Washington, DC 20581

**RE: Regulation 40.6(a) Rule Certification. Chicago Mercantile Exchange Inc./The Board of Trade of the City of Chicago, Inc./New York Mercantile Exchange, Inc./Commodity Exchange Inc.  
Submission 12-148: Revisions to Rule 588.G.**

Dear Mr. Stawick:

Chicago Mercantile Exchange Inc. ("CME"), The Board of Trade of the City of Chicago, Inc. ("CBOT"), The New York Mercantile Exchange, Inc. ("NYMEX") and Commodity Exchange, Inc. ("COMEX") (collectively, "the Exchanges") are notifying the Commodity Futures Trading Commission ("CFTC" or "Commission") that they are self-certifying the adoption of changes to Rule 588.G. (the, "Rule") to more accurately reflect which of the Exchanges' products are subject to the non-reviewable ranges ("NRR") and bid ask reasonability allowances ("BAR") set forth therein. These changes will become effective on June 5, 2012.

Going forward, the Rule will contain links in certain product categories which will, if clicked, provide a list of all contracts in that product category that are subject to the relevant NRR and/or BAR provided in the Rule. In addition, all products listed on a Partner Exchange rather than one of the Exchanges have been removed and replaced with links to the relevant Partner Exchange rulebooks. The removal of the Partner Exchange products from the Rule is intended to clarify to the marketplace which products are listed on a CME Group Inc. ("CME Group") owned designated contract markets, while still providing an easily accessible resource to the NRR and/or BAR of all products traded on CME Globex including those of the Partner Exchanges. Please note that no changes are being made to the NRRs or BARs contained in the Rule in conjunction with this submission. Further, the changes to the placement of Partner Exchange products have been thoroughly vetted with all of CME Group's relevant Partner Exchanges.

The Global Command Center and the Legal Department collectively reviewed the designated contract market core principles ("Core Principles") as set forth in the Commodity Exchange Act ("CEA"). During the review, we have identified that the adoption of changes to the Rule may have some bearing on the following Core Principles:

- Prevention of Market Disruption: The changes will provide additional assurance to the marketplace that the Exchanges have adequate powers to prevent market manipulation and price distortions in all of their products by adjusting or canceling trades whose prices were not sufficiently correlated with the marketplace at the time of execution.

Mr. David Stawick  
Page 2  
May 18, 2012

- Availability of General Information: The changes will ensure that all terms and conditions of contracts traded on the Exchanges, including the relevant NRRs and BARs, are easily accessible by market authorities, market participants and the public. They also provide clarity on which CME Globex traded products are listed by the Exchanges versus those listed by CME Group's Partner Exchanges.

The Exchanges certify that the adoption of the changes to the Rule comply with the CEA and regulations thereunder. There were no substantive opposing views to this proposal.

The Exchanges certify that this submission has been concurrently posted on the Exchange's website at <http://www.cmegroup.com/market-regulation/rule-filings.html>.

The revisions to the Rule, with additions underscored and deletions overstruck, are contained in Appendix A below. In addition, a list of the products that can be accessed via the links in the revised Rule is contained in Appendix B below.

If you have any questions regarding this submission, please contact me at 312.930.8167 or via email at [Sean.Downey@cmegroup.com](mailto:Sean.Downey@cmegroup.com). Please reference CME/CBOT/NYMEX/COMEX Submission No. 12-148 in any related correspondence.

Sincerely,

/s/ Sean Downey  
Director & Assistant General Counsel

[20% of premium up to ¼ of the underlying futures non-reviewable range with a minimum of 1 tick](#)

### **Equity Index**

~~Equity Index (excluding DJIA)~~[Equity Index \(excluding DJIA\)](#)

The greater of the delta times the underlying futures non-reviewable range or 20% of the fair value premium up to the underlying futures non-reviewable range with a minimum reasonability of 1.00 index point

20% of premium up to ¼ of the underlying futures non-reviewable range [with a minimum of 1 tick.](#)

DJIA

The greater of the delta times the underlying futures non-reviewable range or 20% of the fair value premium up to the underlying futures non-reviewable range with a minimum reasonability of 10 index points

20% of premium up to ¼ of the underlying futures non-reviewable range [with a minimum of 1 tick.](#)

### **FX Products**

~~FX Products(CME)~~[FX Products \(CME\)](#)

The greater of the delta times the underlying futures non-reviewable range or 5% of the fair value premium up to the underlying futures non-reviewable range with a minimum reasonability of 10 ticks

20% of premium up to ¼ of the underlying futures non-reviewable range [with a minimum of 1 tick.](#)

### **Interest Rates**

~~STIR – Eurodollar and Euroyen TIBOR (CME)~~[STIR - Eurodollar and Euroyen TIBOR \(CME\)](#)

The greater of the delta times the underlying futures non-reviewable range or 20% of the fair value premium up to the underlying futures non-reviewable range with a minimum reasonability of 1 basis point

2 minimum ticks [with a minimum of 1 tick.](#)

STIR - 3-Month Overnight Index Swap (CME)

The greater of the delta times the underlying futures non-reviewable range or 20% of the fair value premium up to the underlying futures non-reviewable range with a minimum reasonability of 3 basis points

20% of premium up to ¼ of the underlying futures non-reviewable range [with a minimum of 1 tick.](#)

STIR -\_- Fed Funds (CBOT)

The greater of the delta times the underlying futures non-reviewable range or 20% of the fair value premium up to the underlying futures non-reviewable range with a minimum reasonability of 2 basis points

20% of premium up to ¼ of the underlying futures non-reviewable range [with a minimum of 1 tick.](#)

~~U.S. Treasury Futures 2, 5, and 10 Year Note (CBOT)~~[U.S. Treasury Futures 2, 5, and 10 Year Note \(CBOT\)](#)

The greater of the delta times 10/64ths or 20% of the fair value premium up to 10/64ths with a minimum reasonability of 2/64ths

20% of premium up to 2/64ths [with a minimum of 1 tick.](#)

~~U.S. Treasury Futures Ultra T-Bond and U.S. Treasury Bond (CBOT)~~[U.S. Treasury Futures Ultra T-Bond and U.S. Treasury Bond \(CBOT\)](#)

The greater of the delta times 12/64ths or 20% of the fair value premium up to 12/64ths with a minimum reasonability of 2/64ths

20% of premium up to 2/64ths [with a minimum of 1 tick.](#)

~~Interest Rate Swaps (5, 7, 10, 30 Yr)~~[Interest Rate Swaps \(5, 7, 10, 30 Yr\)](#)

The greater of the delta times the underlying futures non-reviewable range or 20% of the fair value premium up to the underlying futures non-reviewable range with a minimum reasonability of 5/64ths

20% of premium up to ¼ of the underlying futures non-reviewable range [with a minimum of 1 tick.](#)

## Metals

Gold (COMEX)

The greater of the delta times the underlying futures non-reviewable range or 20% of the fair value premium up to the underlying futures non-reviewable range with a minimum reasonability of \$2.00

20% of premium up to ¼ of the underlying futures non-reviewable range with a minimum of 1 tick.

Gold Volatility Index (COMEX)

The greater of the delta times the underlying futures non-reviewable range or 20% of the fair value premium up to the underlying futures non-reviewable range with a minimum reasonability of \$.20

20% of premium up to ¼ of the underlying futures non-reviewable range with a minimum of 1 tick.

Silver (COMEX)

The greater of the delta times the underlying futures non-reviewable range or 20% of the fair value premium up to the underlying futures non-reviewable range with a minimum reasonability of \$.05

20% of premium up to ¼ of the underlying futures non-reviewable range with a minimum of 1 tick.

Copper (COMEX)

The greater of the delta times the underlying futures non-reviewable range or 20% of the fair value premium up to the underlying futures non-reviewable range with a minimum reasonability of \$.01

20% of premium up to ¼ of the underlying futures non-reviewable range

~~Housing Price Index~~

~~Real Estate~~

~~The greater of the delta times the underlying futures non-reviewable range or 20% of the fair value premium up to the underlying futures non-reviewable range with a minimum reasonability of 1.00 index point~~

~~20% with a minimum of premium up to ¼ of the underlying futures non-reviewable range~~

## Real Estate

Housing Price Index

The greater of the delta times the underlying futures non-reviewable range or 20% of the fair value premium up to the underlying futures non-reviewable range with a minimum reasonability of 1.00 index point

1 tick.

20% of premium up to ¼ of the underlying futures non-reviewable range with a minimum of 1 tick.
