**RE: Listing of Sixteen Additional March Quarterly Cycle Russian Ruble  
Futures Contract Months for Trading on CME Globex®  
CME Submission 07-108**

Dear Mr. Stawick:

Chicago Mercantile Exchange Inc. ("CME" or "Exchange") hereby notifies the Commission that by rule certification and authority delegated by the CME Group Board of Directors to Exchange staff, effective on Sunday, January 20, 2008, for the trade date of Monday, January 21, 2008, CME will list for trading on CME Globex sixteen additional Russian ruble futures contract months in the March, June, September and December quarterly cycle so that a total of 20 contract months will always be listed for trading (*i.e.*, maturities out five years). The Exchange is responding to customer interest in trading more deferred contract months in the Russian ruble futures. Russian ruble options listings are unchanged.

Appendix 1 illustrates the new Russian ruble futures listed months. A new Russian ruble futures contract month not yet listed will be added for trading on the business day following the termination of trading for the nearby contract month. Therefore, on Tuesday, March 18, 2008, the business day following the Monday, March 17, 2008, termination for the nearby March 2008 Russian ruble futures contract month, CME will list the March 2013 Russian ruble futures contract month for trading. CME shareholder/members will be notified of this action in CME Group Special Executive Report, S-4651, dated Tuesday, December 18, 2007. The Exchange notes that this action neither violates nor is inconsistent with any provision of the Commodity Exchange Act or of the rules there under. There were no substantive opposing views to this proposal.

Sincerely,
