Thereafter, from day to day, to the extent such transaction remains open, similar payments shall be made to bring the Trade to the Settlement Price of that day, and after such payments have been made, the buying Participant shall be deemed to have bought, and the selling Participant shall be deemed to have sold, such Contract to The Clearing Corporation at the Settlement Price of such day.

304. Offsets.

Where, as the result of substitution under Rule 301, a Participant has bought from The Clearing Corporation any amount of a given Contract for a particular delivery, and subsequently, and prior to such delivery, such Participant sells to The Clearing Corporation any amount of the same Contract for the same delivery, the second transaction shall be deemed pro tanto a settlement or adjustment of the prior transaction, except as provided in Rule 311, and except with respect to Options. In like manner, where a Participant sells to The Clearing Corporation any amount of a given Contract for a particular delivery, and subsequently, and before delivery, such Participant buys any amount of the same Contract for the same delivery, the second transaction shall be deemed pro tanto a settlement or adjustment of the prior transaction, except as provided in Rule 311, and except with respect to Options. Thereupon, such Participant shall become liable to pay the loss or entitled to collect the profit, as the case may be, upon such adjusted transactions, and shall be under no further liability to receive or make delivery with respect thereto. For purposes of this Rule, the first Trades made shall be deemed the first Trades offset.

305. Trade Confirmations.

Each Business Day, the exact hours as from time to time fixed by The Clearing Corporation, Participants shall file with The Clearing Corporation confirmations, in the manner prescribed by The Clearing Corporation (which, in the case of electronic trading systems that submit matched trades to The Clearing Corporation, shall be satisfied by confirming reports automatically generated by such system that contain the information set forth herein), covering Trades made during the day (including scratch Trades) showing for each Trade (a) the identity of both Participants, (b) whether bought or sold, (c) the quantity involved, (d) the delivery month, (e) the Contract expiration and series involved, (f) the price and/or premium, (g) whether for house, customer, non-customer or floor trader account, and (h) such other information as may be required by The Clearing Corporation to effect the matching of Trades between the buyer and the seller.

306. Disagreement in Trade Confirmations.

If a Trade confirmation of any Participant shall not correspond in all material respects with the confirmation of the other party to such Trade, The Clearing Corporation may reject such Trade and notify both Participants, setting forth the basis of such objection.

307. Statement of Trades and Positions.

The Clearing Corporation shall make available to a Participant a statement of Trades and positions for each Business Day on which such Participant has Trades to be cleared or a position open with The Clearing Corporation. Such statement shall show the amounts the Participant shall pay to or receive from The Clearing Corporation under Rule 303 and the amount of premium the Participant shall pay to or receive from The Clearing Corporation, in all cases at the time and in the manner prescribed by The Clearing Corporation.

308. Daily Variation Settlements.

If the statement of Trades and positions made available to a Participant under Rule 307 shows a net balance in favor of The Clearing Corporation, the Participant shall, at the time and in the manner prescribed by The Clearing Corporation, pay such net balance to The Clearing Corporation. Payment will be considered made hereunder only if made in a manner prescribed by The Clearing Corporation and results in immediate credit to the account of The Clearing Corporation. If such statement shows a net balance in favor of the Participant, The Clearing Corporation shall promptly pay, at the time and in the manner prescribed by The Clearing Corporation, the amount of such net balance to the Participant.

309. Statement of Original Margins and Premiums.

At the time a statement of the Participant's Trades and positions is made available pursuant to Rule 307, The Clearing Corporation shall also make available a statement showing original Margins and Option premiums deposited by the Participant, the amount of such Margins and premiums required by The Clearing Corporation, and the Participant's net surplus of, or deficit in, such Margins and premiums.

310. Acceptance of Trades by Clearing Corporation.

The Clearing Corporation shall accept no Trades for clearance except for the account of its Participants. A Trade, except a Transfer Trade, is accepted upon either The Clearing Corporation's receipt and acknowledgment of a matched Trade or matching of Trade confirmations. A Transfer Trade is accepted upon receipt of all payments and deposits required to be made pursuant to these

Rules by the Participants who are parties to the Transfer Trade. Issuance by The Clearing Corporation, to a Participant, of a statement of Trades and positions as provided in Rule 307 shall constitute confirmation that the Trades listed on such statement, except Transfer Trades, have been accepted by The Clearing Corporation.

311. Trades for Customers.

Where a Participant clears a Trade for a customer, whether a member or non-member of an Exchange Market, the Participant becomes liable to The Clearing Corporation and The Clearing Corporation liable to the Participant on such Trade in the same manner and to the same extent as if the Trade were for the account of the Participant; provided, however, that Trades made on or subject to the rules of an Exchange Market and designated by the Participant as for the Participant's customer shall not be offset under Rule 304 against Trades designated by the Participant as for the Participant's own account.

312. Separate Accounts.

A Participant required by law to segregate a particular class of transactions with The Clearing Corporation shall maintain a separate account for that purpose (the "separate account"). When appropriately so designated by the Participant, the separate account shall be treated as to Margins, Option premiums, daily variation settlements, deliveries and all other operations as though it were the account of a different Participant except that, (a) excess funds in any other account of the Participant may be allocated by The Clearing Corporation to the separate account to the extent necessary to meet applicable Margin and variation deposit requirements of these Rules, and (b) if the Participant is in Default under Rule 605 as to any account maintained by the Participant with The Clearing Corporation or for any reason ceases to be a Participant, the open Trades in all such accounts may be closed in the open market, transferred to any other Participant, or otherwise resolved and the deficit, if any, in the separate account applied against the balance in any other account of the Participant. The Clearing Corporation shall maintain all funds held in the separate accounts in accordance with relevant provisions of the Commodity Exchange Act and Commission regulations.

313. Records.

Participants shall keep permanent records showing, with respect to each purchase or sale, the names of both Participants, the Futures Contract, Option series, quantity, date, price, delivery or expiration month, the name or account identifier of the customer for whom the Trade was made and such other information as may be required by law, regulation, or by The Clearing Corporation. Such permanent records shall be retained for at least five years, either in original form or in such other form as The Clearing Corporation may

from time to time authorize, and shall be deemed the joint property of The Clearing Corporation and the Participant keeping such records. The Clearing Corporation shall be entitled to inspect or take temporary possession of such records at any time upon demand.

314. Reporting.

Participants shall make reports of their positions at the time and in the manner prescribed by The Clearing Corporation.

315. Limitation of Liability.

The liability of The Clearing Corporation relating to or arising out of Contracts shall be limited to losses resulting from the substitution of The Clearing Corporation upon Contracts in accordance with these Rules, **but in no event shall the amount of such liability exceed the amount on deposit in the General Guaranty Fund.** The Clearing Corporation shall not be liable for obligations of a non-Participant or obligations of a Participant to a non-Participant (other than, in each case, Eurex Clearing), obligations of a Participant to another Participant who is acting for such other Participant as broker, or obligations of a Participant to a customer, nor shall The Clearing Corporation become liable to make deliveries to or accept deliveries from a customer of a Participant.

... Interpretations and Policies:

- .01** The liability of Eurex Clearing as a Special Clearing Member is governed by the provisions of the Link Agreement.

316. Non-Acceptance of Trades.

In case of the non-acceptance of the Trades of any Participant, The Clearing Corporation shall be deemed to have incurred no obligations respecting the Trades that are not so accepted. It shall be incumbent upon the Participants who are parties to any such Trades to take such steps as the Participants may deem necessary or proper for such Participants' own protection.

317. Authority of President.

Without limitation of any authority conferred by the Certificate of Incorporation, the Bylaws, other provisions of these Rules, or resolutions of the Board or any committee of the Board, the President is authorized, should he deem it necessary or advisable, to take such action as he deems necessary or appropriate for the protection of The Clearing Corporation. The President may take such action pending a meeting of the Board or committee of the Board, but shall modify or rescind such action if so instructed by the Board or such committee.

4. MARGIN AND SETTLEMENTS

401. Clearing Corporation Lien.

Each Participant agrees that The Clearing Corporation shall have a first lien and security interest on all Margin, Option premiums, Trades, positions and other property held in or for the accounts of such Participant as security for all obligations of such Participant to The Clearing Corporation.

402. Original Margin.

- (a) Margin deposits, other than variation deposits, shall be known as original Margin. The Clearing Corporation shall, from time to time, fix the amount of original Margin which shall be deposited by Participants to protect The Clearing Corporation on Trades in Contracts.
- (b) Original Margin shall be deposited in the manner prescribed in Rules 405 and 406. Upon performance or closing out of contracts thus secured, the original Margin deposits may be withdrawn by the Participant upon the authorization of The Clearing Corporation. Margin calls shall ordinarily be uniform, but where particular risks are deemed hazardous, The Clearing Corporation may, in its sole discretion, depart from the rule of uniformity and call for additional Margin.

403. Variation Deposits.

Margin called by reason of market fluctuations shall be known as variation deposits and shall be paid by Participants to The Clearing Corporation on demand in the manner prescribed by Rule 308. Variation deposits shall be deemed payments on account of Trades and positions for that Business Day and shall be reflected on statements of Trades and positions for that day. The Clearing Corporation may require Participants to make additional variation deposits at any time to the extent of market fluctuations.

404. Settlement Price.

- (a) The Settlement Price for each open Exchange Contract shall be the price recommended for such Contract by the relevant Exchange Market as determined pursuant to the rules of such Exchange Market.

- (b) Notwithstanding the foregoing, when deemed necessary by The Clearing Corporation in order to protect the respective interests of The Clearing Corporation and Participants, The Clearing Corporation may establish the Settlement Price for any Contract at a price deemed appropriate by The Clearing Corporation under the circumstances. When The Clearing Corporation determines that circumstances necessitate the application of this paragraph, the reasons for that determination and the basis for the establishment of the Settlement Price in such circumstances shall be recorded.

405. Cash Margin Deposits.

If the statement of original Margins furnished to a Participant under Rule 309 shows a deficit in original Margins, such Participant shall, at the time and in the manner prescribed by The Clearing Corporation, pay an amount in U.S. Dollars, or foreign currency acceptable to The Clearing Corporation, sufficient to cover such deficit to The Clearing Corporation. Payment will be considered made hereunder only if made in a manner prescribed by The Clearing Corporation and if such payment results in immediate credit to the account of The Clearing Corporation.

406. Non-Cash Margin Deposits.

In lieu of maintaining original Margins in cash, as provided for in Rule 405, Participants may deposit such types of collateral as may be approved by The Clearing Corporation.

When a Participant is in default, all non-cash Margins may be converted to cash or otherwise transferred by The Clearing Corporation for the account of the Participant or its customers.

407. Option Premiums.

Participants shall deposit Option premiums with The Clearing Corporation at the time and in the manner prescribed by The Clearing Corporation.

5. DELIVERIES

501. Delivery Notices.

A selling Participant obligated or desiring to make delivery of a Commodity shall issue and deliver to The Clearing Corporation a delivery notice containing the name and business address of the issuer of such notice; the date of issue; the date of delivery; the name of such Commodity; the total contracted quantity in satisfaction of which the delivery is being tendered; and such other information as The Clearing Corporation shall require. Delivery notices shall be furnished to The Clearing Corporation electronically in such form as may be specified by The Clearing Corporation.

The Clearing Corporation shall assign deliveries to Participants having Contracts to take delivery, for their own account or for one or more customers, of the same or lesser amount of the same Commodity. The Clearing Corporation shall notify such Participants of the deliveries that have been assigned to them and shall furnish to the Participant issuer of a delivery notice the name of the Participant obligated to accept delivery and the number of contracts for which such buying Participant is obligated. Participants receiving delivery notices shall assign delivery to the oldest open contracts on their books at the close of business on the previous day.

502. Purchases and Sales for Physical Delivery.

Issuance of a notice of intention to deliver by a Participant to The Clearing Corporation shall constitute an offer by such Participant to sell to The Clearing Corporation the specified quantity of the Commodity involved, at the delivery price, and to purchase from The Clearing Corporation the same quantity of the same Commodity at the same price. Acceptance of such notice by The Clearing Corporation shall constitute its acceptance of the Participant's offer to sell and repurchase. Such acceptance is effective at the time delivery is required to be made according to the Rules of The Clearing Corporation, and, to the extent not specified herein, to the rules and regulations of the relevant Exchange Market.

Assignment of delivery to a Participant by The Clearing Corporation shall constitute an offer of The Clearing Corporation to sell to such Participant the specified quantity of the Commodity involved, at the delivery price, and to purchase from such Participant the same quantity of the same Commodity at the same price. Acceptance of such assignment of delivery by such Participant shall constitute his acceptance of The Clearing Corporation's offer to sell and repurchase. Such acceptance is effective at the time delivery is required to be made pursuant to these Rules, and, to the extent not specified herein, to the rules and regulations of the relevant Exchange Market.

The Clearing Corporation shall, at the time delivery is required to be made, consider the corresponding sales to such assigned buyers made hereunder as having been settled and shall apply the opposing repurchase made hereunder as an adjustment of the respective Participants' futures positions with The Clearing Corporation in the manner prescribed by these Rules.

503. Delivery Price.

All deliveries on Futures Contracts shall be made at the Settlement Price of the day preceding the day of issuance of notice of intention to deliver, or at the price required in the contract terms and conditions, if such terms and conditions require a different price. The statement of Trades and positions specified in Rule 307 will reflect futures positions closed by delivery and the amount of final adjustment bringing delivery prices to Settlement Prices of the day of notice.

504. Posting of Deliveries.

During each delivery month, The Clearing Corporation shall cause to be posted, not later than the Business Day following the filing of notices of intention to deliver, the name of each Participant issuing notices of intention to deliver on Futures Contracts and the total amount of each Commodity tendered by such Participant for delivery, together with the name of each Participant to which such deliveries have been assigned and the total amount of each Commodity assigned to such Participant.

505. Settlements on Defaulted Deliveries.

- (a) If a Participant fails to fulfill its delivery obligations as prescribed in these Rules, The Clearing Corporation's sole obligation shall be to pay reasonable damages proximately caused by the Default, but in no event shall The Clearing Corporation be obligated to: (i) pay any damages greater than the difference of the delivery price of the specific Commodity and the reasonable market price of such Commodity at the time delivery is required to be made in accordance with and the Rules of The Clearing Corporation and, to the extent not specified herein, the rules and regulations of the relevant Exchange Market; (ii) make or accept delivery of the Commodity; (iii) pay any damages relating to the accuracy, genuineness, completeness, or acceptability of certificates, instruments, warehouse receipts or other similar documents; or (iv) pay any damages relating to the failure or insolvency of banks, custodians, escrow agents, depositories, warehouses, or similar entities that may be involved with a delivery.

- (b) Notwithstanding any other provision of these Rules, The Clearing Corporation has no obligation or liability to any Participant or any other Person relating to a failure to fulfill a delivery obligation unless it is notified by the non-defaulting Participant of such failure as soon as possible, but in no event later than sixty minutes after the time the delivery obligation was to have been discharged in accordance with the Rules of The Clearing Corporation and, to the extent not specified herein, the rules and regulations of the relevant Exchange Market.
- (c) If a buying Participant fails to effect payment to its assigned seller by 1:00 p.m. on the date scheduled for delivery, the selling Participant shall immediately notify The Clearing Corporation. The Clearing Corporation will then determine, in its sole discretion, whether the failure of the buying Participant to effect such payment was technical in nature and is likely to be remedied or whether the such buying Participant's failure to effect payment constitutes a delivery default. If The Clearing Corporation determines, in its sole discretion, that the failure was technical in nature (including a bank instruction error or failure of the Federal Reserve wire), the buying Participant will be allowed to make payment subsequent to 1:00 p.m. (but in no event later than the time, if any, specified by The Clearing Corporation). If The Clearing Corporation determines, in its sole discretion, that such failure constitutes a delivery default, The Clearing Corporation will instruct the selling Participant to sell the invoiced securities as soon as reasonably practicable. The defaulting buying Participant will in such circumstances be liable for the amount, if any, that the reasonable sale price of the invoiced securities (including costs) is less than the original invoiced amount.
- (d) If a selling Participant fails to effect delivery to its assigned buyer by 1:00 p.m. on the date scheduled for delivery, the buying Participant shall immediately notify The Clearing Corporation. The Clearing Corporation will then determine, in its sole discretion, whether such failure to effect delivery is technical in nature and is likely to be remedied or whether such failure to effect delivery constitutes a delivery default. If The Clearing Corporation determines that such failure was technical in nature (including a bank instruction error or failure of the Federal Reserve wire), the selling Participant will be allowed to make delivery subsequent to 1:00 p.m. (but in no event later than the time, if any, specified by The Clearing Corporation). If The Clearing Corporation determines that the failure constitutes a delivery default, The Clearing Corporation will instruct the buying Participant to purchase substitute deliverable securities as soon as reasonably practicable. The defaulting selling Participant will in such circumstances be liable for the reasonable damages (including costs) incurred by the buying Participant relating to the purchase of the substitute securities.

- (e) Delivery obligations of a Participant to another Participant that are not discharged timely (as provided in paragraphs (c) and (d)) and in full by the Participant shall thereupon be deemed an obligation of such Participant to The Clearing Corporation. The defaulting Participant's obligations to The Clearing Corporation must be discharged by (i) not later than sixty minutes after the time such obligations originally were required to be discharged to the non-defaulting Participant, or (ii) such later time as may be established by The Clearing Corporation pursuant to paragraphs (c) and (d).
- (f) Notwithstanding any other provision of these Rules to the contrary, The Clearing Corporation's delivery obligations to a non-defaulting buying or selling Participant shall in all cases be subject to the provisions of Rule 505(a) and Chapter 8 hereof.

Any claim for damages or other dispute relating to a delivery failure or default brought by one Participant against another shall be resolved by such Participants pursuant to binding arbitration before the National Futures Association ("NFA"). Failure by a Participant to comply with the NFA's determination may result in the suspension of the Participant's clearing privileges at The Clearing Corporation or such other or additional penalty (including, but not limited to assessment of fines and charges) as The Clearing Corporation may deem appropriate under the circumstances.

506. Assignment of Exercises of Options.

Upon receipt of notices of intention to exercise Options cleared through The Clearing Corporation, issued by buyers in accordance with the rules and regulations of the Exchange Market, The Clearing Corporation shall assign such exercises to eligible sellers in accordance with such rules and regulations. The Clearing Corporation shall promptly notify selling Participants as to the exercises assigned to them and shall furnish to buying Participants the names of selling Participants obligated to accept such assignments. Delivery and payment shall be made in the time and manner prescribed by the rules and regulations of the Exchange Market.

Any Option not exercised by the date and time fixed for expiration of the Option in the rules and regulations of the Exchange Market shall not be exercisable.

507. Exercise Price.

All Option exercises shall be made at the strike price of the Option. The statement of Trades and positions issued pursuant to Rule 307 will reflect the offsetting of each Option that was exercised and assigned, Trades and positions in Futures Contracts resulting therefrom, and the amount of the final adjustment

(being the strike price marked to the Settlement Price on the day the Option was exercised).

508. Deliveries in the Event of Bankruptcy.

- (a) This Rule shall be applicable to Contracts made on or through the facilities of an Exchange Market as and to the extent such Exchange Market has in effect one or more rules (each, a "Bankruptcy Delivery Rule") adopted in accordance with Commission Regulation 190.05(b).
- (b) If any customer of a Participant that is a debtor shall wish to make or take delivery under a Futures Contract as provided in a Bankruptcy Delivery Rule, such customer shall deliver written notification thereof to The Clearing Corporation not later than noon on the second Business Day, which Business Day must be within the current delivery period, following the date of the entry of the order for relief with respect to such debtor, whereupon such customer shall assume all of the obligations of the debtor to The Clearing Corporation and the opposite Participant with respect to such Futures Contract.
 - (i) If such customer is seeking to make delivery in fulfillment of such Futures Contract, such notification shall be accompanied by:
 - (A) evidence, satisfactory to The Clearing Corporation, that the debtor, on behalf of the customer, or the customer, has presented a notice of delivery to The Clearing Corporation; and
 - (B) evidence verifying to The Clearing Corporation that the customer owns and has in its possession or under its control, such certificates, instruments, warehouse receipts or other documents as are required pursuant to the Rules and the Bankruptcy Delivery Rule to make delivery in fulfillment of such Contract.
 - (ii) If such customer is seeking to take delivery in fulfillment of such futures Contract, such notification shall be accompanied by:
 - (A) the notice of delivery which has been issued by The Clearing Corporation to the debtor and allocated by the debtor to the customer, and

- (B) evidence verifying to The Clearing Corporation that the customer owns and has in its possession or under its control a certified check, drawn on an approved depository bank and made payable to the order of the opposite Participant in the full amount payable on the delivery of the Contract.
- (c) The Clearing Corporation shall provide to the opposite Participant copies of all information provided to The Clearing Corporation pursuant to paragraph (b) above, provided, however, that The Clearing Corporation shall have no responsibility to investigate or otherwise verify the accuracy, genuineness or completeness of any certificate, instrument, warehouse receipt or other document or check delivered to or by The Clearing Corporation pursuant to the Bankruptcy Delivery Rule and this Rule and shall, in no event, have any liability for the quantity or quality of the commodity or other interest delivered.

509. Cash Settlement.

After trading ceases on the last day of trading for Futures Contracts without physical delivery, The Clearing Corporation shall consider the maintenance of an open position by a Participant to constitute an offer to sell to or an offer to purchase from The Clearing Corporation the specific quantity of the Futures Contract involved at the Settlement Price determined for such Futures Contract on the last day of trading in such contracts.

The Clearing Corporation shall, once trading in such Futures Contracts has terminated pursuant to the rules and regulations of the Exchange Market, consider the corresponding sales or purchases made hereunder as an adjustment of the respective Participants' positions in Futures Contracts with The Clearing Corporation in the manner prescribed by these Rules.

6. MISCELLANEOUS

601. Emergencies.

- (a) The Board, upon the affirmative vote of the Directors voting at a meeting where a quorum is deemed present, may adopt an emergency resolution which shall supersede and supplant all contrary or inconsistent resolutions or Rules. Absent extraordinary circumstances, a Director who has a substantial financial interest in the outcome of such a vote shall abstain from deliberating and voting on the matter in question.
- (b) An emergency resolution shall expire upon the happening of either of the following events: (i) the Board shall have voted to rescind the emergency resolution; or (ii) 90 days shall have elapsed since the emergency resolution was adopted.
- (c) All Trades, all accounts and positions with The Clearing Corporation, and all Participants shall be subject to the exercise of these emergency powers by the Board.
- (d) As used herein, the term "emergency" shall include without limitation all emergency circumstances now or hereafter referenced in the Commodity Exchange Act and the Regulations of the Commission, and all other circumstances in which an emergency may lawfully be declared by the Board.
- (e) Except as otherwise stated in an emergency resolution adopted hereunder, the powers exercised by the Board under this Rule shall be in addition to and not in derogation of authority granted by the Certificate of Incorporation and Bylaws to a committee or officer of The Clearing Corporation to take action as specified therein.

602. Physical Emergencies.

In the event the physical functions of The Clearing Corporation are, or are threatened to be, severely and adversely affected by a physical emergency such as, but not limited to, fire or other casualty, bomb threats, substantial inclement weather, power failures, communications breakdowns or transportation breakdowns, the Chairman, a Vice Chairman or the President of The Clearing Corporation or, in their absence, another officer of The Clearing Corporation, is authorized to take such action as he or she shall deem necessary or appropriate to deal with such emergency.

603. Force Majeure.

Notwithstanding any other provision of these Rules, The Clearing Corporation shall not be obligated to perform its obligations under these Rules or any agreement with a Participant relating to Contracts, or to compensate any person for losses occasioned by any delay or failure of performance, to the extent such delay or failure is the result of acts of God, lightning, earthquake, fire, epidemic, landslide, drought, hurricane, tornado, storm, explosion, flood, nuclear radiation, act of a public enemy or blockade, insurrection, riot or civil disturbance, strike or labor disturbance, or any other cause beyond The Clearing Corporation's reasonable control (whether or not similar to any of the foregoing).

If The Clearing Corporation shall, as a result of any of the above-described events, fail to perform any of its obligations, such failure shall be excused for a period equal to the period of delay caused by such event. In such an event, The Clearing Corporation shall give written notice thereof to the affected Market or such Participant, as the case may be, as soon as it is reasonably practicable and attempt diligently to remove such condition.

604. Suspension of Rules.

The time frames fixed by these Rules, interpretations or policies of The Clearing Corporation for the doing of any act or acts may be extended, or the doing of any act or acts required by these Rules or any interpretations or policies of The Clearing Corporation may be waived, and any provision of these Rules or any interpretations or policies of The Clearing Corporation may be suspended by the Board or by any officer of The Clearing Corporation having a rank of Vice President or higher whenever, in the judgment of the Board or such officer, such extension, waiver or suspension is necessary or expedient. Any such extension or waiver may continue in effect after the event or events giving rise thereto but shall not continue in effect for more than thirty calendar days after the date thereof unless it shall be approved by The Clearing Corporation within such period of thirty calendar days.

605. Defaults.

- (a) A Participant is in Default (i) who fails to meet any of the Participant's obligations upon the Participant's Contracts with The Clearing Corporation, (ii) who fails to deposit Margin (whether original, special or variation) or premiums within one hour after demand by The Clearing Corporation, or (iii) who is suspended or expelled by a Market, Linked Exchange, Linked Clearinghouse or by The Clearing Corporation. Upon such Default, The Clearing Corporation may cause all Trades of such Participant (whether or not carried in a separate account as provided in Rule 312) to be closed in the open market, transferred to any other Participant, or otherwise resolved as deemed appropriate by The Clearing Corporation and any debit balance owing to The Clearing Corporation shall be immediately due and payable.
- (b) In closing, transferring or otherwise resolving the Trades of a Participant as provided in paragraph (a) of this Rule, The Clearing Corporation shall have the right:
 - (i) With respect to Trades in a separate account of such Participant provided for in Rule 312, to set off (A) any proceeds received by The Clearing Corporation from the disposition of such Trades and any property or proceeds thereof deposited with or held by The Clearing Corporation as Margin for such account against (B) any amounts paid by The Clearing Corporation in the disposition of such Trades, including any commissions or other losses or expenses incurred in connection therewith or in connection with the liquidation of Margin deposits in such account and any other amounts owed to The Clearing Corporation as a result of transactions in the account or otherwise lawfully chargeable against the account;

- (ii) With respect to the Trades in any other account of such Participant, to set off (A) any proceeds by The Clearing Corporation from the disposition of such Trades, any property or proceeds thereof deposited with or held by The Clearing Corporation as Margin for such accounts, and any other property of the Participant within the possession or control of The Clearing Corporation other than property which has been identified by such Participant as required to be segregated as provided for in Rule 312, against (B) any amounts paid by The Clearing Corporation in the disposition of such Trades, including any commissions or other losses or expenses incurred in connection therewith or in connection with the liquidation of Margin deposits in such accounts, and any other obligations of the Participant to The Clearing Corporation, including obligations of the Participant to The Clearing Corporation remaining after the setoffs referred to in paragraph (b)(i) of this Rule, and any obligations arising from any other accounts maintained by the Participant with The Clearing Corporation;
 - (iii) To cause Trades and positions held in accounts of the Participant that is in Default to be offset against each other and, to the extent of any remaining imbalance, against the Trades and positions of other Participants;
 - (iv) To cause Trades and positions in Contracts held in accounts of the Participant that is in Default and of other Participants to be settled at the Settlement Price for such Contracts, or at such other price or prices as The Clearing Corporation may deem fair and reasonable in the circumstances; and
 - (v) To defer closing or otherwise settling such Trades and Contracts if, in its discretion, it determines that the closing out of some or all of the suspended Participant's Trades or Contracts would not be in the best interests of Clearing Corporation or other Participants, taking into account the size and nature of the positions in question, market conditions prevailing at the time, the potential market effects of such liquidating transactions as might be directed by Clearing Corporation, and such other circumstances as it deems relevant.
- (c) Notwithstanding the foregoing, the liquidation and disposition of positions, Margin and other property subject to a cross-margin, cross-netting or common banking and settlement arrangement between The Clearing Corporation and another clearing organization shall be subject to the terms of the agreement between The Clearing Corporation and such other clearing organization.

- (d) Any obligation of The Clearing Corporation to a Participant arising from a Trade or from any provision of these Rules shall be subject to all the terms of the Rules, including the setoff and other rights set forth herein. The rights of The Clearing Corporation set forth herein shall be in addition to other rights that The Clearing Corporation may have under applicable law and governmental regulations, other provisions of the Rules, additional agreements with the Participant or any other source.

606. Fees; Fines and Charges.

- (a) Clearing fees and other charges for Clearing Corporation services shall be as fixed from time to time by The Clearing Corporation.
- (b) The President or his authorized representative may assess, in compliance with the policies and procedures of The Clearing Corporation, fines and charges against Participants, for the failure to comply with these Rules or any other requirement of The Clearing Corporation.

607. Trading by Employees Prohibited.

- (a) No employee of The Clearing Corporation shall:
 - (i) trade or participate directly or indirectly in any transaction in any commodity interest, except to the extent necessary to carry out the provisions of Rule 605 or as otherwise permitted pursuant to an exemption granted in accordance with this Rule; or
 - (ii) disclose any material, non-public information obtained as a result of such Person's employment with The Clearing Corporation where the employee has or should have a reasonable expectation that the information disclosed may assist another Person in trading any commodity interest; provided, that an employee is not prohibited from making disclosures in the course of the employee's duties, or to another self-regulatory organization, linked exchange, court of competent jurisdiction or representative of any agency or department of the federal or state government acting in his or her official capacity.
- (b) From time to time, The Clearing Corporation may adopt additional Rules which set forth circumstances under which exemptions from the trading prohibition contained in paragraph (a)(i) will be granted. The effectiveness of such rules and the procedures for administration of such rules shall be governed by applicable regulations of the Commission.

- (c) All terms used in this Rule shall be construed consistently with the definitions appearing in Commission Regulation 1.59.

608. Forms; Transmission of Data to The Clearing Corporation.

- (a) In connection with any transaction or matter handled through, with or by The Clearing Corporation under or pursuant to the Rules, the form of any required list, notice or other document shall be as from time to time prescribed by The Clearing Corporation, and additions to, changes in and elimination of any such forms may be made by The Clearing Corporation at any time in its discretion.
- (b) A Participant may execute any document to be delivered to The Clearing Corporation or to any other Participant pursuant to these Rules by means of a mechanically or electronically reproduced facsimile signature of a representative of the Participant; provided, that the Participant shall have complied with such requirements as may be prescribed by The Clearing Corporation in connection with the use of such facsimile signatures.

609. Just and Equitable Principles of Trade; Acts Detrimental to the Interest or Welfare of The Clearing Corporation.

- (a) The Clearing Corporation shall have the power to suspend or revoke clearing privileges or authorize the assessment of fines or charges against Participants for engaging in conduct inconsistent with just and equitable principles of trade.
- (b) The Clearing Corporation shall have the power to suspend or revoke clearing privileges or authorize the assessment of fines or charges against Participants for engaging in acts detrimental to the interest or welfare of The Clearing Corporation.

610. Death, Disappearance or Incapacity of Individual Participant.

- (a) Upon the death, disappearance or incapacity (all as reasonably determined by The Clearing Corporation) of an Individual Participant, The Clearing Corporation may cause all open Trades of such Participant to be closed in the open market, transferred to any other Participant, or otherwise resolved as deemed appropriate by The Clearing Corporation and any debit balance owing to The Clearing Corporation shall be immediately due and payable.

- (b) In closing, transferring or otherwise resolving the open Trades of an Individual Participant as provided in paragraph (a), The Clearing Corporation shall have the right, with respect to any account of such Participant, to set off (A) any proceeds received by The Clearing Corporation from the disposition of open Trades, any property or proceeds thereof deposited with or held by The Clearing Corporation as Margin for such account, and any other property of the Participant within the possession or control of The Clearing Corporation, against (B) (i) any amounts paid by The Clearing Corporation in connection with the disposition of such open Trades, including any losses, commissions or other expenses incurred in connection therewith or in connection with the liquidation of Margin deposits in such account, and (ii) any other obligations of the Participant to The Clearing Corporation.

- (c) Any obligation of The Clearing Corporation to a Participant arising from a Trade or from any provision of these Rules shall be subject to all the terms of these Rules, including the setoff and other rights set forth herein. 8. GUARANTY FUND

801. General Guaranty Fund.

- (a) *Collateral Requirements.* Each Participant shall make, and maintain so long as it is a Participant, a deposit or deposits of Collateral to the General Guaranty Fund in the form and in such amounts as may be determined by The Clearing Corporation from time to time in its sole discretion ("Required Contribution"). The Clearing Corporation shall cause appropriate entries to be made in its books and records to reflect the deposit of Collateral into the General Guaranty Fund. The Clearing Corporation shall have the sole right to withdraw cash, securities or other property from, and to authorize the sale or other disposition of any securities or other property held in, the General Guaranty Fund.

- (b) *Participant Default; Application of Proceeds.* If a Participant is in Default and, as a result thereof, The Clearing Corporation or a Special Clearing Member suffers any loss or expense upon any liquidation or other disposition of a Participant's open Contracts, or a Participant shall fail to make any other payment or render any other performance required under these Rules, then The Clearing Corporation shall (after appropriate application of Margin posted by such Participant and other funds in or payable to the accounts of the Participant) apply the Participant's contributions to the General Guaranty Fund, in the manner and in the order of priority set forth below:
 - (i) **FIRST:** To the payment of the costs and expenses of any sale, collection or other realization of such Margin or Collateral, including, without limitation, fees and expenses of counsel, and all reasonable expenses, liabilities and advances made or incurred by The Clearing Corporation in connection therewith;

 - (ii) **SECOND:** To the satisfaction of any deficiencies in the customer segregated fund account (if any) maintained by such Participant pursuant to rules of the Commission resulting, caused by or arising, directly or indirectly, from such Default;

 - (iii) **THIRD:** To the payment of any other obligations of The Clearing Corporation arising out of or in any way relating to such Participant's Default, including obligations to a Special Clearing Member, as provided in Chapter 9 of these Rules (such other obligations, together with the costs, expenses, and deficiencies described in paragraphs (i) and (ii), the "Reimbursement Obligations");

- (iv) **FOURTH:** To the payment of any other Obligations; and
 - (v) **FIFTH:** To or upon the order of the Participant that is in Default, to The Clearing Corporation or to whomsoever may be lawfully entitled to receive the same (including, without limitation, any insurer, surety or guarantor of the obligations of The Clearing Corporation) or as a court of competent jurisdiction may direct, of any surplus then remaining from such Proceeds.
- (c) *Application of General Guaranty Fund; Other Funding.* If the Margin and other funds of a Participant that is in Default and its contributions to the General Guaranty Fund are insufficient to discharge in full the Reimbursement Obligations of such Participant, any remaining deficiency shall be charged against the remaining assets in the General Guaranty Fund, pro rata from each other Participant's contributions.

Any such deficiency shall remain a liability of the Participant to The Clearing Corporation, which it may collect from any other assets of such Participant or by legal process.

- (d) *Linked Clearinghouse Default; Application of Proceeds.* If a Linked Clearinghouse of which The Clearing Corporation is a Special Clearing Member is in default under the terms of the Link Agreement or shall fail to make any payment or render any other performance required under the Link Agreement, The Clearing Corporation may apply the General Guaranty Fund in the manner and in the order of priority set forth below:

If Collateral is withdrawn from the General Guaranty Fund pursuant to paragraph (c) or (d) and, as a result, the amount of Collateral credited to a Participant is less than the amount it was required to maintain pursuant to paragraph (a) immediately prior to such withdrawal, the Participant shall deposit additional Collateral into the General Guaranty Fund in an amount at least sufficient to restore that Participant's Required Contribution. All such additional Collateral shall be deposited prior to The Clearing Corporation's opening of business on the third Business Day following such notice or such later time as The Clearing Corporation shall determine in its sole discretion. A Participant that fails to deposit the full amount of such additional Collateral shall be in Default, and The Clearing Corporation may, in addition to any other remedies it may have, debit such Participant's house margin account for any or all or such unpaid amount and assess fines and charges against such Participant as provided in Rule 606.
- (f) *Lien.* As security for any and all Obligations of a Participant to The Clearing Corporation, including, but not limited to, the Reimbursement Obligations, each Participant grants The Clearing Corporation a first priority perfected security interest in the Participant's Collateral. In furtherance and not in limitation of the foregoing, all outstanding shares of Class A common stock of The Clearing Corporation shall be Collateral deposited in the General Guaranty Fund and subject to the foregoing grant of security interest until the same shall have been released in accordance with these Rules and the policies and practices of The Clearing Corporation (including, but not limited to, release of such stock upon substitution of acceptable alternative collateral of equivalent value.)
- (g) *Non-Interference.* A Participant shall take no action, including but not limited to attempting to obtain a court order, that could interfere with the ability of The Clearing Corporation to apply its Margin, Collateral or other assets.

... **Interpretations and Policies:**

- .01** As used in this Rule 801, "Participant" includes a Participant that has been suspended or expelled by The Clearing Corporation or whose privileges in respect of Trades and Contracts have been restricted pursuant to Rule 403.

802. Special Guaranty Funds.

- (a) *Collateral Requirements.* The Clearing Corporation may from time to time require Participants who desire to clear Contracts traded on Markets other than EurexUS or a Linked Exchange to provide Collateral for deposit into one or more Special Guaranty Funds. All such Collateral shall be in the form and in such amounts as may be determined by The Clearing Corporation from time to time in its sole discretion ("Required Special Contribution"). The Clearing Corporation shall cause appropriate entries to be made in its books and records to reflect the deposit of Collateral into each such Special Guaranty Fund. The Clearing Corporation shall have the sole right to withdraw cash, securities or other property from, and to authorize the sale or other disposition of any securities or other property held in, a Special Guaranty Fund.

- (b) *Participants Default; Application of Proceeds.* If a Participant is in Default and, as a result thereof, The Clearing Corporation suffers any loss or expense upon any liquidation or other disposition of a Participant's open Contracts, or a Participant shall fail to make any other payment or render any other performance required under these Rules, then The Clearing Corporation shall (after appropriate application of Margin posted by such Participant and other funds in or payable to the accounts of the Participant) apply the Participant's contributions to the Special Guaranty Fund established in respect of each Market as to which the Participant is in Default, in the manner and in the order of priority set forth below:
 - (i) **FIRST:** To the payment of the costs and expenses of any sale, collection or other realization of such Margin or Collateral, including, without limitation, fees and expenses of counsel, and all reasonable expenses, liabilities and advances made or incurred by The Clearing Corporation in connection therewith;

 - (ii) **SECOND:** To the satisfaction of any deficiencies in the customer segregated fund account maintained by Participants pursuant to the rules of the Commission resulting, caused by or arising, directly or indirectly, from such Default;

 - (iv) **FOURTH:** To the payment of any other Obligations; and

- (v) **FIFTH:** To or upon the order of the Participant that is in Default, to The Clearing Corporation or to whomsoever may be lawfully entitled to receive the same (including, without limitation, any insurer, surety or guarantor of the obligations of The Clearing Corporation) or as a court of competent jurisdiction may direct, of any surplus then remaining from such Proceeds.
- (c) *Application of Special Guaranty Funds; Other Funding.* If the Margin and other funds of a Participant that is in Default and its contributions to a Special Guaranty Fund are insufficient to discharge in full the Special Reimbursement Obligations of such Participant, any remaining deficiency shall be charged against the remaining assets in such Special Guaranty Fund(s), ratably, in proportion to the amount of such Special Reimbursement Obligations that is, in the judgment of The Clearing Corporation, reasonably attributable to the Market(s) that are supported by the Special Guaranty Fund(s).
- Any such deficiency shall remain a liability of the Participant to The Clearing Corporation, which it may collect from any other assets of such Participant or by legal process.
- (d) *Reimbursement of Collateral.* The Clearing Corporation shall notify Participants authorized to clear Contracts for a Market whenever an amount is paid out of the Special Guaranty Fund for such Market to meet Obligations to The Clearing Corporation as provided in paragraphs (b) or (c) above. If Collateral is withdrawn from a Special Guaranty Fund pursuant to paragraph (c) and, as a result, the amount of Collateral credited to a Participant is less than such Participant's Required Special Contribution, the Participant shall deposit additional Collateral into that Special Guaranty Fund in an amount such that the Participant's total Collateral in that Special Guaranty Fund is at least equal to its Required Special Contribution. All such additional Collateral shall be deposited prior to The Clearing Corporation's opening of business on the third Business Day following such assessment or such later time as The Clearing Corporation shall determine in its sole discretion. A Participant that fails to deposit the full amount of such additional Collateral shall be in Default and The Clearing Corporation, in addition to any other remedies that it may have, may assess fines and charges against such Participant as provided in Rule 606.
- (e) *Lien.* As security for any and all Obligations of a Participant to The Clearing Corporation, including but not limited to, the Special Reimbursement Obligations, each Participant grants to The Clearing Corporation a first priority perfected security interest in the Collateral.

All such deliveries shall be made in and through The Clearing Corporation's Continuous Link Settlement System account(s) or by such other means as The Clearing Corporation may authorize from time to time. Upon receipt of timely instructions from a Clearing Participant, The Clearing Corporation will net delivery settlements for any given Currency Pair separately for the customer and non-customer origins, but in no event will The Clearing Corporation net a Participant's obligation to purchase or sell a particular Currency across Currency Pairs. All deliveries in respect of Currency Contracts shall be made no later than the date required by rules of Eurex US.

9-519A. Daily Currency Interest Rate Adjustments.

The Clearing Corporation shall effect a daily cash adjustment for each open spot equivalent currency futures contract to account for the financial difference between the currency future with the lower interest rate and the currency future with the higher interest rate. The Clearing Corporation shall affect such cash adjustments solely based upon the cash adjustment instructions provided by EurexUS. The Clearing Corporation

Settlement Price

9-102B. Scope and Interpretation.

The Clearing Corporation and Eurex Clearing have established a Global Clearing Link that permits Euro Contracts traded on Eurex to be cleared through either The Clearing Corporation or Eurex Clearing pursuant to the terms of a Link Clearing Agreement between Eurex Clearing and The Clearing Corporation (as amended from time to time, the "Link Agreement"). With respect to Trades in Euro Contracts executed on Eurex, Eurex Clearing serves as the primary clearinghouse, including with respect to Trades that are cleared at The Clearing Corporation as a Linked Clearinghouse.

Under the Link Agreement, The Clearing Corporation will be a Special Clearing Member of Eurex Clearing, and as such will maintain an omnibus account at Eurex Clearing to clear and settle Trades in Euro Contracts made by Participants of The Clearing Corporation. The rights and duties of The Clearing Corporation as a Special Clearing Member are governed by the Link Agreement. Eurex Clearing will be the counterparty to The Clearing Corporation (as Special Clearing Member) for such Trades and an omnibus account will be maintained for that purpose at The Clearing Corporation. The Clearing Corporation will be the exclusive counterparty to its Participants in respect of all such Trades. The Clearing Corporation will calculate and collect original margin from its Participants for such Trades in accordance with its Rules, policies and procedures, and will apply its Rules and procedures in the event of a Default by its Participants.

Under the Link Agreement, Eurex Clearing will determine settlement prices for all such Trades in Euro Contracts pursuant to its rules and will pay and collect all variation settlement amounts resulting from the daily marking-to-market of all Euro Contracts. When a Euro Contract has been made for the account of a Participant, Eurex Clearing, acting solely as the agent of The Clearing Corporation, will arrange for the payment of Euro (€) variation settlement amounts either to and from an account established by such Participant at a Bank or through an account structure maintained by The Clearing Corporation.

Eurex Clearing will also administer option exercise and assignment processing and maintain the infrastructure for open interest reporting with respect to all Trades in Euro Contracts. Finally, Eurex Clearing will receive and assign delivery notices and instructions in respect of Euro Contracts. Participants who wish to clear Euro Contracts will therefore be required either to open and maintain delivery settlement accounts at Clearstream (in addition to the variation settlement accounts discussed above) and grant Eurex Clearing the authority to debit and credit such accounts on behalf of The Clearing Corporation, or effect deliveries through an account structure maintained by The Clearing Corporation. As agent for The Clearing Corporation, Eurex Clearing will have no legal obligation to any Participant.

This Rule 9-102B is qualified in its entirety by the other Rules of The Clearing Corporation, including the Rules in this Chapter 9B and Appendix 9B-I.

9-103B. Additional Rules Relating to Euro Contracts.

The Rules attached hereto as Appendix 9B-I relating to, among other things, (i) the payment and collection of variation settlement amounts provided for in Rule 9-308B, (ii) the exercise and assignment process for Options, (iii) the notification and allocation process for deliveries on Contracts, (iv) physical deliveries (including, but not limited to, provisions in respect of failed deliveries), (v) give-up and take-up processing, (vi) cash payments (including fees and charges for late deliveries), (vii) trade and position management, (viii) position and open interest reporting, and (ix) timelines, holiday calendars, schedules and deadlines, all in respect of Euro Contracts, and the Rules attached hereto as Appendix 9B-II relating to, among other things, entry of certain over-the-counter Euro Contracts into the system of Eurex Clearing, are made applicable to each Participant clearing Trades in Euro Contracts and shall be governed by the laws of the Federal Republic of Germany notwithstanding the provisions of Rule 611. Rule 209, as supplemented by Rules 1.7.1 and Rules 1.7.2 in Appendix 9B-I, shall apply to all transactions in Euro Contracts.

Upon such substitution, such buyers and sellers shall be released from their obligations to each other, and The Clearing Corporation shall be deemed to have succeeded to all the rights, and to have assumed all the obligations, of the original parties to such contracts, to the extent provided in these Rules. In the case of all Trades in Euro Contracts, acceptance of such Trades occurs immediately upon the acceptance of such Trades by Eurex Clearing.

Payment will be considered made hereunder only if made in a manner prescribed by Eurex Clearing that will result in immediate credit to the account of The Clearing Corporation. Participant to a non-Participant (other than, in each case, Eurex Clearing), obligations of a Participant to another Participant who is acting for such other Participant as broker, or obligations of a Participant to a customer, nor shall The Clearing Corporation become liable to make deliveries to or accept deliveries from a customer of a Participant.

- (b) Eurex Clearing has agreed to provide certain systems, services and settlement infrastructure, including (but not limited to) the issuance of instructions for variation settlement and deliveries and the allocation of notices of Option exercise, to Clearing Corporation participants. Eurex Clearing does so solely as agent for The Clearing Corporation, and there are no warranties or representations, express or implied, provided by Eurex Clearing with respect to such systems, services or infrastructure. When calculating the interval for futures contracts on stock indices, in each case a maximum deviation of up to 0.2 percent of the recorded daily high and low prices recorded on that trading day for the futures contract on a stock index is permitted.

- 5.3 For options contracts, theoretical maximum and minimum values for the option price of a Block Trade are determined during the trading day on the basis of the daily high and low prices of the respective underlying instrument, as recorded up to the time of entry of the Block Trade, and the respective implied volatilities established within the Eurex options market. The interval thus determined is extended at its extreme values by 50 per cent of the maximum Market Maker Quote Spread permissible for the respective product, resulting in the range of permissible option prices for Block Trades.

6 General Conditions of Utilization

- 6.1 The Clearing Corporation may exclude a Participant from the utilization of one or more OTC Trade Facilities if such Participant has not complied with its obligations pursuant to these Rules or if the prerequisites for participation have not been fulfilled initially, or have subsequently ceased to exist. - (iii) To cause Trades and positions held in accounts of the Participant that is in Default to be offset against each other and, to the extent of any remaining imbalance, against the Trades and positions of other Participants;
- (iv) To cause Trades and positions in Contracts held in accounts of the Participant that is in Default and of other Participants to be settled at the Settlement Price for such Contracts, or at such other price or prices as The Clearing Corporation may deem fair and reasonable in the circumstances; and
- (v) To defer closing or otherwise settling such Trades and Contracts if, in its discretion, it determines that the closing out of some or all of the suspended Participant's Trades or Contracts would not be in the best interests of The Clearing Corporation or other Participants, taking into account the size and nature of the positions in question, market conditions prevailing at the time, the potential market effects of such liquidating transactions as might be directed by The Clearing Corporation, and such other circumstances as it deems relevant.

- (c) If the Board of Directors or the President shall (i) determine that The Clearing Corporation is unable, for any reason, to close out any Contracts in a prompt and orderly fashion, or to convert to cash any Margin of a suspended Participant, or (ii) elects pursuant to paragraph (b)(v) not to close out any such Trades or Contracts, The Clearing Corporation may, solely for the purpose of reducing the risk to The Clearing Corporation resulting from the continued maintenance of such positions or the continued holding of such Margin, authorize the execution of hedging transactions, including, without limitation, the purchase or sale of underlying commodities or commodities deemed similar thereto or Contracts on any such underlying or similar interests. Any authorization of hedging transactions shall be reported promptly to the Board, and any such Trades that are executed shall be reported to the Board on a daily basis. Any costs or expenses, including losses, sustained by The Clearing Corporation in connection with transactions effected for its account as authorized hereby shall be charged to the account of the suspended Participant, and any gains realized on such transactions shall be credited to such account.
- (d) Any obligation of The Clearing Corporation to a Participant arising from a Trade or from any provision of the Rules shall be subject to all the terms of the Rules, including the setoff and other rights set forth in this Rule. The rights of The Clearing Corporation set forth in this Rule shall be in addition to other rights that The Clearing Corporation may have under applicable law and governmental regulations, other provisions of these Rules, additional agreements with the Participant or any other source.

... Interpretations and Policies:

- .01 The Clearing Corporation may declare a Participant that is in Default under this Rule 12-605 also to be in Default under Rule 605.

... **Interpretations and Policies:**

.01 The Clearing Corporation ordinarily will effect Final Settlement of a physically settled ICE Contract by 6:40 a.m. on the first Business Day following the Last Trading Day in such ICE Contract.

ICE

IntercontinentalExchange, Inc.

ICE Contract

The term "ICE Contract" has the meaning set forth in Rule 101 in relation to the definition of "OTC Market."

ICE Participant Agreement

The agreement between ICE and a Participant or Customer governing the responsibilities of parties to ICE Contracts, including the terms for delivery thereof.

ICE Trading System

The electronic Trade matching system operated by ICE for the trading of ICE Contracts.

Last Trading Day

As to any ICE Contract, the last day on which a particular delivery month or expiration is listed for trading on the ICE Trading System.

Non-Defaulting Participant

The term "non-Defaulting Participant" has the meaning given that term in Rule 13-505(b).

13-304. Offsets.

- (a) Where, as the result of substitution under Rule 301, any Participant has bought from The Clearing Corporation any amount of a given ICE Contract for a particular delivery and subsequently, and prior to such delivery, such Participant sells to The Clearing Corporation any amount of the same ICE Contract for the same delivery, the subsequent transaction shall be deemed pro tanto a settlement or adjustment of the prior transaction. In like manner, where a Participant sells to The Clearing Corporation any amount of a given ICE Contract for a particular delivery and subsequently, and before delivery, such Participant buys any amount of the same ICE Contract for the same delivery, the second transaction shall be deemed pro tanto a settlement or adjustment of the prior transaction. Thereupon, such Participant shall become liable to pay the loss or entitled to collect the profit, as the case may be, upon such adjusted transactions. For purposes of this Rule, the first Trades made shall be deemed the first Trades offset.
- (b) The Clearing Corporation will, upon direction from a Participant, establish one or more sub-accounts within such Participant's account at The Clearing Corporation. The Clearing Corporation will ordinarily offset long and short positions in an ICE Contract that are identified by the Participant as having been made for such a sub-account.

13-307. Statement of Trades and Positions.

The Clearing Corporation shall make available to Participants a statement of Trades and positions for each Business Day on which such Participant has Trades to be cleared or a position open with The Clearing Corporation.

... Interpretations and Policies:

- .01 Each ICE Contract represents either 400 MWhs of Western power or 800 MWhs of Eastern and Mid Continent power. One month of power will be represented by a number of Contracts equal to the number of NERC peak days in that month.

13-310. Acceptance of Trades by The Clearing Corporation.

- (a) The Clearing Corporation shall accept Trades for clearance only if such Trades are submitted on behalf of a Participant.

- (b) A Trade (other than a Transfer Trade or a Block Trade) in an ICE Contract shall not be deemed to be accepted by The Clearing Corporation until thirty minutes after The Clearing Corporation's receipt of a matched Trade submitted to it by ICE. The Clearing Corporation may at any time prior to the expiration of such period decline to accept such Trade. In that event, The Clearing Corporation will promptly notify the affected Participants and ICE.
- (c) A Transfer Trade shall not be accepted until The Clearing Corporation has received from the Participants who are parties to the Trade all payments and deposits required to be made pursuant to these Rules.
- (d) A Block Trade shall be submitted to The Clearing Corporation, together with such additional information as may be required and, if not rejected by The Clearing Corporation within one hour of the submission thereof, shall be deemed accepted by The Clearing Corporation. In the event that The Clearing Corporation rejects a Block Trade, it will promptly notify the affected Participants and ICE.
- (e) Issuance by The Clearing Corporation to a Participant of the statement of Trades and positions provided for in Rule 307 shall not constitute confirmation that the Trades listed on such statement have been accepted by The Clearing Corporation.
- (f) The Clearing Corporation may from time to time establish Daily Limits and may in such circumstances decline to accept for clearance Trades in ICE Contracts that exceed any such Daily Limit. Except as otherwise provided in a resolution adopted pursuant to Rule 601 or 602, Daily Limits shall not apply on the last two trading days for any ICE Contract. Notwithstanding the foregoing, The Clearing Corporation may in its discretion accept such a Trade if doing so will reduce The Clearing Corporation's net exposure to a Participant. The Clearing Corporation will give Participants prompt notice of the adoption of Daily Limits.
- (g) As used herein, (i) the term "Block Trade" shall mean a privately negotiated transaction in an ICE Contract that is submitted to The Clearing Corporation by ICE but not executed through the ICE Trading System, and (ii) the term "Daily Limit" shall mean a price that is above or below the preceding day's Settlement Price by more than a specified increment.

... **Interpretations and Policies:**

.01 The Clearing Corporation's normal business hours are from 7:00 a.m. to 4:00 p.m. on Business Days. In the event that a Trade (other than a Block Trade) is received or matched between 3:30 p.m. and 7:00 a.m., The Clearing Corporation will not be deemed to have accepted such Trade until 7:30 a.m. on the next Business Day. In the event that a Block Trade is submitted to The Clearing Corporation between 3:00 p.m. and 7:00 a.m., The Clearing Corporation will not be deemed to have accepted such Trade until 8:00 a.m. on the next Business Day. On Business Days on which normal business hours do not apply, the time frames referenced above will be adjusted accordingly.

13-311. Trades for Customers.

Where a Participant clears a Trade for a Customer, the Participant for whose account such Trade has been cleared becomes liable to The Clearing Corporation and The Clearing Corporation liable to such Participant on such Trade as if the Trade were for the account of the Participant, subject in all cases to the provisions of Rule 13-304.

13-312. Reserved.

13-315. Limitation of Liability.

The liability of The Clearing Corporation relating or arising out of ICE Contracts shall be limited to losses resulting from the substitution of The Clearing Corporation upon such contracts between Participants in accordance with these Rules, but in no event shall the amount of such liability hereunder or under any other provision of these Rules exceed the total amount on deposit in the Emerging Markets Guaranty Fund. The Clearing Corporation shall not be liable for obligations of a non-Participant, obligations of a Participant to a non-Participant, obligations of a Participant to another Participant of The Clearing Corporation who is acting for such other Participant as broker, or obligations of a Participant to a customer, not shall The Clearing Corporation become liable to make deliveries to or accept deliveries from a customer of its Participants.

13-402. Original Margin.

- (a) Margin, other than variation settlements, shall be known as original Margin. The Clearing Corporation shall, from time to time, fix the amount of original Margin which shall be called to protect The Clearing Corporation on Trades in ICE Contracts. On the Last Trading Day, original Margin for any ICE Contract that settles by physical delivery shall be equal to 50% of the Contract Value.

- (b) When the amount callable shall have been fixed, such Margin shall be called by The Clearing Corporation. Normally, Margin calls will be uniform, but where particular risks are deemed hazardous, The Clearing Corporation may depart from the rule of uniformity and call for additional Margin. Upon performance or closing out of Contracts thus secured, original Margin deposits may be withdrawn by the Participant upon the authorization of The Clearing Corporation except as otherwise provided in Rules 13-501 and 13-502.
- (c) Original Margin may be required of Participants on a gross basis, without reduction for opposite positions in the same ICE Contract, and shall be deposited in the manner prescribed by The Clearing Corporation.

13-404. Settlement Prices.

- (a) The Settlement Price for an ICE Contract means the price for such ICE Contract established in accordance with this Rule at the close of each day's trading.
- (b) The Settlement Price for each open ICE Contract shall be determined by The Clearing Corporation based upon the recommendation of ICE. The Clearing Corporation may consult, as appropriate, any committee of The Clearing Corporation, and may consider all relevant market information, including (but not limited to) price data from spot, forward, and derivative markets for both physical and financial products.
- (c) The Settlement Price for Final Settlement of an ICE Contract shall be the price required by the ICE Contract terms and conditions.
- (d) Notwithstanding the foregoing, when deemed necessary by The Clearing Corporation in order to protect the respective interests of The Clearing Corporation and Participants, The Clearing Corporation may establish the Settlement Price for any ICE Contract at a price deemed appropriate by The Clearing Corporation under the circumstances. When The Clearing Corporation determines that circumstances necessitate the application of the powers conferred hereby, the reasons for that determination and the basis for the establishment of the Settlement Price in such circumstances shall be recorded.
- (e) In carrying out the responsibilities under this Rule, The Clearing Corporation may consult, as appropriate, any committees of The Clearing Corporation or the Exchange, and may consider all relevant market information.

. . . Interpretations and Policies:

- .01 The Clearing Corporation may establish Daily Limits as provided in Rule 13-310. In such an event, the Settlement Price ordinarily will be established at a price that does not exceed such Daily Limit.

13-501. Assignment of Deliveries.

- (a) By 8:00 a.m. on the first Business Day following the Last Trading Day, Participant buyers and Participant sellers shall report their gross long and short positions, respectively, and shall identify the holders (whether Participants or Customers) of each long and short position in an ICE Contract reflected on the books of such Participant.
- (b) By 10:00 a.m. on the first Business Day following the Last Trading Day, The Clearing Corporation will provide ICE with a report of the long and short delivery positions held by Participants and Customers for delivery, as reported to The Clearing Corporation as provided in paragraph (a). ICE will provide The Clearing Corporation with instructions regarding the delivery assignment of all such open positions, including the names of the parties that are to make and take delivery and their Participants (if the Participant is not itself the party that is to make or take delivery), by no later than 4:00 p.m. on the first Business Day following the Last Trading Day. The Clearing Corporation shall thereupon notify Participants of the assignments made by ICE. Such notification shall be given by no later than 6:00 p.m. on the first Business Day following the Last Trading Day.
- (c) Provided that a Participant is not in Default, original Margin deposited by that Participant in respect of ICE Contracts that remain open after Final Settlement shall be retained by The Clearing Corporation as Original Delivery Collateral. Thereafter, such a Participant shall deposit with The Clearing Corporation Supplementary Delivery Collateral in a form and manner acceptable to The Clearing Corporation and in an amount sufficient to cause the Delivery Collateral for each such ICE Contract to be equivalent to the Contract Value. Such Supplementary Delivery Collateral shall be deposited by no later than 5:00 p.m. on the third Business Day following the Last Trading Day. Failure to do so shall constitute a Default pursuant to Rule 13-605 and shall subject the Participant to discipline by The Clearing Corporation.

- (d) Notwithstanding the provisions of paragraph (c), assigned Participants shall not be required to deposit Supplementary Delivery Collateral if they have notified The Clearing Corporation that they have agreed to the terms of an alternative delivery arrangement. Any such notice shall be given by 3:30 p.m. on the second Business Day following the Last Trading Day or such later time and in such form as may be specified by The Clearing Corporation. In such an event, Original Delivery Collateral held by The Clearing Corporation in respect of such deliveries shall be returned or released to the Participants as provided in Rule 13-502(c)(iii).

13-502. Purchases and Sales for Physical Delivery; Application of Delivery Collateral.

- (a) An ICE Contract that has not been liquidated or offset prior to the termination of trading on the Last Trading Day shall be settled by delivery in the manner established by the ICE Participant Agreement unless otherwise settled pursuant to the terms of an alternative delivery arrangement as provided in Rule 13-501(d).
- (b) Following The Clearing Corporation's issuance of notices regarding delivery assignments as provided in Rule 13-501(b), The Clearing Corporation shall assign Participant buyers to Participant sellers in accordance with the delivery assignments made by ICE, and the Participants shall be substituted in lieu of The Clearing Corporation as buyers and sellers in the ICE Contracts between The Clearing Corporation and Participant sellers and buyers, respectively, and the ICE Contracts between such Participants and The Clearing Corporation will be deemed discharged and terminated, in each case effective from and after Final Settlement. The buyer and seller Participants shall continue to be subject to the requirements of Rule 13-501 notwithstanding such substitution. Following satisfaction of the obligations of the buyer and seller Participants as to Delivery Collateral under Rule 13-501(c), the contract between the Participants will be novated and replaced, as applicable, by a contract between the Customers making and receiving delivery with respect to such contract in accordance with the ICE Participant Agreement.
- (c) Acting solely in its capacity as escrow agent, The Clearing Corporation will release Delivery Collateral to the Participant that has posted the same as provided herein.
 - (i) The Clearing Corporation will return Delivery Collateral deposited by a selling Participant on the third Business Day after the last delivery day unless the buying Participant has provided timely written notice to The Clearing Corporation that delivery was not made timely and in full.

- (ii) The Clearing Corporation will return Delivery Collateral deposited by a buying Participant on the second Business Day after the scheduled payment date established by ICE unless the selling Participant has provided timely written notice to The Clearing Corporation that such payment was not made timely and in full.
 - (iii) Provided that a Participant is not in Default, The Clearing Corporation will release Original Delivery Collateral to selling and buying Participants that have entered into an alternative delivery arrangement (as provided in Rule 13-501(d)) on the third Business Day following the Last Trading Day. In the event that only one such Participant is in Default, The Clearing Corporation will release Original Delivery Collateral solely to the non-Defaulting Participant.
- (d) Notwithstanding the foregoing, if The Clearing Corporation receives written instructions signed by ICE or an order of a court of competent jurisdiction to the effect that a Participant is entitled to receive an amount of Delivery Collateral identified in such written instructions or order, The Clearing Corporation will disburse such amount of Delivery Collateral to such Participant.
- (e) Beyond the exercise of reasonable care in the custody and preservation thereof, The Clearing Corporation will have no duty as to any Margin or Delivery Collateral in its possession or control or in the possession or control of any sub-agent or bailee or any income therefrom or as to the preservation of rights against prior parties or any other rights pertaining thereto. The Clearing Corporation will be deemed to have exercised reasonable care in the custody and preservation of Margin or Delivery Collateral in its possession or control if such Margin or Delivery Collateral is accorded treatment substantially equal to that which it accords its own property, and will not be liable or responsible for any loss or damage to any Margin or Delivery Collateral, or for any diminution in the value thereof, by reason of any act or omission of any sub-agent or bailee selected by The Clearing Corporation in good faith or by reason of any act or omission by The Clearing Corporation pursuant to instructions from a Participant, except to the extent that such liability arises from The Clearing Corporation's gross negligence or willful misconduct. **THE CLEARING CORPORATION SHALL NOT BE LIABLE FOR ANY LOSS, COST, OR EXPENSE ARISING FROM THE FAILURE OF A PARTICIPANT OR CUSTOMER OR OTHER NON-PARTICIPANT TO PERFORM ANY OF ITS DELIVERY OBLIGATIONS, INCLUDING THE POSTING OF DELIVERY COLLATERAL.**

13-503. Delivery Price.

All deliveries on ICE Contracts shall be made at the Settlement Price for such ICE Contract on the Last Trading Day.

13-505. Settlements on Defaulted Deliveries.

- (a) The Clearing Corporation shall not under any circumstance be obligated to make or accept deliveries in satisfaction of ICE Contracts, nor shall The Clearing Corporation have any obligation or liability to any Participant or to any other person relating to a failure to fulfill a delivery obligation following The Clearing Corporation's assignment of delivery instructions as provided in Rule 13-501.
- (b) In the event that a Participant or Customer (a "Defaulting party") shall fail to fulfill its delivery obligations (including payment therefor) and the opposite Participant (the "non-Defaulting Participant") shall have given timely notice thereof as provided in Rule 13-502(c), The Clearing Corporation's sole obligation shall be to release to the non-Defaulting Participant or its Customer, as appropriate, any Delivery Collateral held by The Clearing Corporation in respect of the Defaulting party's positions, pursuant to the instructions of ICE or a court of competent jurisdiction. In the event that more than one non-Defaulting Participant is entitled thereto, The Clearing Corporation shall allocate such Delivery Collateral ratably among the non-Defaulting Participants pursuant to the instructions of ICE or a court of competent jurisdiction. In the event that there is a conflict or inconsistency in respect of any such instructions, The Clearing Corporation shall be entitled to determine, in its sole discretion, the controlling instructions.
- (c) Notwithstanding anything to the contrary in these Rules (including, without limitation, Rule 13-605), The Clearing Corporation holds Delivery Collateral solely as escrow agent to secure the obligations of a Participant or a Customer arising under ICE Contracts and will not retain or apply Delivery Collateral in satisfaction of a Participant's obligations to The Clearing Corporation.

13-510. Customer Deliveries.

At least five Business Days prior to the Last Trading Day, a Participant shall confirm that each Customer holding a position in the expiring month is qualified (in the manner determined by ICE) to effect delivery. A Participant may not clear a Trade for the account of a Customer at any time during the five Business Days preceding and including the Last Trading Day unless such Trade liquidates or offsets an existing position in the Customer's account at the Participant or the Participant has confirmed or confirms promptly that the Customer is prepared (in a manner deemed satisfactory by ICE) to effect delivery. In the event that the

Participant is unable timely to obtain such confirmation, it shall liquidate the Customer's positions in the expiring ICE Contract prior to the close of trading on the Last Trading Day.

... Interpretations and Policies:

- .01 ICE has established the following requirements for Customers who wish to maintain open positions on and after five Business Days prior to the Last Trading Day in an ICE Contract:

PJM:

The Customer must be a member of PJM.

Into Cinergy:

The seller must (a) own generation (greater than the short position) within the Cinergy grid, (b) have a source (greater than the short position) outside the Cinergy grid, together with sufficient firm transmission from the source to the Cinergy grid, or (c) have entered into a valid and binding bilateral transaction that offsets the ICE Contract.

The buyer must (a) have load (greater than the long position) within the Cinergy grid or (b) have load (greater than the long position) outside the Cinergy grid, together with sufficient firm transmission from the Cinergy grid to the load, or (c) have entered into a valid and binding bilateral transaction that offsets the ICE Contract.

13-605. Defaults.

- (a) A Participant is in Default if such Participant (i) is in default under Rule 605, (ii) fails to meet any of its obligations upon its Contracts with The Clearing Corporation, (iii) fails to deposit Margin within one hour after demand by The Clearing Corporation, or (iv) is suspended, expelled or prohibited from trading by a Market or by The Clearing Corporation. Upon such Default, The Clearing Corporation may impose limitations, conditions and restrictions upon such Participant or terminate the status of the Participant, and may cause all open Trades of such Participant to be closed in the open market, transferred to any other Participant, or otherwise resolved as deemed appropriate by The Clearing Corporation, and any debit balance owing to The Clearing Corporation shall be immediately due and payable.

- (b) In closing, transferring or otherwise resolving the open Trades of a Participant as provided in paragraph (a) of this Rule, The Clearing Corporation shall have the right:
- (i) With respect to open Trades in Contracts, to set off (A) any proceeds received by The Clearing Corporation from the disposition of such open Trades and any property or proceeds thereof deposited with or held by The Clearing Corporation as Margin for such accounts against (B) any amounts paid by The Clearing Corporation in the disposition of such open Trades, including any commissions or other losses or expenses incurred in connection therewith or in connection with the liquidation of Margin deposits in such accounts and any other amounts owed to The Clearing Corporation as a result of transactions in the accounts or otherwise lawfully chargeable against the accounts;
 - (ii) With respect to all other open Trades (in ICE Contracts or otherwise) held in any other account of such Participant, to set off (A) any proceeds received by The Clearing Corporation from the disposition of such open Trades, any property or proceeds thereof deposited with or held by The Clearing Corporation as Margin for such accounts, and any other property of the Participant within the possession or control of The Clearing Corporation against (B) any amounts paid by The Clearing Corporation in the disposition of such open Trades, including any commissions or other losses or expenses incurred in connection therewith or in connection with the liquidation of Margin in such account, and any other obligations of the Participant to The Clearing Corporation, including obligations of the Participant to The Clearing Corporation remaining after the setoffs referred to in subparagraph (b)(i) of this Rule, and any obligations arising from any other accounts maintained by the Participant with The Clearing Corporation;
 - (iii) To cause Trades and positions held in accounts of the Participant that is in Default to be offset against each other and, to the extent of any remaining imbalance, against the Trades and positions of other Participants;
 - (iv) To cause Trades and positions in Contracts held in accounts of the Participant that is in Default and of other Participants to be settled at the Settlement Price for such Contracts, or at such other price or prices as The Clearing Corporation may deem fair and reasonable in the circumstances; and

- (v) To defer closing or otherwise settling such Trades and Contracts if, in its discretion, it determines that the closing out of some or all of the suspended Participant's Trades or Contracts would not be in the best interests of The Clearing Corporation or other Participants, taking into account the size and nature of the positions in question, market conditions prevailing at the time, the potential market effects of such liquidating transactions as might be directed by The Clearing Corporation, and such other circumstances as it deems relevant.
- (c) If the Board of Directors or the President shall (i) determine that The Clearing Corporation is unable, for any reason, to close out any Contracts in a prompt and orderly fashion, or to convert to cash any Margin of a suspended Participant, or (ii) elects pursuant to paragraph (b)(v) not to close out any such Trades or Contracts, The Clearing Corporation may, solely for the purpose of reducing the risk to The Clearing Corporation resulting from the continued maintenance of such positions or the continued holding of such Margin, authorize the execution of hedging transactions, including, without limitation, the purchase or sale of underlying commodities or commodities deemed similar thereto or Contracts on any such underlying or similar interests. Any authorization of hedging transactions shall be reported promptly to the Board, and any such Trades that are executed shall be reported to the Board on a daily basis. Any costs or expenses, including losses, sustained by The Clearing Corporation in connection with transactions effected for its account as authorized hereby shall be charged to the account of the suspended Participant, and any gains realized on such transactions shall be credited to such account.
- (d) Any obligation of The Clearing Corporation to a Participant arising from a Trade or from any provision of the Rules shall be subject to all the terms of the Rules, including the setoff and other rights set forth in this Rule. The rights of The Clearing Corporation set forth in this Rule shall be in addition to other rights that The Clearing Corporation may have under applicable law and governmental regulations, other provisions of these Rules, additional agreements with the Participant or any other source.

. . Interpretations and Policies:

- .01 The Clearing Corporation may declare a Participant that is in Default under this Rule 13-605 also to be in Default under Rule 605.

Product Specification - PJM-West

Item	Specification
Contract Description	Physically settled US Power, Electricity Firm - LD Peak Physical, Fixed Price – PJM West Hub
Rate	50 MWh
Contract Size per lot	800 MWh
Unit of Trading	Trading takes place in multiples of 50 MWhs for a 16-hour peak day. 1 lot equals 800 peak MWhs per day. For example, a 5 lot position in a monthly contract for May 03 has a value of 5 (lots) x 21 peak days (22 minus 1 NERC holiday) x 50 (MWhs) x 16 (peak hours) = 84,000 MWhs. NOTE: For each ICE Contract, ICE will report to The Clearing Corporation a quantity equal to the number of peak days in that delivery month. [For example, one 50MWhs ICE Contract for a month will be reported to The Clearing Corporation as 21 “units,” each representing 800 MWhs (50 MWhs x 16 peak hours per day).] The Clearing Corporation’s records, therefore, will reflect the number of units associated with ICE Contracts, and transactions reported by or to The Clearing Corporation shall be effected in “units” (multiples of the number of peak days in the delivery month).
Delivery Schedule	Monday – Friday HE 08:00 HE 23:00 EPT excluding NERC Holidays

- (b) A Trade in an OTC SO2 Option Contract shall not be deemed to be accepted by The Clearing Corporation until sixty minutes after The Clearing Corporation's receipt of a matched Trade or until sixty minutes after The Clearing Corporation matches the buying Participant and the selling Participant of a particular Trade. The Clearing Corporation may, for good cause shown, waive this provision.
- (b) A partnership whose partners include one or more other partnerships, corporations or limited liability companies shall be approved for the clearing of Contracts only if all of its partners are general partners. The Clearing Corporation may, for good cause shown, waive this provision.
- (c) A limited liability company, the majority of whose membership interests are owned or controlled by another limited liability company or by a corporation or partnership, shall be approved for the clearing of Contracts only if its controlling parent organization or individuals with a significant ownership interest guarantee the Participant's obligations relating to Contracts. For purposes of this paragraph, membership interests which are owned or controlled by a manager, managing Participant, an officer, shareholder or partner of another organization will be considered owned or controlled by such other organization. The Clearing Corporation may, for good cause shown, waive this provision.

... **Interpretations and Policies:**

- .01 The guarantee of a Participant's obligations required by this Rule shall, unless otherwise provided in particular cases, be applicable only to Trades made for a proprietary account (as such term is defined in Commission Regulation 1.3(y)) or other non-customer accounts of the Participant.

206. Common Owner Guarantee.

- (a) No more than one Participant shall be owned or controlled, directly or indirectly, by the same Person unless:

- (i) Each such Participant consents to the use by The Clearing Corporation of any and all assets of the Participant in the possession of The Clearing Corporation or under its control to satisfy the obligations of all such commonly owned or controlled Participant to The Clearing Corporation;
 - (ii) Each such Participant guarantees to The Clearing Corporation all obligations of all such commonly owned or controlled Participants, including, without limitation, obligations arising out of house and customer account positions maintained by The Clearing Corporation; and
 - (iii) Each such Participant irrevocably consents to its immediate suspension or expulsion from its status as a Participant should it fail timely and fully to honor its guarantee of the obligations of such commonly owned or controlled Participants or should such a commonly owned or controlled Participant fail to honor its guarantee of such Participant.
- (b) The Clearing Corporation may grant exemptions from the requirements of this Rule 206 for good cause shown if it determines that such exemptions will not jeopardize the financial integrity of The Clearing Corporation.

207. Notices Required of Participants.

- (a) Each Participant shall immediately notify The Clearing Corporation, orally and in writing, of:
- (i) Any material adverse change in the Participant's financial condition including, but not limited to, a decline in net capital or, with respect to Participants that are not registered with the Commission as futures commission merchants, net worth equal of 20% or more, or if such Participant knows or has reason to believe that its adjusted net capital has fallen below The Clearing Corporation's minimum capital requirements;
 - (ii) Any proposed material reduction (and, in all cases, if the reduction is 30% or more) in the Participant's operating capital, including the incurrence of a contingent liability which would materially affect the Participant's capital or other representations contained in the latest financial statement submitted to The Clearing Corporation should such liability become fixed; provided, that any such reduction in operating capital shall not be effected by the Participant if The Clearing Corporation specifically objects thereto, in writing, within thirty days after receipt of written notice thereof;

- (iii) Any refusal of admission to, withdrawal of any application for membership in, any suspension, expulsion, bar, fine, censure, denial of membership, registration or license, withdrawal of any application for registration, cease and desist order, temporary or permanent injunction, denial of trading privileges, or any other sanction or discipline through an adverse determination, voluntary settlement or otherwise, by the Commission, the Securities and Exchange Commission, any commodity or securities exchange, clearing organization, the National Futures Association, the National Association of Securities Dealers, any self-regulatory organization or other business or professional association;
- (iv) The imposition of any restriction or limitation on the business conducted by the Participant on or with any securities or futures clearing organization or exchange (including, without limitation, any contract market, derivatives transaction facility, exempt board of trade, Linked Exchange, other trading facility, or Linked Clearinghouse, other than restrictions or limitations imposed generally on all Participants of or participants in such clearing organization or exchange;
- (v) Any failure by such Participant, or any guarantor or commonly owned or controlled Participant (as provided in Rules 205 and 206) to perform any of its material contracts, obligations or agreements;

 - (iii) Any transfer, offer to transfer, or termination of an Exchange Market membership, where such membership has been designated under the rules of such Exchange Market for the benefit of the Participant.

... **Interpretations and Policies:**

- .01 As used in paragraph (a)(i), the term "net capital" means the greatest of: (a) the minimum net capital requirement established by The Clearing Corporation for such Participant; (b) with respect to a Participant that is a registered futures commission merchant, adjusted net capital as provided in Commission Regulation 1.17; and, (c) with respect to a Participant that is a registered broker-dealer, excess adjusted net capital as provided in Securities and Exchange Commission Regulation 15c3-1.

208. Exchange Membership.

The Clearing Corporation may decline or restrict the ability of a Participant to clear Trades made on any Exchange where such Participant is not admitted to the privileges of membership or is not approved by such Exchange Market to clear Trades made on or subject to the rules of such Exchange Market.

209. Termination of Participant Status.

- (a) Upon the occurrence of a Termination Event (as defined herein), The Clearing Corporation may, in its sole discretion, impose limitations, conditions and restrictions upon a Participant or terminate the status of the Participant. In such circumstances, The Clearing Corporation may, in its sole discretion, (i) decline to accept new Trades, (ii) cause open Contracts to be transferred to another clearing organization designated by the Market, with such security against claims and liabilities as The Clearing Corporation shall deem necessary for its protection, (iii) permit Trades to be tendered for liquidation only, (iv) cause open Contracts to be settled in cash or liquidated in the open market, and (v) otherwise take or omit to take such actions, or any combination thereof, as it deems necessary or appropriate in the circumstances.
- (b) As used herein, "Termination Event" shall mean the occurrence of any of the following:
- (i) The expiration or termination of the agreement for clearing services between The Clearing Corporation and the relevant Market;
 - (ii) The expiration or termination of the agreement between the Participant and The Clearing Corporation;

- (iv) The breach by the Participant of the Rules or any of the terms or provisions of any agreement between The Clearing Corporation and the Participant which is not remedied promptly after notice from The Clearing Corporation; or
- (v) The Participant is in Default.

3. CLEARING OF CONTRACTS

301. Effect of Clearance.

Trades submitted for clearance by or for the account of a Participant shall be submitted to The Clearing Corporation as required by the Rules and the rules of the Market, and if The Clearing Corporation accepts the same, as provided in Rule 310, the buying Participant shall be deemed to have bought such Contract from The Clearing Corporation and the selling Participant shall be deemed to have sold such Contract to The Clearing Corporation. Upon such substitution, such buyers and sellers shall be released from their obligations to each other, and The Clearing Corporation shall be deemed to have succeeded to all the rights, and to have assumed all the obligations, of the original parties to such contracts, to the extent provided in these Rules.

302. Tender of Trades.

The filing of a Trade confirmation by or on behalf of a Participant, as hereinafter provided, shall be deemed a tender to The Clearing Corporation for clearance of the Trade listed on such confirmation. These Rules shall constitute part of the terms of each Contract tendered to The Clearing Corporation.

303. Adjustments.

- (a) Where a Contract is cleared and the contract price is less than the Settlement Price of the day, the selling Participant shall pay to The Clearing Corporation and the buying Participant shall receive from The Clearing Corporation the difference between the value of the Contract based upon the Settlement Price of the day and the contract price, in accordance with the policies and procedures of The Clearing Corporation. In like manner, if the contract price of a Contract is more than the Settlement Price of the day, the buying Participant shall pay to The Clearing Corporation, and the selling Participant shall receive from The Clearing Corporation, the difference between the value of the Contract based upon the Settlement Price of the day and the Contract price, in accordance with the policies and procedures of The Clearing Corporation.

- (b) Such payments shall be at the time and in the manner prescribed by The Clearing Corporation. Thereupon, the selling Participant shall be deemed to have sold such Contract to The Clearing Corporation, and the buying Participant shall be deemed to have bought such Contract from The Clearing Corporation, in each case at the Settlement Price of the day. Thereafter, from day to day, to the extent such transaction remains open, similar payments shall be made to bring the Trade to the Settlement Price of that day, and after such payments have been made, the buying Participant shall be deemed to have bought, and the selling Participant shall be deemed to have sold, such Contract to The Clearing Corporation at the Settlement Price of such day.

304. Offsets.

Where, as the result of substitution under Rule 301, a Participant has bought from The Clearing Corporation any amount of a given Contract for a particular delivery, and subsequently, and prior to such delivery, such Participant sells to The Clearing Corporation any amount of the same Contract for the same delivery, the second transaction shall be deemed pro tanto a settlement or adjustment of the prior transaction, except as provided in Rule 311, and except with respect to Options. In like manner, where a Participant sells to The Clearing Corporation any amount of a given Contract for a particular delivery, and subsequently, and before delivery, such Participant buys any amount of the same Contract for the same delivery, the second transaction shall be deemed pro tanto a settlement or adjustment of the prior transaction, except as provided in Rule 311, and except with respect to Options. Thereupon, such Participant shall become liable to pay the loss or entitled to collect the profit, as the case may be, upon such adjusted transactions, and shall be under no further liability to receive or make delivery with respect thereto. For purposes of this Rule, the first Trades made shall be deemed the first Trades offset.

305. Trade Confirmations.

Each Business Day, the exact hours as from time to time fixed by The Clearing Corporation, Participants shall file with The Clearing Corporation confirmations, in the manner prescribed by The Clearing Corporation (which, in the case of electronic trading systems that submit matched trades to The Clearing Corporation, shall be satisfied by confirming reports automatically generated by such system that contain the information set forth herein), covering Trades made during the day (including scratch Trades) showing for each Trade (a) the identity of both Participants, (b) whether bought or sold, (c) the quantity involved, (d) the delivery month, (e) the Contract expiration and series involved, (f) the price and/or premium, (g) whether for house, customer, non-customer or floor trader account, and (h) such other information as may be required by The Clearing Corporation to effect the matching of Trades between the buyer and the seller.

306. Disagreement in Trade Confirmations.

If a Trade confirmation of any Participant shall not correspond in all material respects with the confirmation of the other party to such Trade, The Clearing Corporation may reject such Trade and notify both Participants, setting forth the basis of such objection.

307. Statement of Trades and Positions.

The Clearing Corporation shall make available to a Participant a statement of Trades and positions for each Business Day on which such Participant has Trades to be cleared or a position open with The Clearing Corporation. Such statement shall show the amounts the Participant shall pay to or receive from The Clearing Corporation under Rule 303 and the amount of premium the Participant shall pay to or receive from The Clearing Corporation, in all cases at the time and in the manner prescribed by The Clearing Corporation.

308. Daily Variation Settlements.

If the statement of Trades and positions made available to a Participant under Rule 307 shows a net balance in favor of The Clearing Corporation, the Participant shall, at the time and in the manner prescribed by The Clearing Corporation, pay such net balance to The Clearing Corporation. Payment will be considered made hereunder only if made in a manner prescribed by The Clearing Corporation and results in immediate credit to the account of The Clearing Corporation. If such statement shows a net balance in favor of the Participant, The Clearing Corporation shall promptly pay, at the time and in the manner prescribed by The Clearing Corporation, the amount of such net balance to the Participant.

309. Statement of Original Margins and Premiums.

At the time a statement of the Participant's Trades and positions is made available pursuant to Rule 307, The Clearing Corporation shall also make available a statement showing original Margins and Option premiums deposited by the Participant, the amount of such Margins and premiums required by The Clearing Corporation, and the Participant's net surplus of, or deficit in, such Margins and premiums.

310. Acceptance of Trades by Clearing Corporation.

The Clearing Corporation shall accept no Trades for clearance except for the account of its Participants. A Trade, except a Transfer Trade, is accepted upon either The Clearing Corporation's receipt and acknowledgment of a matched Trade or matching of Trade confirmations. A Transfer Trade is accepted upon receipt of all payments and deposits required to be made pursuant to these

Rules by the Participants who are parties to the Transfer Trade. Issuance by The Clearing Corporation, to a Participant, of a statement of Trades and positions as provided in Rule 307 shall constitute confirmation that the Trades listed on such statement, except Transfer Trades, have been accepted by The Clearing Corporation.

311. Trades for Customers.

Where a Participant clears a Trade for a customer, whether a member or non-member of an Exchange Market, the Participant becomes liable to The Clearing Corporation and The Clearing Corporation liable to the Participant on such Trade in the same manner and to the same extent as if the Trade were for the account of the Participant; provided, however, that Trades made on or subject to the rules of an Exchange Market and designated by the Participant as for the Participant's customer shall not be offset under Rule 304 against Trades designated by the Participant as for the Participant's own account.

312. Separate Accounts.

A Participant required by law to segregate a particular class of transactions with The Clearing Corporation shall maintain a separate account for that purpose (the "separate account"). When appropriately so designated by the Participant, the separate account shall be treated as to Margins, Option premiums, daily variation settlements, deliveries and all other operations as though it were the account of a different Participant except that, (a) excess funds in any other account of the Participant may be allocated by The Clearing Corporation to the separate account to the extent necessary to meet applicable Margin and variation deposit requirements of these Rules, and (b) if the Participant is in Default under Rule 605 as to any account maintained by the Participant with The Clearing Corporation or for any reason ceases to be a Participant, the open Trades in all such accounts may be closed in the open market, transferred to any other Participant, or otherwise resolved and the deficit, if any, in the separate account applied against the balance in any other account of the Participant. The Clearing Corporation shall maintain all funds held in the separate accounts in accordance with relevant provisions of the Commodity Exchange Act and Commission regulations.

313. Records.

Participants shall keep permanent records showing, with respect to each purchase or sale, the names of both Participants, the Futures Contract, Option series, quantity, date, price, delivery or expiration month, the name or account identifier of the customer for whom the Trade was made and such other information as may be required by law, regulation, or by The Clearing Corporation. Such permanent records shall be retained for at least five years, either in original form or in such other form as The Clearing Corporation may

from time to time authorize, and shall be deemed the joint property of The Clearing Corporation and the Participant keeping such records. The Clearing Corporation shall be entitled to inspect or take temporary possession of such records at any time upon demand.

314. Reporting.

Participants shall make reports of their positions at the time and in the manner prescribed by The Clearing Corporation.

315. Limitation of Liability.

The liability of The Clearing Corporation relating to or arising out of Contracts shall be limited to losses resulting from the substitution of The Clearing Corporation upon Contracts in accordance with these Rules, **but in no event shall the amount of such liability exceed the amount on deposit in the General Guaranty Fund.** The Clearing Corporation shall not be liable for obligations of a non-Participant or obligations of a Participant to a non-Participant (other than, in each case, Eurex Clearing), obligations of a Participant to another Participant who is acting for such other Participant as broker, or obligations of a Participant to a customer, nor shall The Clearing Corporation become liable to make deliveries to or accept deliveries from a customer of a Participant.

... Interpretations and Policies:

- .01** The liability of Eurex Clearing as a Special Clearing Member is governed by the provisions of the Link Agreement.

316. Non-Acceptance of Trades.

In case of the non-acceptance of the Trades of any Participant, The Clearing Corporation shall be deemed to have incurred no obligations respecting the Trades that are not so accepted. It shall be incumbent upon the Participants who are parties to any such Trades to take such steps as the Participants may deem necessary or proper for such Participants' own protection.

317. Authority of President.

Without limitation of any authority conferred by the Certificate of Incorporation, the Bylaws, other provisions of these Rules, or resolutions of the Board or any committee of the Board, the President is authorized, should he deem it necessary or advisable, to take such action as he deems necessary or appropriate for the protection of The Clearing Corporation. The President may take such action pending a meeting of the Board or committee of the Board, but shall modify or rescind such action if so instructed by the Board or such committee.

4. MARGIN AND SETTLEMENTS

401. Clearing Corporation Lien.

Each Participant agrees that The Clearing Corporation shall have a first lien and security interest on all Margin, Option premiums, Trades, positions and other property held in or for the accounts of such Participant as security for all obligations of such Participant to The Clearing Corporation.

402. Original Margin.

- (a) Margin deposits, other than variation deposits, shall be known as original Margin. The Clearing Corporation shall, from time to time, fix the amount of original Margin which shall be deposited by Participants to protect The Clearing Corporation on Trades in Contracts.
- (b) Original Margin shall be deposited in the manner prescribed in Rules 405 and 406. Upon performance or closing out of contracts thus secured, the original Margin deposits may be withdrawn by the Participant upon the authorization of The Clearing Corporation. Margin calls shall ordinarily be uniform, but where particular risks are deemed hazardous, The Clearing Corporation may, in its sole discretion, depart from the rule of uniformity and call for additional Margin.

403. Variation Deposits.

Margin called by reason of market fluctuations shall be known as variation deposits and shall be paid by Participants to The Clearing Corporation on demand in the manner prescribed by Rule 308. Variation deposits shall be deemed payments on account of Trades and positions for that Business Day and shall be reflected on statements of Trades and positions for that day. The Clearing Corporation may require Participants to make additional variation deposits at any time to the extent of market fluctuations.

404. Settlement Price.

- (a) The Settlement Price for each open Exchange Contract shall be the price recommended for such Contract by the relevant Exchange Market as determined pursuant to the rules of such Exchange Market.

- (b) Notwithstanding the foregoing, when deemed necessary by The Clearing Corporation in order to protect the respective interests of The Clearing Corporation and Participants, The Clearing Corporation may establish the Settlement Price for any Contract at a price deemed appropriate by The Clearing Corporation under the circumstances. When The Clearing Corporation determines that circumstances necessitate the application of this paragraph, the reasons for that determination and the basis for the establishment of the Settlement Price in such circumstances shall be recorded.

405. Cash Margin Deposits.

If the statement of original Margins furnished to a Participant under Rule 309 shows a deficit in original Margins, such Participant shall, at the time and in the manner prescribed by The Clearing Corporation, pay an amount in U.S. Dollars, or foreign currency acceptable to The Clearing Corporation, sufficient to cover such deficit to The Clearing Corporation. Payment will be considered made hereunder only if made in a manner prescribed by The Clearing Corporation and if such payment results in immediate credit to the account of The Clearing Corporation.

406. Non-Cash Margin Deposits.

In lieu of maintaining original Margins in cash, as provided for in Rule 405, Participants may deposit such types of collateral as may be approved by The Clearing Corporation.

When a Participant is in default, all non-cash Margins may be converted to cash or otherwise transferred by The Clearing Corporation for the account of the Participant or its customers.

407. Option Premiums.

Participants shall deposit Option premiums with The Clearing Corporation at the time and in the manner prescribed by The Clearing Corporation.

5. DELIVERIES

501. Delivery Notices.

A selling Participant obligated or desiring to make delivery of a Commodity shall issue and deliver to The Clearing Corporation a delivery notice containing the name and business address of the issuer of such notice; the date of issue; the date of delivery; the name of such Commodity; the total contracted quantity in satisfaction of which the delivery is being tendered; and such other information as The Clearing Corporation shall require. Delivery notices shall be furnished to The Clearing Corporation electronically in such form as may be specified by The Clearing Corporation.

The Clearing Corporation shall assign deliveries to Participants having Contracts to take delivery, for their own account or for one or more customers, of the same or lesser amount of the same Commodity. The Clearing Corporation shall notify such Participants of the deliveries that have been assigned to them and shall furnish to the Participant issuer of a delivery notice the name of the Participant obligated to accept delivery and the number of contracts for which such buying Participant is obligated. Participants receiving delivery notices shall assign delivery to the oldest open contracts on their books at the close of business on the previous day.

502. Purchases and Sales for Physical Delivery.

Issuance of a notice of intention to deliver by a Participant to The Clearing Corporation shall constitute an offer by such Participant to sell to The Clearing Corporation the specified quantity of the Commodity involved, at the delivery price, and to purchase from The Clearing Corporation the same quantity of the same Commodity at the same price. Acceptance of such notice by The Clearing Corporation shall constitute its acceptance of the Participant's offer to sell and repurchase. Such acceptance is effective at the time delivery is required to be made according to the Rules of The Clearing Corporation, and, to the extent not specified herein, to the rules and regulations of the relevant Exchange Market.

Assignment of delivery to a Participant by The Clearing Corporation shall constitute an offer of The Clearing Corporation to sell to such Participant the specified quantity of the Commodity involved, at the delivery price, and to purchase from such Participant the same quantity of the same Commodity at the same price. Acceptance of such assignment of delivery by such Participant shall constitute his acceptance of The Clearing Corporation's offer to sell and repurchase. Such acceptance is effective at the time delivery is required to be made pursuant to these Rules, and, to the extent not specified herein, to the rules and regulations of the relevant Exchange Market.

The Clearing Corporation shall, at the time delivery is required to be made, consider the corresponding sales to such assigned buyers made hereunder as having been settled and shall apply the opposing repurchase made hereunder as an adjustment of the respective Participants' futures positions with The Clearing Corporation in the manner prescribed by these Rules.

503. Delivery Price.

All deliveries on Futures Contracts shall be made at the Settlement Price of the day preceding the day of issuance of notice of intention to deliver, or at the price required in the contract terms and conditions, if such terms and conditions require a different price. The statement of Trades and positions specified in Rule 307 will reflect futures positions closed by delivery and the amount of final adjustment bringing delivery prices to Settlement Prices of the day of notice.

504. Posting of Deliveries.

During each delivery month, The Clearing Corporation shall cause to be posted, not later than the Business Day following the filing of notices of intention to deliver, the name of each Participant issuing notices of intention to deliver on Futures Contracts and the total amount of each Commodity tendered by such Participant for delivery, together with the name of each Participant to which such deliveries have been assigned and the total amount of each Commodity assigned to such Participant.

505. Settlements on Defaulted Deliveries.

- (a) If a Participant fails to fulfill its delivery obligations as prescribed in these Rules, The Clearing Corporation's sole obligation shall be to pay reasonable damages proximately caused by the Default, but in no event shall The Clearing Corporation be obligated to: (i) pay any damages greater than the difference of the delivery price of the specific Commodity and the reasonable market price of such Commodity at the time delivery is required to be made in accordance with and the Rules of The Clearing Corporation and, to the extent not specified herein, the rules and regulations of the relevant Exchange Market; (ii) make or accept delivery of the Commodity; (iii) pay any damages relating to the accuracy, genuineness, completeness, or acceptability of certificates, instruments, warehouse receipts or other similar documents; or (iv) pay any damages relating to the failure or insolvency of banks, custodians, escrow agents, depositories, warehouses, or similar entities that may be involved with a delivery.

- (b) Notwithstanding any other provision of these Rules, The Clearing Corporation has no obligation or liability to any Participant or any other Person relating to a failure to fulfill a delivery obligation unless it is notified by the non-defaulting Participant of such failure as soon as possible, but in no event later than sixty minutes after the time the delivery obligation was to have been discharged in accordance with the Rules of The Clearing Corporation and, to the extent not specified herein, the rules and regulations of the relevant Exchange Market.
- (c) If a buying Participant fails to effect payment to its assigned seller by 1:00 p.m. on the date scheduled for delivery, the selling Participant shall immediately notify The Clearing Corporation. The Clearing Corporation will then determine, in its sole discretion, whether the failure of the buying Participant to effect such payment was technical in nature and is likely to be remedied or whether the such buying Participant's failure to effect payment constitutes a delivery default. If The Clearing Corporation determines, in its sole discretion, that the failure was technical in nature (including a bank instruction error or failure of the Federal Reserve wire), the buying Participant will be allowed to make payment subsequent to 1:00 p.m. (but in no event later than the time, if any, specified by The Clearing Corporation). If The Clearing Corporation determines, in its sole discretion, that such failure constitutes a delivery default, The Clearing Corporation will instruct the selling Participant to sell the invoiced securities as soon as reasonably practicable. The defaulting buying Participant will in such circumstances be liable for the amount, if any, that the reasonable sale price of the invoiced securities (including costs) is less than the original invoiced amount.
- (d) If a selling Participant fails to effect delivery to its assigned buyer by 1:00 p.m. on the date scheduled for delivery, the buying Participant shall immediately notify The Clearing Corporation. The Clearing Corporation will then determine, in its sole discretion, whether such failure to effect delivery is technical in nature and is likely to be remedied or whether such failure to effect delivery constitutes a delivery default. If The Clearing Corporation determines that such failure was technical in nature (including a bank instruction error or failure of the Federal Reserve wire), the selling Participant will be allowed to make delivery subsequent to 1:00 p.m. (but in no event later than the time, if any, specified by The Clearing Corporation). If The Clearing Corporation determines that the failure constitutes a delivery default, The Clearing Corporation will instruct the buying Participant to purchase substitute deliverable securities as soon as reasonably practicable. The defaulting selling Participant will in such circumstances be liable for the reasonable damages (including costs) incurred by the buying Participant relating to the purchase of the substitute securities.

- (e) Delivery obligations of a Participant to another Participant that are not discharged timely (as provided in paragraphs (c) and (d)) and in full by the Participant shall thereupon be deemed an obligation of such Participant to The Clearing Corporation. The defaulting Participant's obligations to The Clearing Corporation must be discharged by (i) not later than sixty minutes after the time such obligations originally were required to be discharged to the non-defaulting Participant, or (ii) such later time as may be established by The Clearing Corporation pursuant to paragraphs (c) and (d).
- (f) Notwithstanding any other provision of these Rules to the contrary, The Clearing Corporation's delivery obligations to a non-defaulting buying or selling Participant shall in all cases be subject to the provisions of Rule 505(a) and Chapter 8 hereof.

Any claim for damages or other dispute relating to a delivery failure or default brought by one Participant against another shall be resolved by such Participants pursuant to binding arbitration before the National Futures Association ("NFA"). Failure by a Participant to comply with the NFA's determination may result in the suspension of the Participant's clearing privileges at The Clearing Corporation or such other or additional penalty (including, but not limited to assessment of fines and charges) as The Clearing Corporation may deem appropriate under the circumstances.

506. Assignment of Exercises of Options.

Upon receipt of notices of intention to exercise Options cleared through The Clearing Corporation, issued by buyers in accordance with the rules and regulations of the Exchange Market, The Clearing Corporation shall assign such exercises to eligible sellers in accordance with such rules and regulations. The Clearing Corporation shall promptly notify selling Participants as to the exercises assigned to them and shall furnish to buying Participants the names of selling Participants obligated to accept such assignments. Delivery and payment shall be made in the time and manner prescribed by the rules and regulations of the Exchange Market.

Any Option not exercised by the date and time fixed for expiration of the Option in the rules and regulations of the Exchange Market shall not be exercisable.

507. Exercise Price.

All Option exercises shall be made at the strike price of the Option. The statement of Trades and positions issued pursuant to Rule 307 will reflect the offsetting of each Option that was exercised and assigned, Trades and positions in Futures Contracts resulting therefrom, and the amount of the final adjustment

(being the strike price marked to the Settlement Price on the day the Option was exercised).

508. Deliveries in the Event of Bankruptcy.

- (a) This Rule shall be applicable to Contracts made on or through the facilities of an Exchange Market as and to the extent such Exchange Market has in effect one or more rules (each, a "Bankruptcy Delivery Rule") adopted in accordance with Commission Regulation 190.05(b).
- (b) If any customer of a Participant that is a debtor shall wish to make or take delivery under a Futures Contract as provided in a Bankruptcy Delivery Rule, such customer shall deliver written notification thereof to The Clearing Corporation not later than noon on the second Business Day, which Business Day must be within the current delivery period, following the date of the entry of the order for relief with respect to such debtor, whereupon such customer shall assume all of the obligations of the debtor to The Clearing Corporation and the opposite Participant with respect to such Futures Contract.
 - (i) If such customer is seeking to make delivery in fulfillment of such Futures Contract, such notification shall be accompanied by:
 - (A) evidence, satisfactory to The Clearing Corporation, that the debtor, on behalf of the customer, or the customer, has presented a notice of delivery to The Clearing Corporation; and
 - (B) evidence verifying to The Clearing Corporation that the customer owns and has in its possession or under its control, such certificates, instruments, warehouse receipts or other documents as are required pursuant to the Rules and the Bankruptcy Delivery Rule to make delivery in fulfillment of such Contract.
 - (ii) If such customer is seeking to take delivery in fulfillment of such futures Contract, such notification shall be accompanied by:
 - (A) the notice of delivery which has been issued by The Clearing Corporation to the debtor and allocated by the debtor to the customer, and

- (B) evidence verifying to The Clearing Corporation that the customer owns and has in its possession or under its control a certified check, drawn on an approved depository bank and made payable to the order of the opposite Participant in the full amount payable on the delivery of the Contract.
- (c) The Clearing Corporation shall provide to the opposite Participant copies of all information provided to The Clearing Corporation pursuant to paragraph (b) above, provided, however, that The Clearing Corporation shall have no responsibility to investigate or otherwise verify the accuracy, genuineness or completeness of any certificate, instrument, warehouse receipt or other document or check delivered to or by The Clearing Corporation pursuant to the Bankruptcy Delivery Rule and this Rule and shall, in no event, have any liability for the quantity or quality of the commodity or other interest delivered.

509. Cash Settlement.

After trading ceases on the last day of trading for Futures Contracts without physical delivery, The Clearing Corporation shall consider the maintenance of an open position by a Participant to constitute an offer to sell to or an offer to purchase from The Clearing Corporation the specific quantity of the Futures Contract involved at the Settlement Price determined for such Futures Contract on the last day of trading in such contracts.

The Clearing Corporation shall, once trading in such Futures Contracts has terminated pursuant to the rules and regulations of the Exchange Market, consider the corresponding sales or purchases made hereunder as an adjustment of the respective Participants' positions in Futures Contracts with The Clearing Corporation in the manner prescribed by these Rules.

6. MISCELLANEOUS

601. Emergencies.

- (a) The Board, upon the affirmative vote of the Directors voting at a meeting where a quorum is deemed present, may adopt an emergency resolution which shall supersede and supplant all contrary or inconsistent resolutions or Rules. Absent extraordinary circumstances, a Director who has a substantial financial interest in the outcome of such a vote shall abstain from deliberating and voting on the matter in question.
- (b) An emergency resolution shall expire upon the happening of either of the following events: (i) the Board shall have voted to rescind the emergency resolution; or (ii) 90 days shall have elapsed since the emergency resolution was adopted.
- (c) All Trades, all accounts and positions with The Clearing Corporation, and all Participants shall be subject to the exercise of these emergency powers by the Board.

8. GUARANTY FUND

801. General Guaranty Fund.

- (a) *Collateral Requirements.* Each Participant shall make, and maintain so long as it is a Participant, a deposit or deposits of Collateral to the General Guaranty Fund in the form and in such amounts as may be determined by The Clearing Corporation from time to time in its sole discretion ("Required Contribution"). The Clearing Corporation shall cause appropriate entries to be made in its books and records to reflect the deposit of Collateral into the General Guaranty Fund. The Clearing Corporation shall have the sole right to withdraw cash, securities or other property from, and to authorize the sale or other disposition of any securities or other property held in, the General Guaranty Fund.
- (b) *Participant Default; Application of Proceeds.* If a Participant is in Default and, as a result thereof, The Clearing Corporation or a Special Clearing Member suffers any loss or expense upon any liquidation or other disposition of a Participant's open Contracts, or a Participant shall fail to make any other payment or render any other performance required under these Rules, then The Clearing Corporation shall (after appropriate application of Margin posted by such Participant and other funds in or payable to the accounts of the Participant) apply the Participant's contributions to the General Guaranty Fund, in the manner and in the order of priority set forth below:
- (i) FIRST: To the payment of the costs and expenses of any sale, collection or other realization of such Margin or Collateral, including, without limitation, fees and expenses of counsel, and all reasonable expenses, liabilities and advances made or incurred by The Clearing Corporation in connection therewith;
 - (ii) SECOND: To the satisfaction of any deficiencies in the customer segregated fund account (if any) maintained by such Participant pursuant to rules of the Commission resulting, caused by or arising, directly or indirectly, from such Default;
 - (iii) THIRD: To the payment of any other obligations of The Clearing Corporation arising out of or in any way relating to such Participant's Default, including obligations to a Special Clearing Member, as provided in Chapter 9 of these Rules (such other obligations, together with the costs, expenses, and deficiencies described in paragraphs (i) and (ii), the "Reimbursement Obligations");

- (iv) FOURTH: To the payment of any other Obligations; and
 - (v) FIFTH: To or upon the order of the Participant that is in Default, to The Clearing Corporation or to whomsoever may be lawfully entitled to receive the same (including, without limitation, any insurer, surety or guarantor of the obligations of The Clearing Corporation) or as a court of competent jurisdiction may direct, of any surplus then remaining from such Proceeds.
- (c) *Application of General Guaranty Fund; Other Funding.* If the Margin and other funds of a Participant that is in Default and its contributions to the General Guaranty Fund are insufficient to discharge in full the Reimbursement Obligations of such Participant, any remaining deficiency shall be charged against the remaining assets in the General Guaranty Fund, pro rata from each other Participant's contributions.

Any such deficiency shall remain a liability of the Participant to The Clearing Corporation, which it may collect from any other assets of such Participant or by legal process.

- (d) *Linked Clearinghouse Default; Application of Proceeds.* If a Linked Clearinghouse of which The Clearing Corporation is a Special Clearing Member is in default under the terms of the Link Agreement or shall fail to make any payment or render any other performance required under the Link Agreement, The Clearing Corporation may apply the General Guaranty Fund in the manner and in the order of priority set forth below:
- (i) FIRST: To the payment of the costs and expenses of any sale, collection or other realization of Collateral in the General Guaranty Fund, including, without limitation, fees and expenses of counsel, and all reasonable expenses, liabilities and advances made or incurred by The Clearing Corporation in connection therewith; and
 - (ii) SECOND: To the payment of any other obligations of The Clearing Corporation arising out of or in any way relating to such Linked Clearinghouse's default.

- (e) *Reimbursement of Collateral.* The Clearing Corporation shall notify Participants whenever an amount is paid out of the General Guaranty Fund to meet Obligations to The Clearing Corporation as provided in paragraphs (b), (c) or (d) above. If Collateral is withdrawn from the General Guaranty Fund pursuant to paragraph (c) or (d) and, as a result, the amount of Collateral credited to a Participant is less than the amount it was required to maintain pursuant to paragraph (a) immediately prior to such withdrawal, the Participant shall deposit additional Collateral into the General Guaranty Fund in an amount at least sufficient to restore that Participant's Required Contribution. All such additional Collateral shall be deposited prior to The Clearing Corporation's opening of business on the third Business Day following such notice or such later time as The Clearing Corporation shall determine in its sole discretion. A Participant that fails to deposit the full amount of such additional Collateral shall be in Default, and The Clearing Corporation may, in addition to any other remedies it may have, debit such Participant's house margin account for any or all or such unpaid amount and assess fines and charges against such Participant as provided in Rule 606.
- (f) *Lien.* As security for any and all Obligations of a Participant to The Clearing Corporation, including, but not limited to, the Reimbursement Obligations, each Participant grants The Clearing Corporation a first priority perfected security interest in the Participant's Collateral. In furtherance and not in limitation of the foregoing, all outstanding shares of Class A common stock of The Clearing Corporation shall be Collateral deposited in the General Guaranty Fund and subject to the foregoing grant of security interest until the same shall have been released in accordance with these Rules and the policies and practices of The Clearing Corporation (including, but not limited to, release of such stock upon substitution of acceptable alternative collateral of equivalent value.)
- (g) *Non-Interference.* A Participant shall take no action, including but not limited to attempting to obtain a court order, that could interfere with the ability of The Clearing Corporation to apply its Margin, Collateral or other assets.

... **Interpretations and Policies:**

- .01 As used in this Rule 801, "Participant" includes a Participant that has been suspended or expelled by The Clearing Corporation or whose privileges in respect of Trades and Contracts have been restricted pursuant to Rule 403.

802. Special Guaranty Funds.

- (a) *Collateral Requirements.* The Clearing Corporation may from time to time require Participants who desire to clear Contracts traded on Markets other than EurexUS or a Linked Exchange to provide Collateral for deposit into one or more Special Guaranty Funds. All such Collateral shall be in the form and in such amounts as may be determined by The Clearing Corporation from time to time in its sole discretion ("Required Special Contribution"). The Clearing Corporation shall cause appropriate entries to be made in its books and records to reflect the deposit of Collateral into each such Special Guaranty Fund. The Clearing Corporation shall have the sole right to withdraw cash, securities or other property from, and to authorize the sale or other disposition of any securities or other property held in, a Special Guaranty Fund.
- (b) *Participants Default; Application of Proceeds.* If a Participant is in Default and, as a result thereof, The Clearing Corporation suffers any loss or expense upon any liquidation or other disposition of a Participant's open Contracts, or a Participant shall fail to make any other payment or render any other performance required under these Rules, then The Clearing Corporation shall (after appropriate application of Margin posted by such Participant and other funds in or payable to the accounts of the Participant) apply the Participant's contributions to the Special Guaranty Fund established in respect of each Market as to which the Participant is in Default, in the manner and in the order of priority set forth below:
 - (i) **FIRST:** To the payment of the costs and expenses of any sale, collection or other realization of such Margin or Collateral, including, without limitation, fees and expenses of counsel, and all reasonable expenses, liabilities and advances made or incurred by The Clearing Corporation in connection therewith;
 - (ii) **SECOND:** To the satisfaction of any deficiencies in the customer segregated fund account maintained by Participants pursuant to the rules of the Commission resulting, caused by or arising, directly or indirectly, from such Default;
 - (iii) **THIRD:** To the payment of any other obligations of such Participant to The Clearing Corporation (such other obligations, together with the costs and expenses, and deficiencies described in paragraphs (i) and (ii), the "Special Reimbursement Obligations");
 - (iv) **FOURTH:** To the payment of any other Obligations; and

- (v) FIFTH: To or upon the order of the Participant that is in Default, to The Clearing Corporation or to whomsoever may be lawfully entitled to receive the same (including, without limitation, any insurer, surety or guarantor of the obligations of The Clearing Corporation) or as a court of competent jurisdiction may direct, of any surplus then remaining from such Proceeds.
- (c) *Application of Special Guaranty Funds; Other Funding.* If the Margin and other funds of a Participant that is in Default and its contributions to a Special Guaranty Fund are insufficient to discharge in full the Special Reimbursement Obligations of such Participant, any remaining deficiency shall be charged against the remaining assets in such Special Guaranty Fund(s), ratably, in proportion to the amount of such Special Reimbursement Obligations that is, in the judgment of The Clearing Corporation, reasonably attributable to the Market(s) that are supported by the Special Guaranty Fund(s).
- Any such deficiency shall remain a liability of the Participant to The Clearing Corporation, which it may collect from any other assets of such Participant or by legal process.
- (d) *Reimbursement of Collateral.* The Clearing Corporation shall notify Participants authorized to clear Contracts for a Market whenever an amount is paid out of the Special Guaranty Fund for such Market to meet Obligations to The Clearing Corporation as provided in paragraphs (b) or (c) above. If Collateral is withdrawn from a Special Guaranty Fund pursuant to paragraph (c) and, as a result, the amount of Collateral credited to a Participant is less than such Participant's Required Special Contribution, the Participant shall deposit additional Collateral into that Special Guaranty Fund in an amount such that the Participant's total Collateral in that Special Guaranty Fund is at least equal to its Required Special Contribution. All such additional Collateral shall be deposited prior to The Clearing Corporation's opening of business on the third Business Day following such assessment or such later time as The Clearing Corporation shall determine in its sole discretion. A Participant that fails to deposit the full amount of such additional Collateral shall be in Default and The Clearing Corporation, in addition to any other remedies that it may have, may assess fines and charges against such Participant as provided in Rule 606.

Thereupon, sellers (issuers of delivery notices) shall prepare invoices addressed to their assigned buyers, describing the documents to be delivered to each such buyer. Such invoices shall show the amount which buyers must pay to sellers in settlement of the actual deliveries, based on the delivery prices established by The Clearing Corporation, and adjusted for applicable interest payments. Such invoices shall be delivered to The Clearing Corporation by 2:00 p.m., or by such other time designated by The Clearing Corporation, on the Business Day preceding the intended date of delivery, except on the next-to-last Business Day of the month, where such invoices shall be delivered to The Clearing Corporation by 3:00 p.m., or by such other time as may be designated by The Clearing Corporation. All such deliveries shall be made in and through The Clearing Corporation's Continuous Link Settlement System account(s) or by such other means as The Clearing Corporation may authorize from time to time. Upon receipt of timely instructions from a Clearing Participant, The Clearing Corporation will net delivery settlements for any given Currency Pair separately for the customer and non-customer origins, but in no event will The Clearing Corporation net a Participant's obligation to purchase or sell a particular Currency across Currency Pairs. All deliveries in respect of Currency Contracts shall be made no later than the date required by rules of Eurex US.

9-519A. Daily Currency Interest Rate Adjustments.

The Clearing Corporation shall effect a daily cash adjustment for each open spot equivalent currency futures contract to account for the financial difference between the currency future with the lower interest rate and the currency future with the higher interest rate. 9-102B. Scope and Interpretation.

The Clearing Corporation and Eurex Clearing have established a Global Clearing Link that permits Euro Contracts traded on Eurex to be cleared through either The Clearing Corporation or Eurex Clearing pursuant to the terms of a Link Clearing Agreement between Eurex Clearing and The Clearing Corporation (as amended from time to time, the "Link Agreement"). With respect to Trades in Euro Contracts executed on Eurex, Eurex Clearing serves as the primary clearinghouse, including with respect to Trades that are cleared at The Clearing Corporation as a Linked Clearinghouse.

Under the Link Agreement, The Clearing Corporation will be a Special Clearing Member of Eurex Clearing, and as such will maintain an omnibus account at Eurex Clearing to clear and settle Trades in Euro Contracts made by Participants of The Clearing Corporation. The rights and duties of The Clearing Corporation as a Special Clearing Member are governed by the Link Agreement. Eurex Clearing will be the counterparty to The Clearing Corporation (as Special Clearing Member) for such Trades and an omnibus account will be maintained for that purpose at The Clearing Corporation. The Clearing Corporation will be the exclusive counterparty to its Participants in respect of all such Trades. The Clearing Corporation will calculate and collect original margin from its Participants for such Trades in accordance with its Rules, policies and procedures, and will apply its Rules and procedures in the event of a Default by its Participants.

Under the Link Agreement, Eurex Clearing will determine settlement prices for all such Trades in Euro Contracts pursuant to its rules and will pay and collect all variation settlement amounts resulting from the daily marking-to-market of all Euro Contracts. When a Euro Contract has been made for the account of a Participant, Eurex Clearing, acting solely as the agent of The Clearing Corporation, will arrange for the payment of Euro (€) variation settlement amounts either to and from an account established by such Participant at a Bank or through an account structure maintained by The Clearing Corporation.

Eurex Clearing will also administer option exercise and assignment processing and maintain the infrastructure for open interest reporting with respect to all Trades in Euro Contracts. Finally, Eurex Clearing will receive and assign delivery notices and instructions in respect of Euro Contracts. Participants who wish to clear Euro Contracts will therefore be required either to open and maintain delivery settlement accounts at Clearstream (in addition to the variation settlement accounts discussed above) and grant Eurex Clearing the authority to debit and credit such accounts on behalf of The Clearing Corporation, or effect deliveries through an account structure maintained by The Clearing Corporation. As agent for The Clearing Corporation, Eurex Clearing will have no legal obligation to any Participant.

This Rule 9-102B is qualified in its entirety by the other Rules of The Clearing Corporation, including the Rules in this Chapter 9B and Appendix 9B-I.

9-103B. Additional Rules Relating to Euro Contracts.

Upon such substitution, such buyers and sellers shall be released from their obligations to each other, and The Clearing Corporation shall be deemed to have succeeded to all the rights, and to have assumed all the obligations, of the original parties to such contracts, to the extent provided in these Rules. In the case of all Trades in Euro Contracts, acceptance of such Trades occurs immediately upon the acceptance of such Trades by Eurex Clearing.

The Clearing Corporation may in such circumstances defer closing or otherwise settling such Trades and Contracts if, in its discretion, it determines that the closing out of some or all of such Trades or Contracts would not be in the best interests of The Clearing Corporation or Participants, taking into account the size and nature of the positions in question, market conditions prevailing at the time, the potential market effects of such liquidating transactions as might be directed by Clearing Corporation, and such other circumstances as it deems relevant.

If the amount calculated from the above percentage exceeds EUR 25,000, the amount of the fine shall – notwithstanding the provisions of the preceding sentence – be calculated according to a percentage of the outstanding amount, such percentage having been defined in advance by The Clearing Corporation. Such percentage shall be based on the money-market rates prevailing in the market. The Clearing Corporation has the right to charge a fine even if it accepts a delayed payment without explicitly reserving such right.

1.7.2 Technical Default

- (1) If a Participant furnishes evidence to The Clearing Corporation that any of the defaults set forth in subsection 1.7.1 paragraph (1)a did not occur as a consequence of insolvency and that the Participant will promptly meet its obligations, The Clearing Corporation may elect that, with respect to such Participant, the provisions pursuant to subsection 1.7.1 paragraphs (3) and (4) and which are applicable in the event of default do not apply. In such a case, The Clearing Corporation will only cause a technical default of such Participant.
- (2) The Participant concerned shall, promptly upon the occurrence of a technical default, deliver to The Clearing Corporation and Eurex Clearing a written statement as to the reasons for its delinquency.
- (3) The Participant concerned must promptly remedy the causes of its technical default.

When calculating the interval for futures contracts on stock indices, in each case a maximum deviation of up to 0.2 percent of the recorded daily high and low prices recorded on that trading day for the futures contract on a stock index is permitted.
- 5.3 For options contracts, theoretical maximum and minimum values for the option price of a Block Trade are determined during the trading day on the basis of the daily high and low prices of the respective underlying instrument, as recorded up to the time of entry of the Block Trade, and the respective implied volatilities established within the Eurex options market. The interval thus determined is extended at its extreme values by 50 per cent of the maximum Market Maker Quote Spread permissible for the respective product, resulting in the range of permissible option prices for Block Trades.

The Clearing Corporation shall thereupon notify Participants of the account-to-account assignments. Such notification shall be given by no later than 5:00 p.m. on the first Business Day following the Last Trading Day. The Clearing Corporation shall also notify ChemConnect of the account-to-account assignments. ChemConnect shall identify the names of and the contact information for the respective assigned accounts and provide such information to the Participants and The Clearing Corporation.
- (e) Provided that a Participant is not in Default, The Clearing Corporation shall instruct the Participant to deposit for credit to an escrow account maintained by The Clearing Corporation an amount equivalent to the original Margin requirement that is on deposit with The Clearing Corporation as of Final Settlement. Such amount shall be held in escrow by The Clearing Corporation as Initial Swap Collateral. During the settlement month (from the second business day after Last Trading Day until swap settlement), the buying Participant and selling Participant shall deliver to The Clearing Corporation, for credit to an escrow account maintained by The Clearing Corporation, such amounts ("Supplementary Swap Collateral") as required pursuant to the terms of the ChemConnect User Agreement. Such Supplementary Swap Collateral will be transferred by wire transfer of immediately available funds of the United States of America to the escrow account designated by The Clearing Corporation. The Clearing Corporation shall release Supplementary Swap Collateral pursuant to the terms of the ChemConnect User Agreement.
- (f) In the event that The Clearing Corporation is notified by both Participants that assigned accounts have agreed to the terms of an alternative swap process, Swap Settlement Collateral held by The Clearing Corporation in respect of such assigned accounts shall be returned or released to the Participants as provided in Rule 12-502(d)(iii).

12-502. Purchases and Sales for Physical Delivery; Application of Delivery Collateral; Application of Swap Settlement Collateral.

- (a) A ChemConnect Contract that has not been liquidated or offset prior to the termination of trading on the Last Trading Day shall be settled by delivery or swap settlement in the manner established by the ChemConnect User Agreement unless otherwise settled pursuant to the terms of an alternative delivery process (as provided in Rule 12-501(c)) or alternative swap settlement as provided for in Rule 12-501(f).
- (b) Following The Clearing Corporation's issuance of notices regarding delivery assignments (as provided in Rule 12-501(a)) or swap settlement (as provided in Rule 12-501(d)), The Clearing Corporation shall assign Participant buyers receiving such notices to Participant sellers receiving such notices and the Participant buyers and sellers shall be substituted in lieu of The Clearing Corporation as the buyer and seller in such ChemConnect Contracts, and the ChemConnect Contracts between Participant buyers and sellers, on the one hand, and The Clearing Corporation, on the other hand, will be deemed discharged and terminated, in each case effective from and after Final Settlement. The buyer and seller Participants shall continue to be subject to the requirements of Rule 12-501 notwithstanding such substitution.
- (c) Pursuant to the terms of the ChemConnect User Agreement, with respect to delivery contracts, Participant buyers will be required to provide an amount that represents full payment to be held in escrow by The Clearing Corporation (the "Escrow Payment Amount"). The Escrow Payment Amount shall not be deemed to be an Obligation of the Participant buyer to The Clearing Corporation, and, a failure of a Participant buyer to post the Escrow Payment Amount with The Clearing Corporation shall not, by itself, constitute a default under Rule 12-605. The Clearing Corporation shall release any Escrow Payment Amount held by it as escrow agent at such time as is provided therefor in the ChemConnect User Agreement.
- (d) Provided that a Participant has not timely notified The Clearing Corporation of a delivery default or swap settlement default, The Clearing Corporation will release Delivery Collateral or Swap Settlement Collateral to the Participant that has posted the same as provided herein.

- (i) The Clearing Corporation will return Delivery Collateral deposited by a selling Participant on the tenth Business Day after the scheduled delivery day unless the assigned buying Participant has provided timely written notice to The Clearing Corporation, as escrow agent, that delivery was not made timely and in full.
 - (ii) The Clearing Corporation will return any Delivery Collateral and Escrow Payment Amount deposited by a buying Participant on the tenth Business Day after the scheduled payment date established by ChemConnect unless the assigned selling Participant has provided timely written notice to The Clearing Corporation, as escrow agent, that such payment was not made timely and in full.
 - (iii) The Clearing Corporation will return Swap Settlement Collateral deposited by a Participant on the second Business Day after the last day of the swap settlement month.
 - (iv) Provided that a Participant has not notified The Clearing Corporation of a delivery default or swap settlement default, as provided herein, The Clearing Corporation, as escrow agent, will release any Delivery Collateral and Escrow Payment Amount or Swap Settlement Collateral, as applicable, to selling and buying Participants that have entered into an alternative delivery process (as provided in Rule 12-501(c)) or alternative swap settlement (as provided in Rule 12-501(f)) on the second Business Day following notice of the alternative delivery process or alternative swap settlement. In the event that only one such Participant is in Default, The Clearing Corporation will, as escrow agent, release Delivery Collateral solely to the non-Defaulting Participant.
- (e) Notwithstanding the foregoing, if The Clearing Corporation, as escrow agent, receives written instructions signed by ChemConnect or an order of a court of competent jurisdiction to the effect that a Participant is entitled to receive an amount of Delivery Collateral, Escrow Payment Amount, or Swap Settlement Collateral identified in such written instructions or order, The Clearing Corporation shall disburse such amount of such collateral to such Participant.

- (f) Beyond the exercise of reasonable care in the custody and preservation thereof, The Clearing Corporation will have no duty as to any Margin, Delivery Collateral, Swap Settlement Collateral, or Escrow Payment Amount in its possession or control or in the possession or control of any sub-agent or bailee or any income therefrom or as to the preservation of rights against prior parties or any other rights pertaining thereto. The Clearing Corporation will be deemed to have exercised reasonable care in the custody and preservation of Margin, Delivery Collateral, Swap Settlement Collateral, or Escrow Payment Amount in its possession or control if such Margin, Delivery Collateral, Swap Settlement Collateral, or Escrow Payment Amount is accorded treatment substantially equal to that which it accords its own property, and will not be liable or responsible for any loss or damage to any Margin, Delivery Collateral, Swap Settlement Collateral, or Escrow Payment Amount, or for any diminution in the value thereof, by reason of any act or omission of any sub-agent or bailee selected by The Clearing Corporation in good faith or by reason of any act or omission by The Clearing Corporation pursuant to instructions from a Participant, except to the extent that such liability arises from The Clearing Corporation's gross negligence or willful misconduct. THE CLEARING CORPORATION SHALL NOT BE LIABLE FOR ANY LOSS, COST, OR EXPENSE ARISING FROM THE FAILURE OF A PARTICIPANT OR CUSTOMER OR OTHER NON-PARTICIPANT TO PERFORM ANY OF ITS DELIVERY OR SWAP SETTLEMENT OBLIGATIONS, INCLUDING THE POSTING OF DELIVERY COLLATERAL, SWAP SETTLEMENT COLLATERAL OR ESCROW PAYMENT AMOUNT.

12-503. Delivery Price; Swap Settlement Price.

- (a) All deliveries on ChemConnect Contracts shall be made at the Settlement Price for such ChemConnect Contract on the Last Trading Day.
- (b) Pursuant to the terms of the ChemConnect User Agreement, the final swap settlement amount payable by either the seller or buyer, as appropriate, for a applicable ChemConnect Contract shall be the difference between the Settlement Price on the Last Trading Day and the arithmetic average of the daily market values of the underlying physical product as such values are determined in accordance with ChemConnect's policies.

12-505. Settlements on Defaulted Deliveries.

- (a) The Clearing Corporation, as escrow agent, shall not under any circumstance be obligated to make or accept deliveries or to make swap settlement payments in satisfaction of ChemConnect Contracts, nor shall The Clearing Corporation have any obligation or liability to any Participant or to any other person relating to a failure to fulfill a delivery obligation or make a swap settlement payment following The Clearing Corporation's assignment of delivery instructions and swap settlements as provided in Rule 12-501.
- (b) In the event that a Participant (a "Defaulting party") shall fail to fulfill its delivery obligations (including payment therefor) or its swap settlement obligations and the opposite Participant (the "non-Defaulting Participant") shall have given timely notice thereof as provided in Rule 12-502(c), The Clearing Corporation's sole obligation, as escrow agent, shall be to release to the non-Defaulting Participant any Delivery Collateral or Swap Settlement Collateral, as applicable, held by The Clearing Corporation in respect of the Defaulting party's positions, pursuant to the instructions of ChemConnect or a court of competent jurisdiction. In the event that more than one non-Defaulting Participant is entitled thereto, The Clearing Corporation shall allocate such Delivery Collateral or Swap Settlement Collateral, as applicable, ratably among the non-Defaulting Participants pursuant to the instructions of ChemConnect or a court of competent jurisdiction. In the event that there is a conflict or inconsistency in respect of any such instructions, The Clearing Corporation shall be entitled to determine, in its sole discretion, the controlling instructions.
- (c) Notwithstanding anything to the contrary in these Rules (including, without limitation, Rule 12-605), The Clearing Corporation, as escrow agent, holds Delivery Collateral, any Escrow Payment Amount, and Swap Settlement Collateral to secure the obligations of a Participant arising under ChemConnect Contracts and will not retain or apply Delivery Collateral, any Escrow Payment Amount, or Swap Settlement Collateral in satisfaction of a Participant's obligations to The Clearing Corporation.

12-605. Defaults.

- (a) A Participant is in Default if such Participant (i) is in default under Rule 605, (ii) fails to meet any of its Obligations upon its Contracts with The Clearing Corporation, (iii) fails to deposit Margin within one hour after demand by The Clearing Corporation, (iv) fails to satisfy any of its obligations under Rule 802 or (v) is suspended, expelled or prohibited from trading by a Market or by The Clearing Corporation. Upon such Default, The Clearing Corporation may impose limitations, conditions and restrictions upon such Participant or terminate the status of the Participant, and may cause all open Trades of such Participant to be closed in the open market, transferred to any other Participant, or otherwise resolved as deemed appropriate by The Clearing Corporation, and any debit balance owing to The Clearing Corporation shall be immediately due and payable.

- (b) In closing, transferring or otherwise resolving the open Trades of a Participant as provided in paragraph (a) of this Rule, The Clearing Corporation shall have the right:
 - (i) With respect to open Trades in Contracts, to set off (A) any proceeds received by The Clearing Corporation from the disposition of such open Trades and any property or proceeds thereof deposited with or held by The Clearing Corporation as Margin for such accounts against (B) any amounts paid by The Clearing Corporation in the disposition of such open Trades, including any commissions or other losses or expenses incurred in connection therewith or in connection with the liquidation of Margin deposits in such accounts and any other amounts owed to The Clearing Corporation as a result of transactions in the accounts or otherwise lawfully chargeable against the accounts;

- (ii) With respect to all other open Trades (in ChemConnect Contracts or otherwise) held in any other account of such Participant, to set off (A) any proceeds received by The Clearing Corporation from the disposition of such open Trades, any property or proceeds thereof deposited with or held by The Clearing Corporation as Margin for such accounts, and any other property of the Participant within the possession or control of The Clearing Corporation against (B) any amounts paid by The Clearing Corporation in the disposition of such open Trades, including any commissions or other losses or expenses incurred in connection therewith or in connection with the liquidation of Margin in such account, and any other obligations of the Participant to The Clearing Corporation, including obligations of the Participant to The Clearing Corporation remaining after the setoffs referred to in subparagraph (b)(i) of this Rule, and any obligations arising from any other accounts maintained by the Participant with The Clearing Corporation;
- (iii) To cause Trades and positions held in accounts of the Participant that is in Default to be offset against each other and, to the extent of any remaining imbalance, against the Trades and positions of other Participants;
- (iv) To cause Trades and positions in Contracts held in accounts of the Participant that is in Default and of other Participants to be settled at the Settlement Price for such Contracts, or at such other price or prices as The Clearing Corporation may deem fair and reasonable in the circumstances; and
- (v) To defer closing or otherwise settling such Trades and Contracts if, in its discretion, it determines that the closing out of some or all of the suspended Participant's Trades or Contracts would not be in the best interests of The Clearing Corporation or other Participants, taking into account the size and nature of the positions in question, market conditions prevailing at the time, the potential market effects of such liquidating transactions as might be directed by The Clearing Corporation, and such other circumstances as it deems relevant.

- (c) If the Board of Directors or the President shall (i) determine that The Clearing Corporation is unable, for any reason, to close out any Contracts in a prompt and orderly fashion, or to convert to cash any Margin of a suspended Participant, or (ii) elects pursuant to paragraph (b)(v) not to close out any such Trades or Contracts, The Clearing Corporation may, solely for the purpose of reducing the risk to The Clearing Corporation resulting from the continued maintenance of such positions or the continued holding of such Margin, authorize the execution of hedging transactions, including, without limitation, the purchase or sale of underlying commodities or commodities deemed similar thereto or Contracts on any such underlying or similar interests. Any authorization of hedging transactions shall be reported promptly to the Board, and any such Trades that are executed shall be reported to the Board on a daily basis. Any costs or expenses, including losses, sustained by The Clearing Corporation in connection with transactions effected for its account as authorized hereby shall be charged to the account of the suspended Participant, and any gains realized on such transactions shall be credited to such account.

- (d) Any obligation of The Clearing Corporation to a Participant arising from a Trade or from any provision of the Rules shall be subject to all the terms of the Rules, including the setoff and other rights set forth in this Rule. The rights of The Clearing Corporation set forth in this Rule shall be in addition to other rights that The Clearing Corporation may have under applicable law and governmental regulations, other provisions of these Rules, additional agreements with the Participant or any other source.

... **Interpretations and Policies:**

- .01 The Clearing Corporation may declare a Participant that is in Default under this Rule 12-605 also to be in Default under Rule 605.

... **Interpretations and Policies:**

.01 The Clearing Corporation ordinarily will effect Final Settlement of a physically settled ICE Contract by 6:40 a.m. on the first Business Day following the Last Trading Day in such ICE Contract.

ICE

IntercontinentalExchange, Inc.

ICE Contract

The term "ICE Contract" has the meaning set forth in Rule 101 in relation to the definition of "OTC Market."

ICE Participant Agreement

The agreement between ICE and a Participant or Customer governing the responsibilities of parties to ICE Contracts, including the terms for delivery thereof.

ICE Trading System

Last Trading Day

As to any ICE Contract, the last day on which a particular delivery month or expiration is listed for trading on the ICE Trading System.

Non-Defaulting Participant

The term "non-Defaulting Participant" has the meaning given that term in Rule 13-505(b).

13-304. Offsets.

- (a) Where, as the result of substitution under Rule 301, any Participant has bought from The Clearing Corporation any amount of a given ICE Contract for a particular delivery and subsequently, and prior to such delivery, such Participant sells to The Clearing Corporation any amount of the same ICE Contract for the same delivery, the subsequent transaction shall be deemed pro tanto a settlement or adjustment of the prior transaction. In like manner, where a Participant sells to The Clearing Corporation any amount of a given ICE Contract for a particular delivery and subsequently, and before delivery, such Participant buys any amount of the same ICE Contract for the same delivery, the second transaction shall be deemed pro tanto a settlement or adjustment of the prior transaction. Thereupon, such Participant shall become liable to pay the loss or entitled to collect the profit, as the case may be, upon such adjusted transactions. For purposes of this Rule, the first Trades made shall be deemed the first Trades offset.
- (b) The Clearing Corporation will, upon direction from a Participant, establish one or more sub-accounts within such Participant's account at The Clearing Corporation. The Clearing Corporation will ordinarily offset long and short positions in an ICE Contract that are identified by the Participant as having been made for such a sub-account.

13-307. Statement of Trades and Positions.

The Clearing Corporation shall make available to Participants a statement of Trades and positions for each Business Day on which such Participant has Trades to be cleared or a position open with The Clearing Corporation.

... **Interpretations and Policies:**

- .01 Each ICE Contract represents either 400 MWhs of Western power or 800 MWhs of Eastern and Mid Continent power. One month of power will be represented by a number of Contracts equal to the number of NERC peak days in that month.

13-310. Acceptance of Trades by The Clearing Corporation.

- (a) The Clearing Corporation shall accept Trades for clearance only if such Trades are submitted on behalf of a Participant.

- (b) A Trade (other than a Transfer Trade or a Block Trade) in an ICE Contract shall not be deemed to be accepted by The Clearing Corporation until thirty minutes after The Clearing Corporation's receipt of a matched Trade submitted to it by ICE. The Clearing Corporation may at any time prior to the expiration of such period decline to accept such Trade. In that event, The Clearing Corporation will promptly notify the affected Participants and ICE.
- (c) A Transfer Trade shall not be accepted until The Clearing Corporation has received from the Participants who are parties to the Trade all payments and deposits required to be made pursuant to these Rules.
- (d) A Block Trade shall be submitted to The Clearing Corporation, together with such additional information as may be required and, if not rejected by The Clearing Corporation within one hour of the submission thereof, shall be deemed accepted by The Clearing Corporation. In the event that The Clearing Corporation rejects a Block Trade, it will promptly notify the affected Participants and ICE.
- (e) Issuance by The Clearing Corporation to a Participant of the statement of Trades and positions provided for in Rule 307 shall not constitute confirmation that the Trades listed on such statement have been accepted by The Clearing Corporation.
- (f) The Clearing Corporation may from time to time establish Daily Limits and may in such circumstances decline to accept for clearance Trades in ICE Contracts that exceed any such Daily Limit. Except as otherwise provided in a resolution adopted pursuant to Rule 601 or 602, Daily Limits shall not apply on the last two trading days for any ICE Contract. Notwithstanding the foregoing, The Clearing Corporation may in its discretion accept such a Trade if doing so will reduce The Clearing Corporation's net exposure to a Participant. The Clearing Corporation will give Participants prompt notice of the adoption of Daily Limits.
- (g) As used herein, (i) the term "Block Trade" shall mean a privately negotiated transaction in an ICE Contract that is submitted to The Clearing Corporation by ICE but not executed through the ICE Trading System, and (ii) the term "Daily Limit" shall mean a price that is above or below the preceding day's Settlement Price by more than a specified increment.

... **Interpretations and Policies:**

- .01 The Clearing Corporation's normal business hours are from 7:00 a.m. to 4:00 p.m. on Business Days. In the event that a Trade (other than a Block Trade) is received or matched between 3:30 p.m. and 7:00 a.m., The Clearing Corporation will not be deemed to have accepted such Trade until 7:30 a.m. on the next Business Day. In the event that a Block Trade is submitted to The Clearing Corporation between 3:00 p.m. and 7:00 a.m., The Clearing Corporation will not be deemed to have accepted such Trade until 8:00 a.m. on the next Business Day. On Business Days on which normal business hours do not apply, the time frames referenced above will be adjusted accordingly.

13-311. Trades for Customers.

Where a Participant clears a Trade for a Customer, the Participant for whose account such Trade has been cleared becomes liable to The Clearing Corporation and The Clearing Corporation liable to such Participant on such Trade as if the Trade were for the account of the Participant, subject in all cases to the provisions of Rule 13-304.

13-312. Reserved.

13-315. Limitation of Liability.

The liability of The Clearing Corporation relating or arising out of ICE Contracts shall be limited to losses resulting from the substitution of The Clearing Corporation upon such contracts between Participants in accordance with these Rules, but in no event shall the amount of such liability hereunder or under any other provision of these Rules exceed the total amount on deposit in the Emerging Markets Guaranty Fund. The Clearing Corporation shall not be liable for obligations of a non-Participant, obligations of a Participant to a non-Participant, obligations of a Participant to another Participant of The Clearing Corporation who is acting for such other Participant as broker, or obligations of a Participant to a customer, not shall The Clearing Corporation become liable to make deliveries to or accept deliveries from a customer of its Participants.

13-402. Original Margin.

- (a) Margin, other than variation settlements, shall be known as original Margin. The Clearing Corporation shall, from time to time, fix the amount of original Margin which shall be called to protect The Clearing Corporation on Trades in ICE Contracts. On the Last Trading Day, original Margin for any ICE Contract that settles by physical delivery shall be equal to 50% of the Contract Value.

- (b) When the amount callable shall have been fixed, such Margin shall be called by The Clearing Corporation. Normally, Margin calls will be uniform, but where particular risks are deemed hazardous, The Clearing Corporation may depart from the rule of uniformity and call for additional Margin. Upon performance or closing out of Contracts thus secured, original Margin deposits may be withdrawn by the Participant upon the authorization of The Clearing Corporation except as otherwise provided in Rules 13-501 and 13-502.
- (c) Original Margin may be required of Participants on a gross basis, without reduction for opposite positions in the same ICE Contract, and shall be deposited in the manner prescribed by The Clearing Corporation.

13-404. Settlement Prices.

- (a) The Settlement Price for an ICE Contract means the price for such ICE Contract established in accordance with this Rule at the close of each day's trading.
- (b) The Settlement Price for each open ICE Contract shall be determined by The Clearing Corporation based upon the recommendation of ICE. The Clearing Corporation may consult, as appropriate, any committee of The Clearing Corporation, and may consider all relevant market information, including (but not limited to) price data from spot, forward, and derivative markets for both physical and financial products.
- (c) The Settlement Price for Final Settlement of an ICE Contract shall be the price required by the ICE Contract terms and conditions.
- (d) Notwithstanding the foregoing, when deemed necessary by The Clearing Corporation in order to protect the respective interests of The Clearing Corporation and Participants, The Clearing Corporation may establish the Settlement Price for any ICE Contract at a price deemed appropriate by The Clearing Corporation under the circumstances. When The Clearing Corporation determines that circumstances necessitate the application of the powers conferred hereby, the reasons for that determination and the basis for the establishment of the Settlement Price in such circumstances shall be recorded.
- (e) In carrying out the responsibilities under this Rule, The Clearing Corporation may consult, as appropriate, any committees of The Clearing Corporation or the Exchange, and may consider all relevant market information.

. . . **Interpretations and Policies:**

- .01 The Clearing Corporation may establish Daily Limits as provided in Rule 13-310. In such an event, the Settlement Price ordinarily will be established at a price that does not exceed such Daily Limit.

13-501. Assignment of Deliveries.

- (a) By 8:00 a.m. on the first Business Day following the Last Trading Day, Participant buyers and Participant sellers shall report their gross long and short positions, respectively, and shall identify the holders (whether Participants or Customers) of each long and short position in an ICE Contract reflected on the books of such Participant.
- (b) By 10:00 a.m. on the first Business Day following the Last Trading Day, The Clearing Corporation will provide ICE with a report of the long and short delivery positions held by Participants and Customers for delivery, as reported to The Clearing Corporation as provided in paragraph (a). ICE will provide The Clearing Corporation with instructions regarding the delivery assignment of all such open positions, including the names of the parties that are to make and take delivery and their Participants (if the Participant is not itself the party that is to make or take delivery), by no later than 4:00 p.m. on the first Business Day following the Last Trading Day. The Clearing Corporation shall thereupon notify Participants of the assignments made by ICE. Such notification shall be given by no later than 6:00 p.m. on the first Business Day following the Last Trading Day.
- (c) Provided that a Participant is not in Default, original Margin deposited by that Participant in respect of ICE Contracts that remain open after Final Settlement shall be retained by The Clearing Corporation as Original Delivery Collateral. Thereafter, such a Participant shall deposit with The Clearing Corporation Supplementary Delivery Collateral in a form and manner acceptable to The Clearing Corporation and in an amount sufficient to cause the Delivery Collateral for each such ICE Contract to be equivalent to the Contract Value. Such Supplementary Delivery Collateral shall be deposited by no later than 5:00 p.m. on the third Business Day following the Last Trading Day. Failure to do so shall constitute a Default pursuant to Rule 13-605 and shall subject the Participant to discipline by The Clearing Corporation.

- (d) Notwithstanding the provisions of paragraph (c), assigned Participants shall not be required to deposit Supplementary Delivery Collateral if they have notified The Clearing Corporation that they have agreed to the terms of an alternative delivery arrangement. Any such notice shall be given by 3:30 p.m. on the second Business Day following the Last Trading Day or such later time and in such form as may be specified by The Clearing Corporation. In such an event, Original Delivery Collateral held by The Clearing Corporation in respect of such deliveries shall be returned or released to the Participants as provided in Rule 13-502(c)(iii).

13-502. Purchases and Sales for Physical Delivery; Application of Delivery Collateral.

- (a) An ICE Contract that has not been liquidated or offset prior to the termination of trading on the Last Trading Day shall be settled by delivery in the manner established by the ICE Participant Agreement unless otherwise settled pursuant to the terms of an alternative delivery arrangement as provided in Rule 13-501(d).
- (b) Following The Clearing Corporation's issuance of notices regarding delivery assignments as provided in Rule 13-501(b), The Clearing Corporation shall assign Participant buyers to Participant sellers in accordance with the delivery assignments made by ICE, and the Participants shall be substituted in lieu of The Clearing Corporation as buyers and sellers in the ICE Contracts between The Clearing Corporation and Participant sellers and buyers, respectively, and the ICE Contracts between such Participants and The Clearing Corporation will be deemed discharged and terminated, in each case effective from and after Final Settlement. The buyer and seller Participants shall continue to be subject to the requirements of Rule 13-501 notwithstanding such substitution. Following satisfaction of the obligations of the buyer and seller Participants as to Delivery Collateral under Rule 13-501(c), the contract between the Participants will be novated and replaced, as applicable, by a contract between the Customers making and receiving delivery with respect to such contract in accordance with the ICE Participant Agreement.
- (c) Acting solely in its capacity as escrow agent, The Clearing Corporation will release Delivery Collateral to the Participant that has posted the same as provided herein.
 - (i) The Clearing Corporation will return Delivery Collateral deposited by a selling Participant on the third Business Day after the last delivery day unless the buying Participant has provided timely written notice to The Clearing Corporation that delivery was not made timely and in full.

- (ii) The Clearing Corporation will return Delivery Collateral deposited by a buying Participant on the second Business Day after the scheduled payment date established by ICE unless the selling Participant has provided timely written notice to The Clearing Corporation that such payment was not made timely and in full.
- (iii) Provided that a Participant is not in Default, The Clearing Corporation will release Original Delivery Collateral to selling and buying Participants that have entered into an alternative delivery arrangement (as provided in Rule 13-501(d)) on the third Business Day following the Last Trading Day. In the event that only one such Participant is in Default, The Clearing Corporation will release Original Delivery Collateral solely to the non-Defaulting Participant.
- (d) Notwithstanding the foregoing, if The Clearing Corporation receives written instructions signed by ICE or an order of a court of competent jurisdiction to the effect that a Participant is entitled to receive an amount of Delivery Collateral identified in such written instructions or order, The Clearing Corporation will disburse such amount of Delivery Collateral to such Participant.
- (e) Beyond the exercise of reasonable care in the custody and preservation thereof, The Clearing Corporation will have no duty as to any Margin or Delivery Collateral in its possession or control or in the possession or control of any sub-agent or bailee or any income therefrom or as to the preservation of rights against prior parties or any other rights pertaining thereto. The Clearing Corporation will be deemed to have exercised reasonable care in the custody and preservation of Margin or Delivery Collateral in its possession or control if such Margin or Delivery Collateral is accorded treatment substantially equal to that which it accords its own property, and will not be liable or responsible for any loss or damage to any Margin or Delivery Collateral, or for any diminution in the value thereof, by reason of any act or omission of any sub-agent or bailee selected by The Clearing Corporation in good faith or by reason of any act or omission by The Clearing Corporation pursuant to instructions from a Participant, except to the extent that such liability arises from The Clearing Corporation's gross negligence or willful misconduct. THE CLEARING CORPORATION SHALL NOT BE LIABLE FOR ANY LOSS, COST, OR EXPENSE ARISING FROM THE FAILURE OF A PARTICIPANT OR CUSTOMER OR OTHER NON-PARTICIPANT TO PERFORM ANY OF ITS DELIVERY OBLIGATIONS, INCLUDING THE POSTING OF DELIVERY COLLATERAL.

13-505. Settlements on Defaulted Deliveries.

- (a) The Clearing Corporation shall not under any circumstance be obligated to make or accept deliveries in satisfaction of ICE Contracts, nor shall The Clearing Corporation have any obligation or liability to any Participant or to any other person relating to a failure to fulfill a delivery obligation following The Clearing Corporation's assignment of delivery instructions as provided in Rule 13-501.
- (b) In the event that a Participant or Customer (a "Defaulting party") shall fail to fulfill its delivery obligations (including payment therefor) and the opposite Participant (the "non-Defaulting Participant") shall have given timely notice thereof as provided in Rule 13-502(c), The Clearing Corporation's sole obligation shall be to release to the non-Defaulting Participant or its Customer, as appropriate, any Delivery Collateral held by The Clearing Corporation in respect of the Defaulting party's positions, pursuant to the instructions of ICE or a court of competent jurisdiction. In the event that more than one non-Defaulting Participant is entitled thereto, The Clearing Corporation shall allocate such Delivery Collateral ratably among the non-Defaulting Participants pursuant to the instructions of ICE or a court of competent jurisdiction. In the event that there is a conflict or inconsistency in respect of any such instructions, The Clearing Corporation shall be entitled to determine, in its sole discretion, the controlling instructions.
- (c) Notwithstanding anything to the contrary in these Rules (including, without limitation, Rule 13-605), The Clearing Corporation holds Delivery Collateral solely as escrow agent to secure the obligations of a Participant or a Customer arising under ICE Contracts and will not retain or apply Delivery Collateral in satisfaction of a Participant's obligations to The Clearing Corporation.

13-510. Customer Deliveries.

At least five Business Days prior to the Last Trading Day, a Participant shall confirm that each Customer holding a position in the expiring month is qualified (in the manner determined by ICE) to effect delivery. A Participant may not clear a Trade for the account of a Customer at any time during the five Business Days preceding and including the Last Trading Day unless such Trade liquidates or offsets an existing position in the Customer's account at the Participant or the Participant has confirmed or confirms promptly that the Customer is prepared (in a manner deemed satisfactory by ICE) to effect delivery. In the event that the

Participant is unable timely to obtain such confirmation, it shall liquidate the Customer's positions in the expiring ICE Contract prior to the close of trading on the Last Trading Day.

... **Interpretations and Policies:**

- .01 ICE has established the following requirements for Customers who wish to maintain open positions on and after five Business Days prior to the Last Trading Day in an ICE Contract:

PJM:

The Customer must be a member of PJM.

Into Cinergy:

The seller must (a) own generation (greater than the short position) within the Cinergy grid, (b) have a source (greater than the short position) outside the Cinergy grid, together with sufficient firm transmission from the source to the Cinergy grid, or (c) have entered into a valid and binding bilateral transaction that offsets the ICE Contract.

The buyer must (a) have load (greater than the long position) within the Cinergy grid or (b) have load (greater than the long position) outside the Cinergy grid, together with sufficient firm transmission from the Cinergy grid to the load, or (c) have entered into a valid and binding bilateral transaction that offsets the ICE Contract.

13-605. Defaults.

- (a) A Participant is in Default if such Participant (i) is in default under Rule 605, (ii) fails to meet any of its obligations upon its Contracts with The Clearing Corporation, (iii) fails to deposit Margin within one hour after demand by The Clearing Corporation, or (iv) is suspended, expelled or prohibited from trading by a Market or by The Clearing Corporation. Upon such Default, The Clearing Corporation may impose limitations, conditions and restrictions upon such Participant or terminate the status of the Participant, and may cause all open Trades of such Participant to be closed in the open market, transferred to any other Participant, or otherwise resolved as deemed appropriate by The Clearing Corporation, and any debit balance owing to The Clearing Corporation shall be immediately due and payable.

- (b) In closing, transferring or otherwise resolving the open Trades of a Participant as provided in paragraph (a) of this Rule, The Clearing Corporation shall have the right:
- (i) With respect to open Trades in Contracts, to set off (A) any proceeds received by The Clearing Corporation from the disposition of such open Trades and any property or proceeds thereof deposited with or held by The Clearing Corporation as Margin for such accounts against (B) any amounts paid by The Clearing Corporation in the disposition of such open Trades, including any commissions or other losses or expenses incurred in connection therewith or in connection with the liquidation of Margin deposits in such accounts and any other amounts owed to The Clearing Corporation as a result of transactions in the accounts or otherwise lawfully chargeable against the accounts;
 - (ii) With respect to all other open Trades (in ICE Contracts or otherwise) held in any other account of such Participant, to set off (A) any proceeds received by The Clearing Corporation from the disposition of such open Trades, any property or proceeds thereof deposited with or held by The Clearing Corporation as Margin for such accounts, and any other property of the Participant within the possession or control of The Clearing Corporation against (B) any amounts paid by The Clearing Corporation in the disposition of such open Trades, including any commissions or other losses or expenses incurred in connection therewith or in connection with the liquidation of Margin in such account, and any other obligations of the Participant to The Clearing Corporation, including obligations of the Participant to The Clearing Corporation remaining after the setoffs referred to in subparagraph (b)(i) of this Rule, and any obligations arising from any other accounts maintained by the Participant with The Clearing Corporation;
 - (iii) To cause Trades and positions held in accounts of the Participant that is in Default to be offset against each other and, to the extent of any remaining imbalance, against the Trades and positions of other Participants;
 - (iv) To cause Trades and positions in Contracts held in accounts of the Participant that is in Default and of other Participants to be settled at the Settlement Price for such Contracts, or at such other price or prices as The Clearing Corporation may deem fair and reasonable in the circumstances; and

- (v) To defer closing or otherwise settling such Trades and Contracts if, in its discretion, it determines that the closing out of some or all of the suspended Participant's Trades or Contracts would not be in the best interests of The Clearing Corporation or other Participants, taking into account the size and nature of the positions in question, market conditions prevailing at the time, the potential market effects of such liquidating transactions as might be directed by The Clearing Corporation, and such other circumstances as it deems relevant.
- (c) If the Board of Directors or the President shall (i) determine that The Clearing Corporation is unable, for any reason, to close out any Contracts in a prompt and orderly fashion, or to convert to cash any Margin of a suspended Participant, or (ii) elects pursuant to paragraph (b)(v) not to close out any such Trades or Contracts, The Clearing Corporation may, solely for the purpose of reducing the risk to The Clearing Corporation resulting from the continued maintenance of such positions or the continued holding of such Margin, authorize the execution of hedging transactions, including, without limitation, the purchase or sale of underlying commodities or commodities deemed similar thereto or Contracts on any such underlying or similar interests. Any authorization of hedging transactions shall be reported promptly to the Board, and any such Trades that are executed shall be reported to the Board on a daily basis. Any costs or expenses, including losses, sustained by The Clearing Corporation in connection with transactions effected for its account as authorized hereby shall be charged to the account of the suspended Participant, and any gains realized on such transactions shall be credited to such account.
- (d) Any obligation of The Clearing Corporation to a Participant arising from a Trade or from any provision of the Rules shall be subject to all the terms of the Rules, including the setoff and other rights set forth in this Rule. The rights of The Clearing Corporation set forth in this Rule shall be in addition to other rights that The Clearing Corporation may have under applicable law and governmental regulations, other provisions of these Rules, additional agreements with the Participant or any other source.

. . Interpretations and Policies:

- .01 The Clearing Corporation may declare a Participant that is in Default under this Rule 13-605 also to be in Default under Rule 605.
