**RE: Modifications to the Grain and Oilseed Futures Volume Incentive Program
CBOT/KCBT Submission No. 13-484**

Dear Ms. Jurgens:

Board of Trade of the City of Chicago, Inc. ("CBOT") and the Board of Trade of Kansas City, Missouri, Inc. ("KCBT") (collectively, the "Exchanges") hereby notify the Commodity Futures Trading Commission ("CFTC" or "Commission") that they plan to modify the Grain and Oilseed Futures Volume Incentive Program ("Program"). The proposed modifications to the Program will become effective on January 2, 2014.

Modifications to Exhibit 1 are set forth below with additions underscoring and deletions ~~overstruck~~.

The Exchanges reviewed the designated contract market core principles ("Core Principles") as set forth in the Commodity Exchange Act ("CEA"). During the review, the Exchanges' staff identified the following Core Principles as potentially being impacted: Prevention of Market Disruption, Execution of Transactions, Protection of Market Participants, and Compliance with Rules.

The Program and proposed modifications will not impact the Exchanges' ability to perform their trade practice and market surveillance obligations under the CEA and the Exchanges' market regulation staff will monitor trading in the Program's products to prevent manipulative trading and market abuse. Additionally, the Exchange has implemented systems to track Program participants' obligations under the Program to ensure proper distribution of earned incentives. The incentives in the Program do not impact the Exchange's order execution. Participants in the Program will be selected by Exchanges' staff using criteria as further stated in Exhibit 1. Chapter 4 of the CBOT rules includes prohibitions against fraudulent, non-competitive, unfair or abusive practices. All participants must execute a contractual agreement with the Exchanges in which each participant will expressly agree to comply with and be subject to, applicable regulations and rules. The Program is subject to the Exchanges' record retention policies which comply with the CEA.

The Exchanges certify that the proposed Program complies with the CEA and the regulations thereunder. There were no substantive opposing views to this Program.

The Exchanges certify that this submission has been concurrently posted on the Exchanges' website at <http://www.cmegroup.com/market-regulation/rule-filings.html>.
