Re: **Amendments to Rule 27.09 -
Submission Pursuant to Section 5c(c)(1) of the Act and Regulation 40.6**

Dear Mr. Stawick:

Pursuant to Section 5c(c)(1) of the Commodity Exchange Act, as amended, and Commission Regulation 40.6, ICE Futures U.S., Inc. ("Exchange") submits, by written certification, amendments to Rule 27.09, attached as Exhibit A.

Rule 27.09 requires each individual user with direct access, each employee of a clearing member or firm with direct access and each automated trading system to have a unique identification assigned to him or it so that the Exchange and the Commission can identify who or what pushed the button when entering orders into the ICE electronic platform. These users or systems are defined as "Registered Operators".

The amendments to Rule 27.09(c) will require each user with direct access and each clearing member to file information regarding each Registered Operator for whom it authorizes direct access to the platform. The required information will be filed in accordance with the method and format provided by the Exchange and will include such items as the Registered Operator's name, employer, email address and telephone number.

The Exchange certifies that the amendments comply with the requirements of the Commodity Exchange Act and the rules and regulations promulgated thereunder.

The amendments were adopted by the Exchange's Board of Directors on October 6, 2010. The amendments will become effective on November 29, 2010. No substantive opposing views were expressed by members or others with respect to the new rules and rules amendments.
