**Re: Commission Regulation 40.2(a) –  
Certification of Precious Metals Options Contract**

Dear Ms. Jurgens:

GFI Swaps Exchange LLC (“GFI”) hereby notifies the Commodity Futures Trading Commission (the “Commission”), pursuant to Commission Regulation 40.2(a), that it is certifying a precious metals options contract (“Precious Metals Option”) for trading on GFI’s electronic trading platform (the “Trading Platform”).

As provided in Commission staff letter No. 13-60, GFI will list the Precious Metals Option no earlier than the date of this certification.

This submission letter contains the following attachments:

- The submission cover sheet.
- Attached as Exhibit A, a concise explanation and analysis of the contract.
- Attached as Exhibit B, a copy of the Precious Metals Option rules, which will be published as contract specifications on GFI’s website in accordance with GFI Rule 1101.
- Attached as Exhibit C, a concise explanation and analysis of the contract’s compliance with applicable provisions of the Commodity Exchange Act (the “CEA”), including the Core Principles, and the Commission’s Regulations thereunder.

GFI certifies that the Precious Metals Option complies with the CEA and Commission Regulations thereunder. GFI additionally certifies that it has concurrently posted a copy of this submission letter and attachments hereto on GFI’s website.

Daniel E. Glatter  
Vice President and Assistant Secretary  
GFI Swaps Exchange LLC

Enclosure

## **Exhibit A**

Below is a concise explanation and analysis of Precious Metals Options:

A Precious Metals Option is a derivative financial instrument that gives one party the right, but not the obligation, to buy or sell a specific quantity of precious metal at a pre-arranged price on a specified date. Each Precious Metals Option can be either American or European in style. The buyer pays a premium to the option seller.

For more information, the contract specifications for Precious Metals Options are attached as Exhibit B.

## Exhibit B

# GFI Contract Specifications

---

The terms and conditions of the Precious Metals Options incorporate by reference such credit and other terms as the parties may establish through their pre-existing bilateral agreement. The Precious Metals Options have the following characteristics:

<b>Contract Overview</b>	A precious metals option contract represents an option to assume a short or long position in the underlying precious metals contract at the strike price.
<b>Reference Commodities</b>	<ul style="list-style-type: none"><li>• Gold</li><li>• Silver</li><li>• Palladium</li><li>• Platinum</li></ul>
<b>Contracts on Reference Commodities</b>	<ul style="list-style-type: none"><li>• NYMEX Palladium</li><li>• NYMEX Platinum</li><li>• COMEX Gold</li><li>• COMEX Silver ICE Gasoil (Monthly)</li></ul>
<b>Trade Date</b>	The date on which the parties enter into the options contract.
<b>Option Style</b>	<p><u>European Style</u>: A European style option allows the holder to exercise the option only at the expiration date, i.e. a single pre-defined point in time.</p> <p><u>American Style</u>: An American Style option allows the owner to exercise the option at any time before the expiration date.</p>
<b>Call Currency</b>	Currency for call option.
<b>Put Currency</b>	Currency for put option.
<b>Strike Price</b>	The price at which an investor can exercise an option.
<b>Expiration Date</b>	The date on which the option contract expires.
<b>Expiration Time</b>	The time at which the option contract expires.
<b>Settlement Date</b>	The date on which the option settles.
<b>Settlement Type</b>	Cash settlement.
<b>Premium</b>	Premium amount expressed in the premium currency.
<b>Premium Currency</b>	Currency in which the option premium is expressed.
<b>Premium Date</b>	The date on which the premium amount is due.
<b>Quoting Convention and Minimum Increment</b>	Notional amount, agreed by the counterparties.
<b>Minimum Size</b>	Notional amount, agreed by the counterparties.
<b>Notional Currency</b>	Currency in which the contract size is expressed.

## **Exhibit C**

GFI has determined that the Precious Metals Option certified herein bear upon the following Core Principles:

### **Core Principle 2 – Compliance with Rules**

Trading in Precious Metals Options will be subject to the GFI Rulebook (the “Rules”), which prohibits abusive trading practices, including: acts detrimental to GFI (Rule 522) or that are inconsistent with just and equitable principles of trade (Rule 510), fraudulent acts (Rule 511), fictitious or non-competitive transactions (Rule 512), market manipulation (Rule 515), disruptive trading practices (Rule 516), misstatements (Rule 521), wash sales (Rule 531) and pre-negotiated or non-competitive trades, including money passes (Rule 533). Trading in these Swaps will also be subject to Rules relating to protection of customers. *See* Rules 525-528.

As with all Swaps listed for trading on the Trading Platform (as such terms are defined in the GFI Rulebook), trading activity in Precious Metals Options will be subject to monitoring and surveillance by GFI’s Compliance Department. GFI has the authority to exercise its investigatory and enforcement power where potential Rule violations are identified. *See* Chapter 7 of the Rules.

Pursuant to Rule 601(a)(i), each swap executed as a block trade must be for the quantity that is equal to or in excess of the applicable minimum block size for such swap set forth in Commission Regulations.

### **Core Principle 3 – Swaps Not Readily Susceptible to Manipulation**

A precious metals option is a derivative financial instrument that gives one party the right, but not the obligation, to buy or sell a precious metals contract at a pre-arranged price on a specified date. A precious metals contract is a cash settled agreement between two counterparties whereby one counterparty agrees to pay a fixed amount to the other counterparty on a given date, and in exchange the second counterparty will pay a floating amount to the first counterparty on the same given date. The fixed amount paid is determined based on the notional quantity traded and the price of the reference commodity.

The price of each reference commodity is determined through an open and competitive price discovery process on a contract market designated by the Commission. Each reference commodity also has the following characteristics: (i) it is derived from a cash market that has considerable depth and liquidity resulting from the involvement of numerous institutional participants; (ii) it is commonly used in the swap markets; (iii) information about the reference commodity is publicly and readily available; and (iv) many active participants in the relevant cash market are entities that are subject to regulation.

### **Core Principle 4 – Monitoring of Trading and Trade Processing**

Chapter 5 of the Rules prohibits traders from manipulating, distorting the price of, and disrupting the cash settlement process of the Swaps. Such Rules are enforced by the Compliance Department.

## **Core Principle 5 – Ability to Obtain Information**

Pursuant to the Rules, GFI will have the ability and authority to obtain sufficient information for each Precious Metals Option to allow GFI to fully perform its operational, risk management, governance and regulatory functions and requirements under Part 37 of Commission Regulations.

## **Core Principle 6 – Position Limits or Accountability**

Rule 536 allows GFI to adopt position accountability levels for Required Transactions. Persons with positions in excess of position accountability levels established by GFI will be required to provide, upon request by GFI, information about their positions in excess of the relevant position accountability threshold and consent to halt any further increases in those positions. GFI's Rules relating to position limits, position accountability levels and aggregation standards are provided below:

### **535. Position Limits; Exemptions**

(a) The Company may establish position limits for one or more Swaps, and grant exemptions from position limits, in accordance with CFTC Regulations. A Person seeking an exemption from position limits must apply to the Market Regulation Department in the form and manner required by the Company.

(b) A Person intending to exceed position limits, including limits established pursuant to a previously approved exemption, must file the required application and receive approval from the Company prior to exceeding such limits. Notwithstanding the foregoing, a Person who establishes an exemption-eligible position in excess of position limits and files the required application with the Company shall not be in violation of this rule provided the filing occurs within one Business Day after assuming the position. In the event the positions in excess of the limits are not deemed to be exemption eligible, the applicant will be in violation of speculative limits for the period of time in which the excess positions remained open.

(c) The Company shall, on the basis of the application and any requested supplemental information, determine whether an exemption from position limits shall be granted. The Company may approve, deny, condition or limit any exemption request based on factors deemed by the Company to be relevant, including, but not limited to, the applicant's business needs and financial status, as well as whether the positions can be established and liquidated in an orderly manner. A Person that has received an exemption from position limits pursuant to this Rule 535 shall be deemed to have agreed:

- (i) to comply with all terms, conditions or limitations imposed by the Company with respect to the exemption;
- (ii) that the Company may modify or revoke the exemption at any time;
- (iii) to initiate and liquidate positions in an orderly manner; and

(iv) to promptly submit a supplemental statement to the Company whenever there is a material change to the information provided in the most recent application.

(d) A Participant shall not be in violation of this Rule if it carries positions for its Customers in excess of the applicable position limits for such reasonable period of time as the firm may require to discover and liquidate the excess positions. For the purposes of this Rule, a reasonable period of time shall generally not exceed one Business Day. A Customer who exceeds the position limits as a result of maintaining positions at more than one Participant shall be deemed to have waived confidentiality regarding his positions and the identity of the Clearing Firm(s) at which they are maintained. A Participant carrying such positions shall not be in violation of this Rule if, upon notification by the Company, it liquidates its pro-rata share of the position in excess of the limits or otherwise ensures the Customer is in compliance with the limits within a reasonable period of time.

(e) Nothing in this Rule 535 shall in any way limit:

(i) the authority of the Company to take emergency action; or

(ii) the authority of the Company to review at any time any position owned or controlled by any Person and to direct that such position be reduced to the applicable position limit.

(f) A Person who has received written authorization from the Company for an exemption from position limits must annually file an updated application on or before the date that is one year following the approval date of the most recent application. Failure to file an updated application shall result in expiration of the exemption.

(g) No Person shall exceed position limits that may be established by the Company or the CFTC, unless an exemption is granted by the Company. Any Person making a bid or offer that would, if accepted, cause such person to exceed the applicable position limits shall be in violation of this Rule.

#### **536. Position Accountability**

(a) The Company shall establish position accountability levels for Required Transactions unless the Company has previously established position limits pursuant to Rule 535. A Person who holds or controls aggregate positions in excess of position accountability levels shall:

(i) provide, in a timely manner upon request by the Company, information regarding the nature of the position, trading strategy, and hedging information, if applicable;

(ii) be deemed to have consented, when so ordered by the Company, not to further increase the positions which exceed such position accountability levels; and

(iii) initiate and/or liquidate such positions in an orderly manner.

(b) For purposes of this Rule 536, all positions in accounts for which a Person, by power of attorney or otherwise, directly or indirectly controls trading shall be included with the positions held by such Person. The provisions of this rule shall apply to positions held by two or more Persons acting pursuant to an expressed or implied agreement or understanding, the same as if the positions were held by or the trading of the positions was controlled by a single Person.

#### **537. Aggregation of Positions**

For purposes of Rule 535 and Rule 536, positions in Swaps shall be aggregated in accordance with CFTC Regulations.

#### **Core Principle 7 – Financial Integrity of Transactions**

All Swaps that are required to be cleared pursuant to Section 2(h) of the CEA or that are voluntarily cleared by the counterparties will be submitted for clearing through a DCO. *See* Rule 1002.

#### **Core Principle 9 – Timely Publication of Trading Information**

In accordance with Part 16 of Commission Regulations, GFI will publish daily market volume data reports for each Swap (or class of Swap) in terms of notional value. In addition, GFI will publish for each trading day, by tenor of the Swap, the opening price and the high and low prices. GFI will publish a settlement price for each such Swap except that, in the case of swaps listed for clearing by a DCO, the applicable settlement price will be the settlement price established by the DCO and GFI's website will contain a hyperlink to the relevant settlement information. *See* Rule 407.

GFI will submit electronic reports of all primary economic terms data for each Swap to a registered swap data repository immediately following execution of such Swap. *See* Rule 528. All such reports will meet the standards set out in Commission Regulation 45.3, including the requirement to produce a unique swap identifier for each transaction. GFI will also issue confirmations of transactions pursuant to Rule 525.

**Re: Commission Regulation 40.2(a) –  
Certification of European Power Swap**

Dear Ms. Jurgens:

GFI Swaps Exchange LLC (“GFI”) hereby notifies the Commodity Futures Trading Commission (the “Commission”), pursuant to Commission Regulation 40.2(a), that it is certifying a European power swap (“Swap”) for trading on GFI’s electronic trading platform (the “Trading Platform”).

As provided in Commission staff letter No. 13-60, GFI will list the Swap no earlier than the date of this certification.

This submission letter contains the following attachments:

- The submission cover sheet.
- Attached as Exhibit A, a concise explanation and analysis of the Swap.
- Attached as Exhibit B, a copy of the Swap’s rules, which will be published as contract specifications on GFI’s website in accordance with GFI Rule 1101.
- Attached as Exhibit C, a concise explanation and analysis of the product’s compliance with applicable provisions of the Commodity Exchange Act (the “CEA”), including the Core Principles, and the Commission’s Regulations thereunder.

GFI certifies that the Swap complies with the CEA and Commission Regulations thereunder. GFI additionally certifies that it has concurrently posted a copy of this submission letter and attachments hereto on GFI’s website.
