**RE: Implementation Date for Reduced Strike Price Intervals in Corn,
Soybean, and Soybean Meal options.
CBOT Submission No. 10-364R**

Dear Mr. Stawick:

On December 6, 2010, the Chicago Board of Trade, Inc. ("CBOT" or "Exchange") self-certified notification of amendments to the rules governing when reduced interval strike prices are added to Corn, Soybean, and Soybean Meal options (Submission No. 10-364). Implementation was planned for 12/27/2010. However, due to testing and change control requirements for implementing these changes, implementation with respect to Soybean Meal Options, is being delayed until trade date 01/10/2011.

February 2011 Soybean Meal serial options will receive reduced interval strike prices (\$5 per ton) on 01/10/2011 rather than 12/27/2010. Implementation in Corn and Soybean options will not be affected, with the May 2011 Corn and Soybean option expirations still scheduled to receive reduced strikes on 01/24/2011.

The Exchange certifies that this action complies with the Commodity Exchange Act and regulations thereunder.
