Response:

NGX's membership agreement, trading participant agreement, clearing agreement, terms and conditions of contracts and exchange rules are contained in a unified Standard Contracting Party's Agreement ("CPA").¹ The CPA is the standard form agreement between NGX and each market participant with access to the NGX Trading System and the NGX Clearing System. The CPA is a holistic document that governs the relationship between NGX and all market participants. The CPA is included in this combined exhibit.

In addition, as discussed in Exhibit A-1, NGX provides electronic trading, central counterparty clearing and data services to the North American natural gas and electricity markets traded through the ICE trading platform pursuant to an Agreement for Services of which both NGX and ICE are signatories. The ICE Services Agreements are included in this combined exhibit.²
