**Re: Rule Certification. Notification of Administrative Amendments to Chapter 5, Position Limit, Position Accountability and Reportable Level Table of the NYMEX Rulebook for Three (3) Petroleum Contracts
NYMEX Submission #11-271**

Dear Mr. Stawick:

The New York Mercantile Exchange, Inc. ("NYMEX" or "Exchange") is notifying the Commodity Futures Trading Commission ("CFTC" or "Commission") that it is self-certifying administrative amendments to the Position Limit, Position Accountability and Reportable Level Table located in the Interpretations and Special Notices Section of Chapter 5 of the NYMEX Rulebook. One amendment is intended to correct a typographical error in the expiration month position limit for the Gasoil 0.1% (Platts) Cargoes CIF NEW Crack Spread (1000 mt) Swap Futures contract to reflect the correct limit of 150/2,000.

The Exchange is also notifying the CFTC that it is self-certifying an amendment to the Position Limit Table in Chapter 5 of the NYMEX Rulebook in order to correct an inconsistency in the all month accountability level for the Gasoil Crack Spread Average Price Option. The adjusted level of 1,500/20,000 correctly reflects the all month accountability level of the individual legs of the spread option.

In addition, the Exchange is also notifying the CFTC that it is self-certifying an amendment to the Position Limit Table in Chapter 5 of the NYMEX Rulebook in order to correct a typographical error in the aggregation allocation for the Ethanol (Argus) T2 FOB Rdam Including Duty Swap Futures. The aggregation allocation is being corrected to reflect that the contract aggregates into itself (YE).

Pursuant to Section 5c(c) of the Commodity Exchange Act ("Act") and CFTC Rule 40.6, the Exchange hereby certifies that the attached rule amendments comply with the Act, including regulations under the Act. There were no substantive opposing views to this proposal. These changes will be made effective on trade date Friday, July 15, 2011.
