Re: International Derivatives Clearinghouse, LLC
Reference File: IDCH-2011-01-CORRECTION

Ladies and Gentlemen:

On June 8, 2011, International Derivatives Clearinghouse, LLC ("IDCH"), a derivatives clearing organization registered under the Act, submitted self-certification (IDCH-2011-01) to amend its Rules and Risk Management Procedure in accordance with Section 40.6 of the regulations promulgated by the Commodity Futures Trading Commission (the "CFTC Rules") under the Commodity Exchange Act, as amended (the "Act"). The date of implementation of those amendments was June 10, 2011.

IDCH is submitting this correction to IDCH-2011-01 to correct a typographical error, which stated that IDCH was amending Rule 1101 to specify that the minimum Notional Principal that will be accepted for clearing is \$100,000 with minimum increments of \$1.00. Under Rule 1101, the minimum Notional Principal that will be accepted for clearing is \$1,000,000 with minimum increments of \$1.00. The corrected text of the rule, marked to show deletions and additions, is set forth below:

Rule 1101. IDEX USD Interest Rate Swaps

...

Notional Principal: The Notional Principal is used to calculate the individual interest payments; it must be common for both legs of the Contract at all times throughout the life of the transaction. The minimum notional that will be accepted for clearing is \$1,000,000.00, ~~but there will be no~~with a minimum incremental restriction ~~of \$1.00.~~

There were no opposing views among IDCH's Board of Directors, Clearing Members or market participants. IDCH hereby certifies that this amendment, as corrected, complies with the Act and the CFTC Rules.
