**RE: Euro Deliverable Swap Future Market Making Program ("EUR DSF")
CBOT Submission No. 14-067**

Dear Ms. Jurgens:

The Board of Trade of the City of Chicago, Inc. ("CBOT" or "Exchange") hereby notifies the Commodity Futures Trading Commission ("CFTC" or "Commission") that it plans to implement the Euro Deliverable Swap Future Market Making Program ("Program"). The Program will become effective on April 14, 2014.

Exhibit 1 sets forth the terms of the Program.

The Exchange reviewed the designated contract market core principles ("Core Principles") as set forth in the Commodity Exchange Act ("CEA"). During the review, CBOT staff identified the following Core Principles as potentially being impacted; Execution of Transactions, Protection of Market Participants, Contracts Not Readily Subject to Manipulation, Recordkeeping, and Compliance with Rules.

The Program will not impact CBOT's ability to perform its trade practice and market surveillance obligations under the CEA. CBOT's market regulation staff will monitor all trading in the Program's products to prevent manipulative trading and market abuse. The Program does not impact CBOT's order execution. Market participants that meet the criteria described in Exhibit 1 shall be entitled to participate. CBOT rules include prohibitions against fraudulent, non-competitive, unfair or abusive practices. The Program is subject to these rules. The Program is subject to recordkeeping requirements that comply with the CEA.

The Exchange certifies that the Program complies with the CEA and the regulations thereunder. There were no substantive opposing views to this Program.

The Exchange certifies that this submission has been concurrently posted on the CME Group website at <http://www.cmegroup.com/market-regulation/rule-filings.html>.
