Dear Mr. Stawick:

Chicago Mercantile Exchange Inc. ("CME" or "Exchange") hereby notifies the Commission of a revision to the initial listings for trading for the new CME European-style exercise Australian dollar options on futures contracts. In CME Submission No. 08-173, CME provided on page 3 of that submission, the contract expirations that would be listed for trading on Sunday, December 21, 2008, for the European-style Australian dollar options on futures. The Exchange has decided not to list the December 26, 2008 and January 2, 2009, weekly options expirations. We are providing in this submission an updated list and table of the initial contract listings for this new options contract.

Therefore, trading will be initiated on Sunday, December 21, 2008, at 3:00 p.m. (1) on CME Globex for the trade date of Monday, December 22, 2008, and (2) on the open outcry trading floor on Monday, December 22, 2008. The first expiration will be the January 2009 serial month European-style Australian dollar options on futures contract month expiration on Friday, January 9, 2009. The first weekly expirations now become Week 3 – Friday, January 16, 2009 and Week 4 – Friday, January 23, 2009. The first March quarterly cycle European-style Australian dollar options on futures contract month expiration will be March 2009, on Friday, March 6, 2009.

**Initial Contract Months Listed for the Trading Date of Monday, December 22, 2008**

Options: To commence trading in the contract, the initial Week 4 – 12/26/08 and Week 1 – 1/2/09 expirations will not be listed for trading. Therefore, the initial expirations will be the Jan. 2009 serial, Week 3 – 1/16/09, Week 4 – 1/23/09, Feb. 2009 serial, Mar. 2009, Jun. 2009, Sep. 2009, Dec. 2009 quarterly contract months.
