# Re: Rule 40.6(a) Certification. Notification Regarding the Delisting of CME S&P GSCI-ER Index Forward contracts. Submission #12-133

Dear Mr. Stawick,

The Chicago Mercantile Exchange, Inc. ("CME" or "Clearing House") is notifying the Commodity Futures Trading Commission ("CFTC" or "Commission") that it is self-certifying the permanent halt in listing contract months for the cleared only S&P GSCI-ER Index Forwards and the delisting of previously listed contract months, effective close of business, Friday, April 27, 2012. There is no open interest in any contract months.

CME business staff responsible for the listing of contract months in these contracts and the CME legal department collectively reviewed the designated contract market core principles ("Core Principles") as set forth in the Commodity Exchange Act ("Act"). During the review, CME staff identified that the delisting of contract months may have some bearing on the following Core Principles:

### Participant and Product Eligibility

There has been no activity in the S&P GSCI-ER Forward contracts since launch in 2009 and no prospective activity is anticipated so the contract is being delisted.

### **Recordkeeping**

The Clearing House will continue to maintain records related to the S&P GSCI-ER Forward contract as required by this Core Principle.

As a result of the delisting, CME Rule chapter 415B will be deleted from the CME Rulebook while the Position Limit table at the end of CME Chapter 5 will be amended to delete references to S&P GSCI-ER Index Forwards. These revisions are attached.

Pursuant to Section 5c(c) of the Act and CFTC Rule 40.6(a), the Exchange hereby certifies that the delisting of contract months complies with the Act, including regulations under the Act. There were no substantive opposing views to this proposal.

The Exchange certifies that this submission has been concurrently posted on the Exchange's website at <u>http://www.cmegroup.com/market-regulation/rule-filings.html</u>.

Should you have any questions concerning the above, please contact the undersigned at (312) 930-8167 or at <u>Sean.Downey@cmegroup.com</u>.

Sincerely,

/s/ Sean Downey Director and Assistant General Counsel

Settlement against S&P GSCI™ ER Forwards must be made through the Clearing House. Settlement under these rules shall be on the final settlement day (as described in Rule 415B05.) and shall be accomplished by cash settlement as hereinafter provided.

Clearing members holding open positions in an S&P GSCI<sup>TM</sup> ER Forwards contract at the time of termination of clearing shall make payment to and receive payment through the Clearing House in accordance with normal variation settlement procedures based on a settlement price equal to the final settlement price (as described in Rule 415B03.).

#### 415B03. FINAL SETTLEMENT PRICE

Final settlement shall be based on the official settlement of the S&P GSCI<sup>IM</sup> ER Index, subject to adjustment in accordance with the Market Disruption Event provisions as described below. Payment will be on the second business day following the date on which the official settlement of the Index is determined, unless postponed due to a Market Disruption Event.

Market Disruption Event

"Market Disruption Event" ("MDE") shall mean (a) a contract included in the Index remains at a "limit price", which means that the price for such contract for a day has increased or decreased from the previous day's settlement price by the maximum amount permitted under applicable trading facility rules, during the entire closing range, irrespective of whether that contract is settled by the applicable trading facility at the "limit price" or another price, (b) failure by the applicable trading facility or other price source to announce or publish the settlement price for any contract included in the Index, or (c) trading in any contract included in the Index is suspended or interrupted subsequent to the opening of trading and trading in such contract does not recommence at least ten (10) minutes prior to the regular scheduled close of trading in such contract on the relevant trading facility.

If a Market Disruption Event relating to one or more of the contracts underlying the Index (each an "index contract") occurs on any day relevant to calculating the settlement of the contract, the settlement of the contract will be calculated by using a price (i) for each index contract that is not affected by a Market Disruption Event on such date, the settlement price of such index contract on such date and (ii) for each index contract that is affected by a Market Disruption Event on such date, the settlement price of such index contract on the first succeeding trading day on which no Market Disruption Event is existing with respect to such index contract; provided that, if a Market Disruption Event occurs with respect to such index contract for eight trading days, the settlement price for such index contract shall be determined by the Exchange notwithstanding that a Market Disruption Event does or does not exist on such following Trading Day for such affected index contract.

Trading Day means a day when:

1) The Index Sponsor is open for business and the Index is calculated and published by the Index Sponsor; 2) All trading facilities on which contracts are traded for the commodities included in the Index are open for trading, provided however that upon a calculation pursuant to sub-clause (ii) of the second paragraph of the section headed "Market Disruption Event" above, only the trading facility on which the relevant index contract that is affected by a Market Disruption Event is traded is required to be open for trading.

Business Day means: Any day, other than a Saturday or Sunday, that is neither a legal holiday nor a day on which banking institutions are authorized or required by law or regulation to close in the City of New York or London.

#### 415B04. PERFORMANCE BONDS

Customers purchasing or selling S&P GSCI<sup>™</sup> ER Forwards shall be subject to the performance bond requirements established by the Exchange and their FCMs. However, some market participants purchasing or selling S&P GSCI<sup>™</sup> ER Forwards shall deposit 100% of the purchase or sale price with their long clearing member. Market participants subject to the 100% performance bond requirement shall include any market participant that is (i) an investment company registered under the Investment Company Act of 1940; or (ii) an investment fund, commedity pool, or other similar type of pooled trading vehicle (other than a pension plan or fund) that is offered to the public pursuant to an effective registration statement filed under the Securities Act of 1933, regardless of whether it is also registered under the Investment Company Act of 1940, and that has its principal place of business in the United States.

Each long clearing member carrying S&P GSCI<sup>™</sup> ER Forwards for customers subject to the 100% performance bond requirement ("100% margin participants") shall establish one or more accounts on its books and records in which such clearing member shall hold performance bond received from 100% margin participants in connection with S&P GSCI<sup>™</sup> ER Forwards, together with any settlement variation received by the clearing member with respect to the S&P GSCI<sup>™</sup> ER Forwards of such 100% margin participants. Except as provided in the next paragraph or with the consent of the Clearing House, assets may be withdrawn from such accounts by the clearing member only (i) to be transferred to the Clearing House to satisfy performance bond or settlement variation requirements of the clearing member with respect to S&P GSCI<sup>™</sup> ER Forwards held for 100% margin participants, (ii) in connection with the settlement, liquidation, transfer or close out of such contracts, and (iii) in the case of income, dividends, interest or returns on investments or instruments held in the accounts.

Each such clearing member hereby agrees that, by carrying accounts of 100% margin participants with positions in S&P GSCI™ ER Forwards, such clearing member shall be deemed by these rules, and without any further action by such clearing member, to have granted to the Clearing House a security interest in and a lien on such accounts, and all securities, cash and other assets held therein from time to time and, to the extent not included in the foregoing, all proceeds, products, revenues, dividends, interest, redemptions, distributions, profits, accessions, additions, substitutions and replacements of and to any and all of the foregoing, subject to applicable laws and regulations, until withdrawn in accordance with the preceding paragraph ("Account Collatoral"), to secure such clearing member's obligations to the Clearing House. Notwithstanding the foregoing, the clearing member shall enter into any agreements and execute any other instruments reasonably requested by the Clearing House in order to confirm or perfect such security interest, provided that it is understood and agreed that no such agreement or instrument shall be necessary in order to create such security interest, which shall exist solely by operation of these rules. If a clearing member is in default to the Clearing House, the clearing member shall take no further actions with respect to the Account Collateral pledged by it except upon the instruction or with the consent of the Clearing House, and the Clearing House shall be entitled to exercise the same rights and remedies with respect to such Account Collateral as it has with respect to performance bond collateral under Rules 802 and 820.

#### 415B05. FINAL SETTLEMENT DAY

The final settlement day shall be defined as the last business day of the contract month, or if the S&P GSCI™ ER Index is not published for that day, the first preceding business day for which the S&P GSCI™ ER Index was published.

#### 415B06. DISPUTES

All disputes between interested parties may be settled by arbitration as provided in the Rules.

#### 415B07. PAYMENT OF FEE

The Daily Fee for a cleared S&P GSCI<sup>™</sup> ER Forwards contract must be paid on a daily basis in full to the Clearing House by each long and each short Clearing Member. On every business day, the holder of each long and short position in S&P GSCI<sup>™</sup> ER Forwards will be charged one day's worth of an annual fee of 5 basis points. For every calendar day, each long and short position holder will be charged an embedded fee calculated using the following formula:

[Number of Contracts] x \$100 x [S&P GSCI™ ER Forwards Settlement Price]

x [.0005]/365] x Days

where "Days" is calculated as the number of calendar days from the current S&P GSCI<sup>TM</sup> ER Forwards clearing date to the next S&P GSCI<sup>TM</sup> ER Forwards clearing date. (End of Chapter 415B)
