CONTRACTS

IX-1 Contract Specifications

Each Contract will meet such specifications, and all trading in such Contract will be subject to such procedures and requirements, as set forth in the rules governing such Contract.

IX-2 Contract Modifications

The specifications for, and the procedures and requirements for trading, any Contract may not be modified in any respect without the prior approval of the Exchange.

IX-3 Contract Rules

(a) General Terms:

(i) *Notice of Intent to Deliver.* Where delivery requires a Notice of Intent to Deliver, such notice shall be given to the Clearinghouse in the form and manner specified by the Clearinghouse by the cut-off time specified by the Rules or by the Clearinghouse from time to time on the second business day preceding delivery days.

(ii) *Invoice Dispute.* In the event the long Clearing Privilege Holder does not agree with the terms of the invoice received from the short Clearing Privilege Holder, the long Clearing Privilege Holder must notify the short Clearing Privilege Holder, and the dispute must be settled by 9:30 a.m. on the delivery day.

(iii) *Wire Failure.* In the event that delivery cannot be accomplished because of a failure of the Federal Reserve wire, or because of a failure of either the long Clearing Privilege Holder's bank or the short Clearing Privilege Holder's bank to access the Federal Reserve wire, delivery shall be made before 9:30 a.m. on the next business day on which the Federal Reserve wire, or bank access to it, is operable. In the event of such failure, the short Clearing Privilege Holder making delivery shall remit to the long Clearing Privilege Holder taking delivery such interest on the U.S. Treasury notes being delivered as accrues between the day on which the notes were originally to be delivered and the day on which the notes are actually delivered. Both the long Clearing Privilege Holder and the short Clearing Privilege Holder must provide to the Exchange documented evidence that they gave

(iv) *Qualified Bank*. For purpose of this Rule IX-3, the term "qualified bank" shall mean a U.S. commercial bank (either Federal or State charter) that is a member of the Federal Reserve System and that has capital (capital, surplus and undivided earnings) in excess of one hundred million dollars (\$100,000,000).
