**RE: Rule 40.6(a) Certification: Correction of Position Limit Table for Dow Jones - UBS Roll Select Commodity Index Futures Contract
CBOT Submission No. 13-274**

Dear Ms. Jurgens:

The Board of Trade of the City of Chicago, Inc. ("CBOT" or the "Exchange"), pursuant to Commission Regulation 40.6(a), hereby notifies the Commodity Futures Trading Commission ("CFTC" or "Commission") that it is self-certifying a correction to the position limit table at the end of CBOT Rule Chapter 5 as it relates to the Dow Jones - UBS Roll Select Commodity Index Futures contracts ("Roll Select Futures"). The Exchange plans to make this correction effective on July 27, 2013.

By CBOT Submission No. 13-232, dated June 12, 2013, CBOT notified the Commission it was listing the Roll Select Futures for trading on Globex and for submission for clearing through CME ClearPort for trading date Monday, June 17, 2013. The explanatory text and contract specifications in Submission No. 13-232 described single month and all month combined position limits of 52,000 contracts. However, the spreadsheet table attached as Appendix D to Submission No. 13-232 erroneously depicted position accountability levels, rather than position limits, in those amounts. The Exchange is now self-certifying a correction to the table so that the intended positions limits will apply to the Roll Select Futures. There is no open interest in any of the listed contract months. Please see Appendix 1, attached under separate cover, for the amendments to the CBOT Rulebook Chapter 5 position limit table.

The Market Regulation Department and the Legal Department collectively reviewed the designated contract market core principles ("Core Principles") as set forth in the Commodity Exchange Act ("Act"). During the review, we have identified that the correction may have some bearing on the following Core Principle:

- Availability of General Information: As required by this Core Principle, the position limit table will be updated and made publicly available in order to ensure that affected market participants have correct information concerning the position limits and position accountability levels applicable to the Roll Select Futures.

The Exchange hereby certifies that this correction complies with the Act and applicable CFTC Regulations thereunder. The Exchange is not aware of any substantive opposing views.

The Exchange certifies that this submission has been concurrently posted on its website at <http://www.cmegroup.com/market-regulation/rule-filings.html>.
