (as the difference between MTM Prices on different ICE Business Days) following a recalculation of the MTM Price and not to the total amount of MTM held by any Participant or ICE Clear Credit at any time.

MTM Price

The Mark-to-Market Price as defined in Rule 404(b).

Outward MTM Payments

On any ICE Business Day, amounts in respect of MTM that ICE Clear Credit has calculated which would, but for Rule 808, be payable in full by ICE Clear Credit to Contributing Participants (whether relating to their House Account or Client Origin Account) following the determination of MTM Prices for Contracts.

Participant Adjustment Amount

In respect of an Account of any Contributing Participant and any Loss Distribution Day, an amount equal to the Cumulative Unadjusted Gains, Losses and Realized Cash Flows in respect of such Account of such Participant less the Cumulative Actual Gains, Losses and Realized Cash Flows in respect of such Account of such Participant, in each case in respect of the Loss Distribution Period in which such Loss Distribution Day falls.

Post Default Period

The period starting at the time of declaration of a Default of a Participant and ending at the time ICE Clear Credit determines the net amount payable to or by such Defaulting Participant in respect of each Account of the Defaulting Participant following completion of the Closing-Out Process.

In respect of each Account of each Contributing Participant and any ICE Business Day, the net amount which would be payable by ICE Clear Credit to such Participant (expressed as a positive number) or by such Participant to ICE Clear Credit (expressed as a negative number) by way of Contractual Payments or MTM in respect of such Account on such ICE Business Day in the absence of the application of the Distribution Haircut. In connection with any Contract which is not re-priced daily in connection with the establishment of a Mark-to-Market Price (or any other similar price, however described or defined), for the avoidance of doubt, the Pre-Haircut Gains, Losses and Realized Cash Flows are calculated taking into account MTM that is paid by ICE Clear Credit to the Participant (or would have been payable to the Participant but for Rule 808) and Mark-to-Market Margin payable and paid by the Participant to ICE Clear Credit (without taking into account any reductions to such payments made pursuant to this Rule 808).

Received MTM

On a particular ICE Business Day following a Default, the amount that ICE Clear Credit has actually received in immediately available funds from Participants (other than Defaulting Participants) who are party to Contracts in respect of MTM.

Transfer Cost

On any ICE Business Day, the total amount payable by ICE Clear Credit to Participants that are not Defaulting Participants as consideration for the entry into of replacement Contracts to which a Defaulting Participant was party (or otherwise transferred Contracts), whether as a result of an auction, Default Auction, sale or otherwise pursuant to these Rules plus any associated costs or expenses of ICE Clear Credit in respect thereof.

Uncovered Loss or UL

In respect of ICE Clear Credit on any Loss Distribution Day:

(A) where Rule 808(b)(ii)(A) applies, an amount calculated in accordance with the following formula:

$$\text{Uncovered Loss}(t) = \text{TPHA}(t) + \text{CTC}(t) - \text{AR}$$

where:

TPHA means the Total Pre-Haircut Amount;

CTC means the Cumulative Transfer Cost;

AR means the Available Resources; and the Uncovered Loss as at the Last Call prior to Default shall be zero,

provided that if the Uncovered Loss would be less than zero, it shall be deemed to be equal to zero.

(B) where Rule 808(a)(ii)(B)(1) applies, the sum of each positive Estimated Payable Net Sum of the Defaulting Participant minus Available Non-Defaulter Resources; or

(C) where Rule 808(a)(ii)(B)(2) applies, the total of relevant net amounts payable by but not received from the Defaulting Participant (after application of applicable Available Defaulter Resources) minus Available Non-Defaulter Resources;

provided that, where there is more than one Default with overlapping Post Default Periods, the Uncovered Loss may be calculated with regard to Cumulative Transfer Cost and Available Resources for all relevant Defaulting Participants and Defaults at that time.

Unsuccessful Auction

A situation in which such number of Default Auctions as are provided for in the Default Auction Procedures have taken place but a full allocation of the auctioned Contracts has not occurred or the auction price determined in such Default Auctions falls below any minimum or minimum reserve price or above any maximum or maximum reserve price set by ICE Clear Credit.

(b) This Rule 808 shall only apply if ICE Clear Credit has determined (any such determination, a "**Haircutting Determination**") that the following conditions are all satisfied in respect of both the House Account and the Client Origin Account of a Defaulting Participant:

(i) a Default has occurred or been declared but ICE Clear Credit has not yet determined (and either paid or submitted a claim in respect of) the net amount owing to or from the Defaulting Participant in respect of its House Account or Client Origin Account following the completion of the Closing-Out Process;

(ii) ICE Clear Credit determines that one or more of the following circumstances has arisen:

(A) the sum of Outward MTM Payments, Contractual Payments and Transfer Cost (if any) in respect of either or both Accounts would, in its view, exceed Available Resources plus Received MTM;

(B) Available Resources are insufficient to meet the shortfalls, losses or liabilities of ICE Clear Credit, which may be determined if, in its view:

(1) any Estimated Payable Net Sum or the aggregate of Estimated Payable Net Sums would exceed the Available Non-Defaulter Resources which, pursuant to Rule 802,

would be available to meet the losses of ICE Clear Credit represented by such net amounts; or

(2) any net amounts owed by the Defaulting Participant to ICE Clear Credit (to the extent that the same have not been satisfied through applicable Available Defaulter Resources or otherwise received by ICE Clear Credit in immediately available funds from the Defaulting Participant) in total would exceed the Available Non-Defaulter Resources which, pursuant to Rule 802 are to be applied to meet the losses of ICE Clear Credit represented by such net amounts;

provided that, where there is more than one Default with overlapping Post Default Periods, such determinations may be made with regard to the Available Resources, Transfer Cost, Estimated Payable Net Sums and net sums relating to all relevant Defaulting Participants and Defaults at that time;

(iii) no Suspension Determination has been made which remains in effect;

(iv) no Termination Circular has been issued; and

(v) there has been no ICE Clear Credit Default.

(c) If there is a Haircutting Determination, ICE Clear Credit shall issue a notice to Participants to that effect specifying:

(i) the date of commencement of any Loss Distribution Period; and

(ii) such other matters as ICE Clear Credit considers are relevant, which may (but are not required to) include a date on which the Loss Distribution Period is expected to end.

If any expected end date for the Loss Distribution Period is specified in the notice, the Loss Distribution Period may nonetheless be extended by the publication of a further notice and any expiry of a Loss Distribution Period arising as a result of a particular Default shall not preclude there being any additional Loss Distribution Period at a later stage arising as a result of the same Default.

(d) *Adjustment of MTM payments for Cash Gainers.* On each Loss Distribution Day for each Account of each Contributing Participant that is deemed to be a Cash Gainer, the amount payable by ICE Clear Credit on such day in respect of the Pre-Haircut Gains, Losses and Realized Cash Flows for such Account shall be reduced by an amount equal to any positive amount determined in accordance with the following formula separately for each of its Accounts or, as applicable, increased by the absolute value of any negative amount determined in

accordance with the following formula (in each case, such amount the "**Cash Gainer Adjustment**"):

$$\text{Cash Gainer Adjustment}(t) = \text{PHG}(t) - ((\text{CUG}(t) \times (1 - \text{DH}(t))) - \text{CAG}(t-1))$$

where:

PHG means the Pre-Haircut Gains, Losses and Realized Cash Flows;

CUG means the Cumulative Unadjusted Gains, Losses and Realized Cash Flows;

DH means the Distribution Haircut, expressed as a decimal provided that it shall be no greater than 1; and

CAG means the Cumulative Actual Gains, Losses and Realized Cash Flows and where CAG as at the Last Call Prior to Default shall be zero.

Any Transfer Cost due to any Participant that has won a Default Auction shall be paid in full and not be subject to any Cash Gainer Adjustment nor included in amounts PHG, CUG or CAG.

- (e) Adjustment of MTM Payments for Cash Losers. On each Loss Distribution Day for each Account of each Contributing Participant that is deemed to be a Cash Loser, the amount payable by such Contributing Participant on such day in respect of the Pre-Haircut Gains, Losses and Realized Cash Flows for such Account shall be reduced by the absolute value of an amount (the "**Cash Loser Adjustment**") determined in accordance with the following formula separately for each of its Accounts:

$$\text{Cash Loser Adjustment}(t) = \text{PHG}(t) - (\text{CHG}(t) - \text{CAG}(t-1))$$

where:

PHG means the Pre-Haircut Gains, Losses and Realized Cash Flows;

CHG means the Cumulative Unadjusted Gains, Losses and Realized Cash Flows; and

CAG means the Cumulative Actual Gains, Losses and Realized Cash Flows and where CAG as at the Last Call Prior to Default shall be zero.

- (f) On each Loss Distribution Day, ICE Clear Credit shall apply any Account Adjustment as set forth above as an offset against any payments from or receivable by the relevant Participant or aggregate it with any required payment to ICE Clear Credit for the relevant Account. MTM obligations and related adjustments pursuant to this Rule 808 of Contributing Participants that are not

Defaulting Participants shall then be paid and collected following such netting with other payment obligations.

(g) Notwithstanding the effects of this Rule 808 during a Loss Distribution Period:

(i) Participants shall remain liable to pay, and shall continue to make timely payment of, all amounts other than in respect of MTM or Contractual Payments falling due to, and shall remain liable to deliver, and shall continue to make timely delivery of, all property falling due for delivery to, ICE Clear Credit in accordance with the Rules and Procedures, including obligations to pay Initial Margin, General Guaranty Fund contributions and Additional Collateral Deposits (in the latter case, subject always to the relevant limits set out in the Rules); and

(ii) ICE Clear Credit will remain liable to pay or release Margin to Participants in the usual way, subject to netting to take account of any applicable Account Adjustment.

(iii) All such other payments shall be made without regard to whether any payment which would have fallen due (were it not for the Haircutting Determination) has been made and without any offsetting or withholding of amounts under any other right of or to netting, set-off, lien, recouping, property, combination of accounts or other basis.

(h) Any rebate, incentive scheme or fee discount arrangements that would otherwise result in amounts being payable by ICE Clear Credit in respect of Contracts affected by the arrangements during the Loss Distribution Period shall not be applicable during any Loss Distribution Period. Action by ICE Clear Credit under this Rule 808 shall not constitute an ICE Clear Credit Default.

(i) Where ICE Clear Credit determines that none of the situations under which a Haircutting Determination could be made persists or is likely to persist or otherwise wishes to end any Loss Distribution Period, it shall issue a notice specifying the final date of the Loss Distribution Period. After the end of the Loss Distribution Period, the adjustments, modifications and limited recourse provisions specified in this Rule 808 shall no longer apply and ICE Clear Credit shall resume calculating, collecting and paying MTM payments and Contractual Payments in the ordinary course. The end of the Loss Distribution Period shall not preclude ICE Clear Credit from making a further Haircutting Determination in respect of the same Default to the extent that any open Contracts of the Defaulting Participant have not been Terminated and the other conditions of the Haircutting Determination are satisfied.

(j) This Rule 808(j) shall apply where ICE Clear Credit (1) receives amounts from a Defaulting Participant or another Participant that would, had they been paid on time, have increased ICE Clear Credit's Available Resources or Received MTM

on an ICE Business Day on which any Account Adjustment was made pursuant to this Rule 808 during a Loss Distribution Period; (2) recalculates any Estimated Payable Net Sum in circumstances in which the previously Estimated Payable Net Sum was higher; or (3) determines an actual net amount payable to or from a Defaulting Participant in circumstances in which an Estimated Payable Net Sum had previously been used as a basis for invoking its rights under this Rule 808 where the actual net amount payable to ICE Clear Credit is less than the last Estimated Payable Net Sum (or such net amount is payable by ICE Clear Credit and the Estimated Payable Net Sum was payable to ICE Clear Credit). Where this Rule 808(j) applies, ICE Clear Credit shall distribute such amounts as it has received or estimates are now available (as applicable) (after deducting any administration and other costs of ICE Clear Credit, including, without limitation, the costs of recovering or recalculating any such amounts):

- (i) first to Contributing Participants who are not then Defaulting Participants (irrespective of whether they remain Participants at the time of the recovery) who became subject to Cash Gainer Adjustments in respect of an Account during the Loss Distribution Period to which the receipts relate, with the payments determined on a pro rata basis based on each Participant's applicable Participant Adjustment Amount for such Account;
- (ii) secondly, as set forth in Rule 802(c).
- (k) This Rule 808 is without prejudice to ICE Clear Credit's rights to set off or net any sum owed by a Participant to ICE Clear Credit against any sum payable by ICE Clear Credit to a Participant or to any other powers of ICE Clear Credit under the Rules, but ICE Clear Credit may not take any such action to the extent inconsistent with the provisions of this Rule 808.
- (l) Nothing in this Rule 808 shall require ICE Clear Credit to pursue any litigation, claim or other action against a Participant or Defaulting Participant in respect of any amount, obligation or asset (not being Available Resources or Available Defaulter Resources) which is owed or due but unpaid or unsatisfied by such Participant or Defaulting Participant.
- (m) In carrying out any calculations or making any determinations pursuant to this Rule 808, ICE Clear Credit may convert any amounts denominated in one currency into another currency chosen by ICE Clear Credit in its discretion and at a rate of exchange chosen by ICE Clear Credit in its discretion, provided ICE Clear Credit shall act in a commercially reasonable manner when choosing a currency or a rate of exchange for the aforesaid purposes.
- (n) During a Loss Distribution Period, ICE Clear Credit shall apply all Received MTM and Available Resources solely to meet Outward MTM Payments, Contractual Payments and Transfer Costs, to make other payments envisaged under Chapters 8, 20 and 20A of the Rules and the Default Auction Procedures, to

make reimbursement to Participants under Rule 808(j) and to fund its obligations to meet any shortfall, loss or liability incurred by it under Contracts or these Rules as permitted under the Rules.

- (o) For the avoidance of doubt, all calculations under this Rule 808 in respect of the Customer Account shall be determined on a net basis among all Non-Participant Parties in such Account, including without limitation for purposes of the calculation of any Cash Gainer Adjustment or Cash Loser Adjustment.
- (p) Where Physical Settlement is applicable to any CDS Contract, on any Business Day during a Loss Distribution Period, ICE Clear Credit may make such adjustments as are necessary to the calculation of Cash Gainer Adjustment or Cash Loser Adjustment to reflect the payment flows arising from such Physical Settlement, based on the principle that the calculation of Cash Gainer Adjustment and Cash Loser Adjustment is designed to capture all profits and/or losses on Open Positions during the relevant Loss Distribution Period.

809. Suspension of Clearing.

- (a) Without prejudice to the provisions of Rule 604, this Rule 809 shall only apply if ICE Clear Credit has determined (any such determination, a "**Suspension Determination**") that the following conditions are all satisfied:
 - (i) a Default has been declared but ICE Clear Credit has not yet determined (and either paid or submitted a claim in respect of) the net amount payable to or from Defaulting Participant in respect of its House Margin Account and Client Omnibus Margin Account following the completion of the Closing-Out Process;
 - (ii) ICE Clear Credit determines that one or more of the following circumstances has arisen:
 - (A) its obligations to meet Outward MTM Payments, Contractual Payments or the Transfer Cost, in its view, may not be satisfied by applying Available Resources and Received MTM and the provisions set out in Rule 808;
 - (B) following either the determination of all net amounts owed by or to a Defaulting Participant in respect of a particular Default or, where any such net amount has not been declared, based on the calculation of an Estimated Payable Net Sum, ICE Clear Credit, in its view, may either:
 - (1) become unable to pay its debts as they fall due; or

- (2) have total liabilities which exceed its total assets,
in either case if it does not invoke the provisions set out in this Rule 809; or
- (C) there has been an Unsuccessful Auction;
- (iii) no Termination Circular has been issued; and
- (iv) there has been no ICE Clear Credit Default.
- (b) If there is a Suspension Determination, ICE Clear Credit shall issue a notice to Participants that effect (a "**Suspension Circular**") specifying:
- (i) that the Suspension Determination has been made;
- (ii) the start and initial end date of the Suspension Period; and
- (iii) such other matters as ICE Clear Credit considers are relevant.
- (c) From the moment of issue of a Suspension Circular, for an initial period of up to two ICE Business Days as may be specified by ICE Clear Credit in the notice (the "**Suspension Period**):
- (i) payment in respect of all Contracts ("**Suspended Contracts**") or other obligations relating to Suspended Contracts which are owed by or to ICE Clear Credit that have been instructed by ICE Clear Credit or Participants prior to the commencement of the Suspension Period but which have not been completed at the commencement of the Suspension Period, shall be completed (subject to Rule 808, if applicable) in accordance with the Rules, notwithstanding the Suspension Determination or Suspension Period;
- (ii) subject to Rule 809(c)(i) and (iv), neither party to a Suspended Contract shall be required to pay, deliver or perform any other obligation under such Contract (nor to pay Margin in respect of such a Contract); and neither ICE Clear Credit nor any Participant shall be deemed to have committed or been subject to an ICE Clear Credit Default or Default respectively nor taken any action giving rise to termination rights under the Rules as a result of any such non-performance nor shall any Participant be capable of being declared a Defaulting Participant solely as a result of any such non-performance;
- (iii) ICE Clear Credit shall suspend the calculation of MTM Prices for Suspended Contracts, but Participants shall remain obliged to provide pricing data in the same way as if there were no suspension and ICE Clear Credit may, if it so decides, publish or distribute indicative MTM

Prices and indicative information concerning what would otherwise be Initial Margin requirements to Participants solely for information, risk and monitoring purposes;

- (iv) the exercise of rights under Suspended Contracts and related operational processes that are already in the course of performance or operation at the time of the issue of the Suspension Circular or contractual lifecycle events that are due to occur after that time, such as option exercise or abandonment, services of notices (including Credit Event Notices and other notices under Contracts) and expirations, shall be completed in accordance with the terms of those Contracts and the Rules and ICE Clear Credit Procedures (subject to ICE Clear Credit directing otherwise in accordance with the Rules and ICE Clear Credit Procedures) but any obligation on either party to a Suspended Contract to pay any amount, enter into any new Contract or deliver any property shall remain suspended until the end of the Suspension Period;
- (v) no further Trades may be submitted for Clearing and no Contracts may be transferred to another Participant or closed out;
- (vi) subject to Rules 806 and 807 , Participants shall remain liable to have their General Guaranty Fund contributions applied and obliged to make timely payments in respect of Additional Collateral Deposit relating to each Default that occurs or is declared prior to or during the Suspension Period and the Suspension Period shall have no effect on the time of performance of such obligations or the time or conditions of exercise of ICE Clear Credit's right to apply General Guaranty Fund contributions or call for Additional Collateral Deposits;
- (vii) any other obligations of Participants to make any General Guaranty Fund contribution which fall due for performance during the Suspension Period shall be suspended; and
- (viii) any rebate, incentive scheme or fee discount arrangements that would otherwise result in amounts being payable by ICE Clear Credit (whether for itself or on behalf of any Market) in respect of Contracts affected by the arrangements during the Suspension Period shall not be applicable during any Suspension Period.
- (d) Prior to the expiry of a Suspension Period, ICE Clear Credit may at any time terminate the Suspension Period early by issuing a notice specifying the time at which the Suspension Period will cease to take effect.
- (e) Subject to Rule 808 and 810, upon the expiry or termination of the Suspension Period, unless ICE Clear Credit has issued a Termination Circular, the suspensions referred to in Rule 809(c)(ii) shall cease to have effect and

payments shall be made as between ICE Clear Credit and each Participant in order to restore the position between ICE Clear Credit and each Participant affected by the Suspension Period to what it would have been had there been no Suspension Period.

(f) Any suspension of obligations of ICE Clear Credit and Participants during a Suspension Period pursuant to this Rule 809 shall not give rise to any claim for breach of contract or duty or otherwise against ICE Clear Credit or a Participant. Action by ICE Clear Credit under this Rule 809 shall not constitute any kind of ICE Clear Credit Default.

(g) In carrying out any calculations or making any determinations pursuant to this Rule 809, ICE Clear Credit may convert any amounts denominated in one currency into another currency chosen by ICE Clear Credit in its discretion and at a rate of exchange chosen by ICE Clear Credit in its discretion, provided ICE Clear Credit shall act in a commercially reasonable manner when choosing a currency or a rate of exchange for the aforesaid purposes.

810. Termination of Clearing.

(a) If:

(i) at the end of the Suspension Period, any of the conditions set out in Rule 809(a)(ii)(A) or (B) are still satisfied; or

(ii) the conditions for issuance of a Suspension Circular (except Rule 809 (a)(iii)) are satisfied but ICE Clear Credit does not commence a suspension;

and there has been no ICE Clear Credit Default, then ICE Clear Credit may issue a Termination Circular in respect of all outstanding Contracts.

(b) If ICE Clear Credit is to terminate Contracts under this Rule 810, it must issue a notice (a "**Termination Circular**") stating:

(i) ICE Clear Credit's intention to rely upon and apply Rule 810;

(ii) the applicable Termination Price for each Contract type that is to be terminated;

(iii) the date and time on which termination will take place ("**Termination Time**"); and

(iv) such other matters as ICE Clear Credit considers are relevant.

- (c) Upon and with effect immediately as from the Termination Time, every Open Position shall be automatically terminated at the Termination Price, without the need for any further step by any party to such Contract. Final settlement with respect to such terminated contracts will be made pursuant to Rule 804.
- (d) The Termination Price for purposes of any termination and final settlement pursuant to Rule 804 shall be the same for all Contracts of the same type and shall be the same for all Participants that are party to Contracts of such type. Termination Prices shall be based upon the value of Contracts as at the Termination Time in accordance with the principles set out in this Rule 810(d) but without reference to the Loss Distribution Process in Rule 808. Such Termination Prices shall be calculated based on:
- (i) the latest established Mark-to-Market Price for each relevant set as at the Termination Time, determined using the methodology customarily applicable for determining Mark-to-Market Prices;
- provided that, prior to or around the time of giving effect to the termination, ICE Clear Credit may, following consultation with the Risk Committee, determine that it should conduct a final price submission and price determination process to determine a Mark-to-Market Price for purposes of termination in which it shall use its standard processes and procedures to determine the price and which Participants shall participate in fully, in good faith, using their standard processes and procedures and in accordance with applicable laws.
- (ii) if no price described in Rule 810(d)(i) exists or is determined, the last market quotation or settlement price established or published by another exchange or clearing organization (that is not subject to an insolvency) selected by ICE Clear Credit for an economically similar contract immediately prior to the Termination Time; or
- (iii) if no price described in Rule 810(d)(i) or (ii) exists or is determined, at a commercially reasonable price as reasonably determined by ICE Clear Credit by reference to objective and observable market prices at the relevant Termination Time, the mean settlement price for the Termination Time based on a survey of market participants active in Contracts similar to the set or otherwise on such basis as ICE Clear Credit determines with a view to obtaining a fair valuation.
- (iv) Any rebate, incentive scheme or fee discount arrangements that would otherwise result in amounts being payable by ICE Clear Credit (whether for itself or on behalf of any Market) in respect of Contracts to be terminated under this Rule 810 shall not be applicable in respect of such Contracts.

- (e) No action or omission by ICE Clear Credit pursuant to this Rule 810 shall constitute an ICE Clear Credit Default.
- (f) In carrying out any calculations or making any determinations pursuant to this Rule 810, ICE Clear Credit may convert any amounts denominated in one currency into another currency chosen by ICE Clear Credit in its discretion and at a rate of exchange chosen by ICE Clear Credit in its discretion, provided ICE Clear Credit shall act in a commercially reasonable manner when choosing a currency or a rate of exchange for the aforesaid purposes.
- (g) Nothing in this Rule 810 shall require ICE Clear Credit to pursue any litigation, claim or other action against a Participant or Defaulting Participant in respect of any amount, obligation or asset (not being Available Resources or Available Defaulter Resources) which is owed or due but unpaid or unsatisfied by such Participant or Defaulting Participant.

Mark-to-Market Price for such Contracts, or at such other price or prices reflecting the current market as ICE Clear Credit, in consultation with the CDS Default Committee in accordance with the ICE Clear Credit Procedures, may deem fair and reasonable in the circumstances;

- (v) To take any action or refrain from taking any action on behalf of the Defaulting CDS Participant with respect to any Open CDS Position of the Defaulting CDS Participant, which, in the judgment of ICE Clear Credit and subject to the terms of the relevant CDS Contract and applicable law, would be advisable to preserve the value of such Open CDS Position, including, without limitation, exercising any rights or remedies therein; tendering or accepting for tender any securities, loans or other obligations; making or receiving any payments; making or providing any election or notice or otherwise performing any other act or obligation contemplated therein;
- (vi) Subject to Rule 20A-02, if applicable, to enter into Trades with other CDS Participants that replace or mitigate the risk of all or part of the Open CDS Positions of the Defaulting CDS Participant and any Initial Cover Transactions, pursuant to one or more auctions or other process established taking into account recommendations of the CDS Default Committee and consistent with the Default Auction Procedures, but any such Trades shall not be at a price less favorable to ICE Clear Credit than a target price (a “**Minimum Target Price**”) for all or a portion of the Open CDS Positions of the Defaulting CDS Participant and any Initial Cover Transactions with respect thereto, established by ICE Clear Credit in consultation with the CDS Default Committee and taking into account the results of any prior auctions, which shall be the least favorable price that would be, in the judgment of ICE Clear Credit, reasonable to accept for such Trades;
- ~~(vii) To the extent that ICE Clear Credit does not enter into Trades that replace or otherwise close all of the Open CDS Positions of the Defaulting CDS Participant and all Initial Cover Transactions (if any), to enter into Trades with other CDS Participants (who shall be obligated to enter into such Trades in accordance with this subparagraph and to submit, in accordance with the ICE Clear Credit Procedures, the terms of such Trades with ICE Clear Credit to Deriv/SERV or another service specified by ICE Clear Credit) that replace any remaining Open CDS Positions of the Defaulting CDS Participant and any remaining Initial Cover Transactions at a price (the “**Allocation Price**”) reflecting the current market as determined by ICE Clear Credit in consultation with the CDS Default Committee in accordance with the ICE Clear Credit Procedures, taking into account the Minimum Target Price (as adjusted by ICE Clear Credit in consultation with the CDS Default Committee for market changes from the time of the initial determination of the Minimum Target Price to~~

~~the time such Trades are entered into) on a pro rata basis (or as near as practicable, with odd lots determined by ICE Clear Credit and assigned randomly) in proportion to the size of each CDS Participant's Required Contribution to the General Guaranty Fund relative to the aggregate of the Required Contributions to the General Guaranty Fund of all CDS Participants other than the Defaulting CDS Participant.
