**Re: Correction in Typographical Error in Soybean – Corn Intercommodity Ratio
Options
CBOT Submission No.11-186**

Chicago Board of Trade, Inc. ("CBOT" or "Exchange") hereby notifies the Commodity Futures Trading Commission ("Commission" or "CFTC") of the correction of a typographical error in CBOT Rule 10M01.C specifying the minimum fluctuation in Soybean – Corn Intercommodity Ratio Options.

The Exchange in consultation with Commission staff recently became aware of a typographical error in the Rulebook for Soybean – Corn Intercommodity Ratio Options. The minimum tick for this product is 0.0005 with a minimum tick value of \$5.00 per contract. The Rulebook incorrectly indicates that the minimum tick is 0.0005 of a cent instead of simply 0.0005. Below is a correction of this typographical error, which will be corrected shortly following this submission.

The Exchange certifies that these contract terms and conditions comply with the Commodity Exchange Act and regulations thereunder.

If you require any additional information, please contact Fred Seamon at 312-634-1587 or via e-mail at Fred.Seamon@cmegroup.com; or contact me at 212-299-2207. Please reference CBOT Submission No.11-186 in any related correspondence.

Sincerely,

/s/ Felix Khalatnikov
Director & Associate General Counsel

Deletions [~~bracketed and struck through~~].

CBOT Rulebook
Chapter 10M. Soybean – Corn Intercommodity Ratio
Options

10M01.C. Minimum Fluctuations

The premium for Soybean-Corn Intercommodity Ratio options shall be in multiples of 0.0005 [~~of a cent~~], or \$5.00 per contract.

However, a position may be initiated or liquidated in Soybean-Corn Intercommodity Ratio options at premiums ranging from \$1.00 to \$4.00, in \$1.00 increments per option contract.
